New York Stocks

NEW YORK (AP)—A headlong advance in the stock market Friday carried prices strongly toward the old peaks of 1929.

The Associated Press average of 60 stocks rose $1.20 to $147.50, its highest point since Oct. 11, 1929, when it was $147.90.

Oils, steels, and railroads were in heavy demand Friday. Chemicals were strong. A great number of individual issues joined the rise with explosive gains.

Montgomery Ward made a sensational showing after directors boosted the regular dividend to a $3 annual basis from $2 and increased the year-end extra to $1.75 from $1.50.

The stock sold at 73 up ½, and then trading was halted while members and governors of the New York stock exchange sought to bring buyers and sellers together at a price.

It took more than an hour and a quarter to do that, and just before the bell the stock reopened on a block of 20,000 shares up 3½ at 76. Afterward it was bid at 75¾ and offered for sale at 76⅛.

Volume came to 3,010,000 shares, the 10th straight session of 3,000,000 or better.

New York Central was the day's most active issue up ½ at 25¼. Among heavy gainers were Zenith Radio up 4⅞ at 93⅞, Union Pacific up 3¾ at 150, Standard Oil (NJ) up 2¾ at 107⅝, Du Pont 3⅜ at 158 and Bethlehem Steel up 2⅛ at 97.

Canadian stocks were mixed. McIntyre was up 1½, International Nickel rose ⅞ and Canadian Pacific gained ¼. Dome Mines slipped ⅛ and Hiram Walker and Distillers Seagram lost ¼.

Lake Shore gained ⅛ and Royalite Oil added ⅝ on the American stock exchange. Giant Yellowknife, the remaining Canadian issue, was unchanged.

Toronto Stocks

TORONTO (CP) — The stock market continued to climb Friday but profit-taking cut down the size of the advance.

International Nickel led senior base-metal strength, closing at a 1954 high of $57 for an 87½—cent climb. East Sulliven ended off 10 cents after touching $5.90.

Western oils ended narrowly ahead. Sullivan touched $4.80 and ended up 25 cents to lead gold strength.

Some low-priced mines were active and pushed the day's volume to 5,386,000 shares, about 1,000,000 more than Thursday. Faraday featured uraniums, touching $2.05 and closing up 52 cents on the day after the company reported on drilling in the Bancroft, Ont., region.

Bonville and Avillabonna moved well up after underwritings. Goldhawk touched 36 cents on rumors it plans to acquire holdings in the Tashota copper area of northern Ontario.
