NEW YORK

NEW YORK (AP)—The stock market spurted ahead Wednesday in what some brokers called a traditional year-end rally.

The gain more than made up the losses suffered Monday and Tuesday, and came on the next to last trading session of the year.

The gold issues led the parade. Some sources attributed this strength to prediction on television that the price of gold will rise.

American South African and Dome Mines hit new highs for the year. Another mining issue, Bengueul, led the most active list.

The Dow Jones average of 30 industrials climbed 6.51 to 868.69. The Associated Press average of 60 stocks rose 2.0 to 322.6.

Volume soared to 5,590,000 shares from 4,450,000 Tue:day.

Benguet gained ¼ to 1¾ on 374,600 shares. Brunswick, up ⅝ to 9¼ on 144,700 shares, was second most active.

Canadian gainers were led by Canadian Pacific, which finished a full point ahead. International Nickel jumped ⅝ and Dome Mines ½. McIntyre Porcupine lost ⅜.

Prices advanced on the American Stock Exchange where 1,590,000 shares were traded compared with 1,660,000 Tuesday. Preston Mines gained ⅜ and Canadian Javelin and Brazilian Traction ⅛.

TORONTO

TORONTO (CP)—Gold stocks were in demand on the stock exchange Wednesday as prices moved sharply higher. Trading improved on the upswing.

The gold index, a 12-stock measurement of the group's health, was ahead 7.53 points to 183.82, a record level, at 2 p.m. However, late profit-taking cut gains in some issues by as much as half. At the close the index was ahead 5.23 at 181.52.

Brokers attributed the activity to persistent speculation that the price of the metal will be increased from its fixed rate of $35 (U.S.) an ounce. The price was pegged by the U.S. government in 1934.
