NEW YORK

NEW YORK (AP)—The stock market made its 1966, debut Monday with a scrambled pattern, highlighted by strength in coppers and aerospace issues and weakness in steels.

Volume was dampened by the New York transit strike. Turnover of 5,950,000 shares compared with 7,250,000 Friday, a year - end session. A week ago Monday, 5,970,000 shares changed hands.

Bethlehem and Inland Steel were targets of selling because their price increase for structural steel drew fire not only from U.S. government economists but also from Defence Secretary McNamara, who directed government orders for structural steel away from any firm which raised prices.

Coppers advanced as prices for the metal were boosted in Africa and Chile.

The Dow Jones industrial average took a small loss of .72 at 968.54. The Associated Press averages of 60 stocks edged up .2 to a new closing high of 358.7 with industrials down .1, rails up .6 and utilities down .1.

Standard and Poor's broad, 500-stock index dropped .25 to 92.18.

Of 1,395 issues traded, gainers outnumbered losers by 630 to 547. New highs for 1965-66 totalled 58 and new lows 7. Eight of the 15 most active stocks rose, five fell and two were unchanged.

Inland Steel dropped 1½ and Bethlehem ended with a decline of ½. U.S. Steel, sitting on the fence, lost ⅜, Armco ½, Republic ¼, Jones and Laughlin · Lueksn rose .

Among coppers, Anaconda spurted 3½ and Kennecott 1⅛ while Cerro, Magma and Phelps Dodge were content with fractional gains.
