in suburban Pittsburgh, which have been idle since last June, for possible resumption of operations next month or early April.

Meanwhile, profit-taking hit some recent favorites, including Chrysler, which was down sharply.

The over-all advance in the market was clipped by some late selling but, even so, The Associated Press average of 60 stocks was back to the level of late March 1962, before the market began to crack seriously prior to the dramatic plunge in the spring.

The AP 60-stock average rose 1 to 259.7.

The Dow Jones industrial average gained 3.14 at 684.86.

VOLUME CLIMBS

Volume climbed to 5,640,000 shares from Wednesday's 4,960,000 and was the biggest since Dec. 5 when 6,280,000 shares were traded.

Rails, having topped their 1961 peak in Wednesday's trading, continued to draw speculative demand. Chemicals and airlines also moved ahead very well but some steels were mixed as many other groups look ragged.

Chrysler was off 3¾ at 91¾ on 131,700 shares.

U. S. Steel was the most active in its section, rising 1⅝. Youngstown Sheet gained 2¼, Lukens 1⅝, Jones and Laughlin 1¼, and Colt Bethlehem ⅞.

Actively traded U.S. Smelting also ran into profit taking on the huge advance and fell ¼.

Gaining ½ apiece among Canadian stocks were International Nickel and Hudson Bay Mining while ⅝ advances were registered by Aluminium Ltd., McIntyre Porcupine and Walker Gooderham.

Prices were mostly higher on the American exchange. Volume was 1,370,000 shares compared with 1,210,000 Wednesday. Preston rose ¼ and Jupiter Corp. and Shawinigan ⅛ apiece.
