TORONTO

TORONTO (CP) — The stock market came up with a moderate advance Monday amid heavier-than-usual trading.

The final volume of 5,152,000 shares wasn't as heavy as Friday's 8,247,000—the biggest total in four months—but it was heavier than most sessions in the last four months.

Golds touched a two-year index-high at 2 p.m. and then closed a little lower, still retaining a half point gain.

Base metals advanced a bit more than a half point on their index while western oils couldn't get an index-gain but managed to cut an early loss to lsss than a quarter of a point.

Senior mines were featured by a five-point jump to 89½ by McIntyre in the gold list. Other changes were less than a point. Low-priced mines moved in a 20-cent range.

Speculative stocks, especially Northcal, Southern Union, Petrol and New Mylamaque, were not as active as on Friday but they did account for a large portion of the final volume. Gains were generally small.

Index changes: Golds up .48 to 86.66; base metals up .59 to 178.81; western oils off 14 to 135.44.
