CURRENCIES

MONTREAL (CP) — The United States dollar in terms of Canadian funds was up 1-32 at $1.07⅞. Pound sterling was unchanged at $3.02¼.

NEW YORK

NEW YORK (AP)—The stock market failed to hold a small gain which remained through most of the session Thursday and took a moderate loss as weakness developed in Chrysler in the final hour and spread to other sections of the list.

The ticker tape ran late during a brief selling squall when Chrysler broke through the level of 60. It sank 1⅞ to 59 on 147,500 shares, more than twice the volume of any other stock traded Thursday.

Chrysler has been withstanding selling drives fairly well in recent sessions but Thursday it failed to hold. No particular reason was cited in the news.

President Kennedy's ability to stave off a threatened railroad strike at least until the end of the month was credited with firming prices early in the day.

As the session wore on, it was reported that the rail unions were still maintaining their position and the question arose as to whether Kennedy could "pull something out of his hat" again to forestall a damaging strike.

Motors, aerospace issues, rails, nonferrous metals, and drugs were generally lower by the close. Oils and steels held fairly steady.

The Dow Jones industrial average declined 2.36 to 709.76.

Volume increased to 4,130,000 shares from Wednesday's 3,740,000.

The Associated Press average of 60 stocks declined 6 to 271.7.

The leading rails displayed an assortment of fractional losses.

Canadian issues were mixed. Dome Mines and Hudson Bay Mining each gained ½ and Aluminium Ltd. was up ¾ but Distillers Seagrams fell 1½. International Nickel was down ⅝ and McIntyre Porcupine was off ⅛.

American Stock Exchange prices worked irregularly lower on volume of 1,540,000 shares compared with 1,470,000 Wednesday. Among Canadian issues, Scurry Rainbow Oil fell ⅛ and Preston was down ⅛. Molybdenite gained 1-16 and Jupiter Corp. advanced ¼.
