

WILLIE WESTINGHOUSE SETS A TRAP FOR A THIEF AND CATCHES THE MINISTER

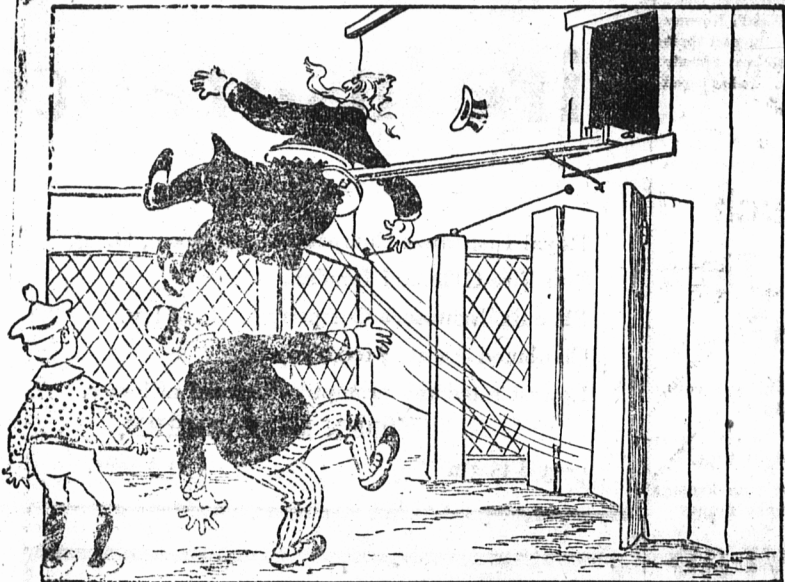

Dear Tommy—Our chicken yard was robbed the other night, and I made a trap like this.

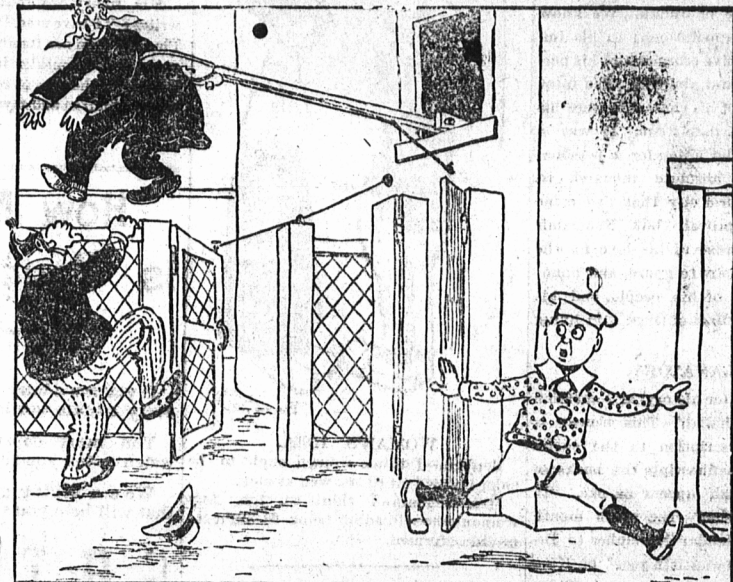

I had it set at night, and the next morning, before I had disconnected it, Papa took the Minister out to look at the chickens.

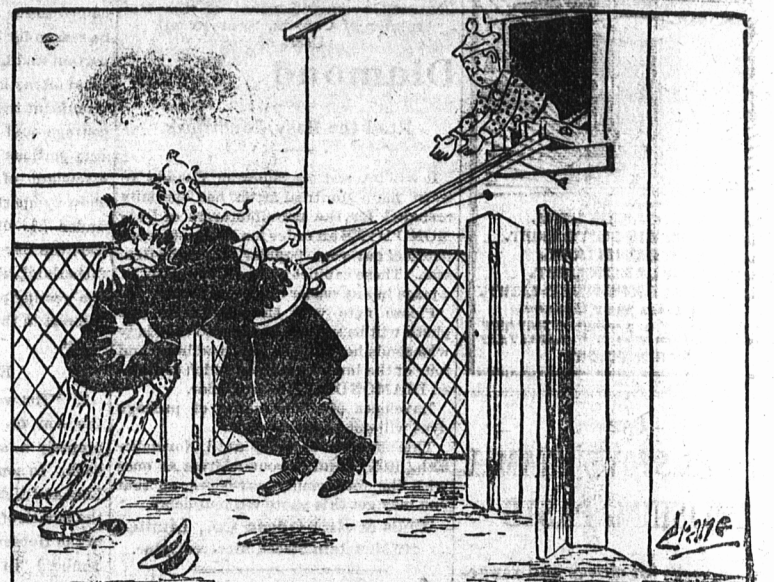

Of course the Minister had to open the gate—

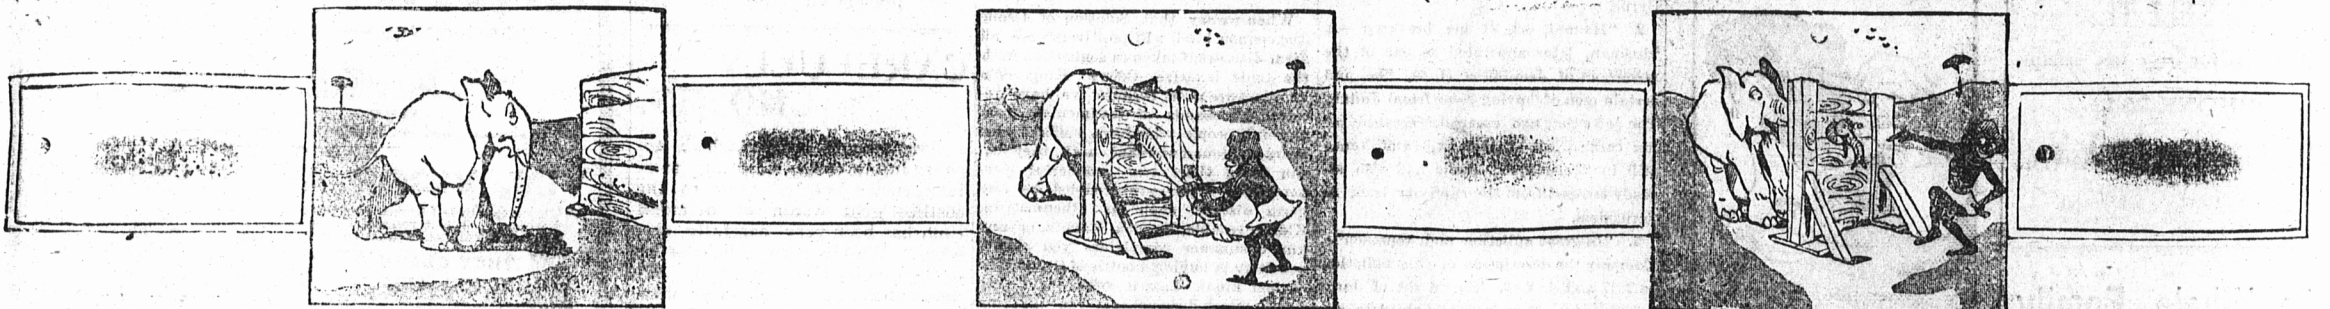

And get yanked up into the air.

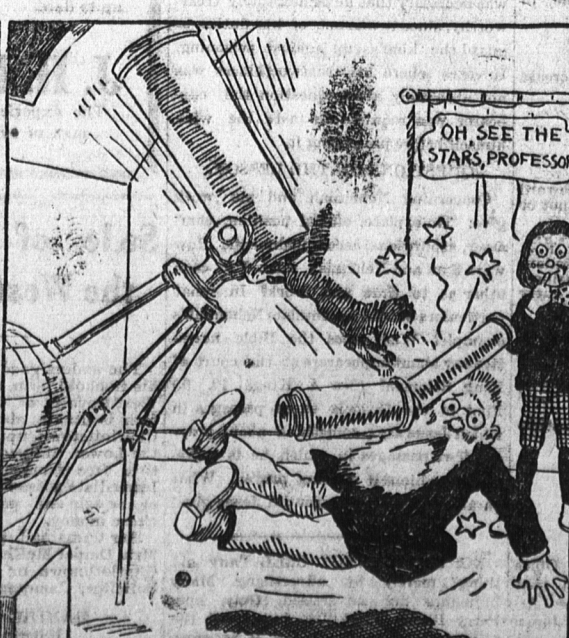

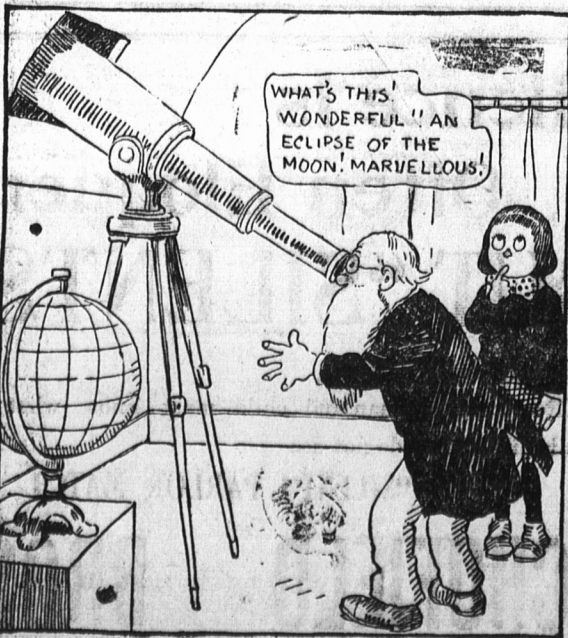

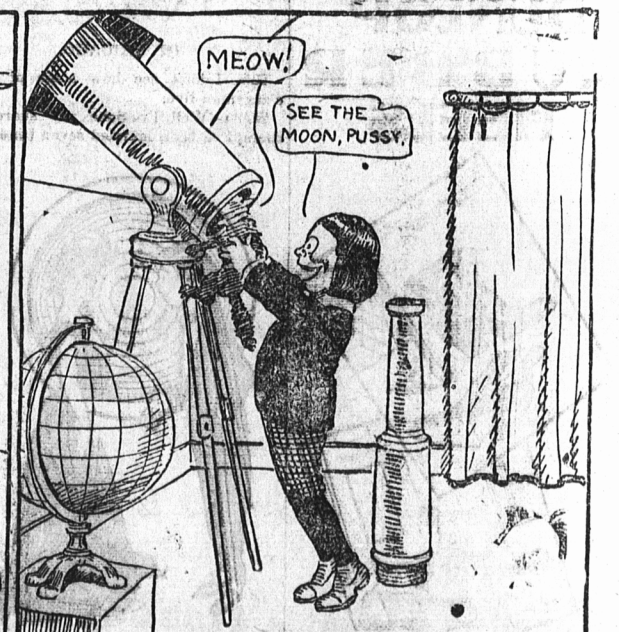

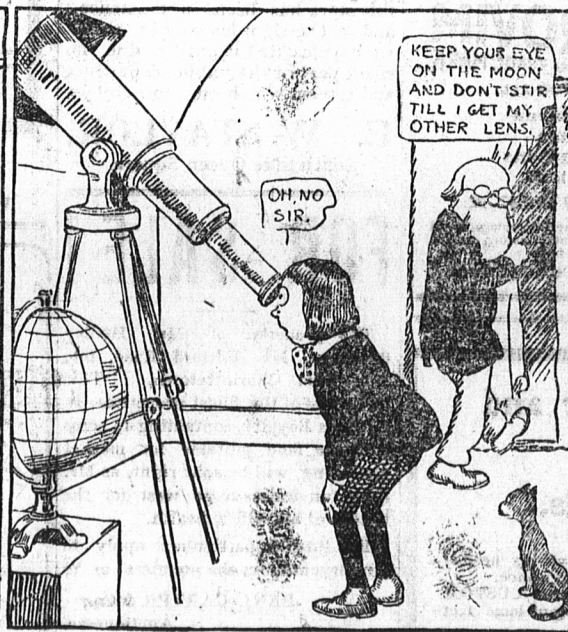

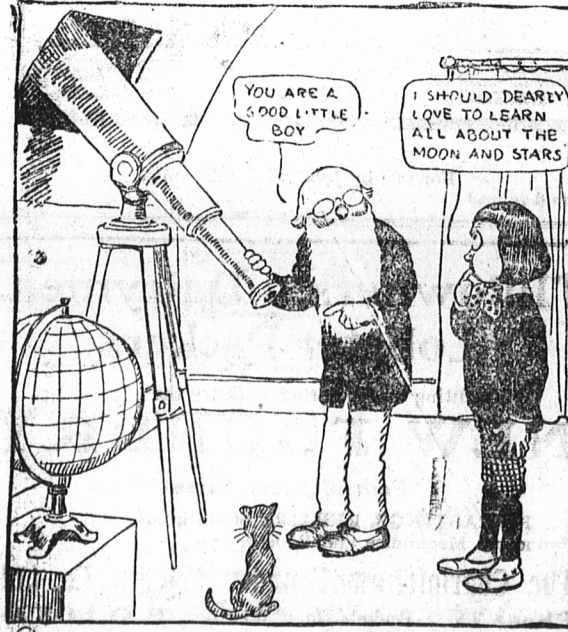

I ran into the barn and let him down as quickly as I could—

But I got an awful scolding. Yours, etc., Willie.
