LOCAL AND OTHER ITEMS

A SUGGESTION ADOPTED.—The back doors of the Post Office are now open to the public.

CUT this out and paste it in your hat or on the mirror—picnic at Suffolk on Thursday, 20th inst., and govern yourself accordingly.

THE WORCESTER.—The steamer Worcester left Port Hawkesbury at 3.40 this morning, and is expected to arrive here about 7 o'clock this evening.

PICNIC.—St. Paul's Sunday school picnic will be held up the West River on Thursday, July 20th. Boat leaves the wharf at 9.30 a. m. and 2 p. m. Fare, 15 cents.

I. O. F.—The annual meeting of Court Avondale, 1012, for the election of officers, will be held this evening at 8 o'clock. Every member is particularly requested to attend.

TO BOSTON.—Per steamers Carroll and Worcester, the fares are now reduced to a point lower than ever before. Now is the time to visit your friends in Boston and vicinity. $4.

PRESENTATION.—A St. John despatch says that Rev. Robert Crisp, who has just left Woodstock for his new field of labor, received a flattering address and $65 from his congregation.

HANDED OVER.—We understand that the proceeds of the late firemen's excursion were last evening handed over to MR. Galbraith by the firemen. The amount is upwards of $34.

CONTRACT AWARDED.—The contract for repairs and the construction of a slope on the outward side of Souris breakwater, has been award to George Wightman, Esq., of Montague Bridge.

LEAGUE OF THE CROSS PICNIC.—Remember the boys' Picnic at West River to-morrow. Tea booths and refreshment saloons on the grounds. Boat leaves at 9 a. m. and 1.15 p. m. Don't forget it.

PROMENADE CONCERTS.—What about promenade concerts in Queen Square Gardens this season? Is any person moving in the matter? It's high time something were being done.

PUBLIC TEA.—The tea party at Winsloe yesterday, in aid of the new hall at that place, was well attended and passed off most successfully. A tug of war between a team from Charlottetown and a team from Winsloe, was won by the former.

THEY SHOULD COME. — The Winnipeg Free Press says: Geo. H. Ham writes to a prominent cricketer in the city asking him to organize a team to visit the Maritime Provinces and promising them a good time.

ON DECK.—Be on deck and encourage the boys by attending their picnic at Shaw's wharf to-morrow. Good music will be provided. Return tickets 25 cents, children 10 cents. Boat leaves the Ferry wharf at 9 a. m. and 1.15 p. m.

AT THE PARK. — Victoria Park presented a lively appearance last evening. Several batteries of artillery went through a series of manœuvres to the music of the Brigade Band, and there was also a lively game of cricket. The proceedings were witnessed by several hundred citizens.

NEW POTATOES.—We acknowledge with thanks the receipt of a box of new potatoes fairly well grown, from the garden of J. D. Mason, Esq. They are of the Thorburn variety, planted on the 17th of May and dug on the 18th of July. The "dry spell" did not, apparently, impede their growth.

AN EXTRAORDINARY FLEECE.—We learn that the great Cotswold ram imported by Joseph Tweedy, Esq., of Gallas Point, was sheared a few days ago and gave twenty-one pounds of wool. The fleece was subsequently washed and was brought to town to-day and sold to the McKay Woolen Company, its net weight being seventeen (17) pounds. This is an extraordinary return from one sheep.

THE THEATRE.—The "Crust of Society," interpreted by Mr. John Stetson's admirable company, will be the attraction at the Lyceum this evening and to-morrow evening. Wherever it has been presented the production has met with that same general praise with which it was received when it was first presented at the Globe Theatre, Boston, a few months ago. The theme has proven an interesting one and the adventure has been a most successful one, both from an artistic and financial point of view, to Mr. Stetson. The company arrived here last evening and to-day are busily engaged making ready for to-night's performance.

A GOOD WORK.—A short time ago THE EXAMINER inserted an item setting forth that some Nova Scotia farmer, aided by only one boy, had put in fifty acres of crop in the past spring, and asking "who can beat this?" The answer comes promptly from our friend Mr. D. E. Campbell, of Darlington. Mr. Campbell sowed this spring fifty-five acres of oats in one field, and eight acres of wheat in the same field. Of the fifty-five acres under oats, fifteen acres was new land. In addition to these, Mr. Campbell has seven acres of potatoes and two acres of buckwheat,—and he had only one boy to help him. He has also sixty acres under hay,—all looking well, in spite of the dry weather—and fifty acres of pasturage. In the rich and shaded soil of his garden he has grass which now measures five feet in height? Who can beat this?

A SPLENDID NEW SHIP.—The new Plant steamship Florida sailed for Mobile last week. We say new because she is practically new. The Florida, formerly the Hondo, of 2000 tons, was one of the best Clyde-built ships that ever came to this port. After she received an American register Mr. Plant went to work to more thoroughly Americanize her at Robins's Erie Basin Dry Docks and Machine Shops. Her cabins were taken out between decks, and large spacious saloons with rooms attached built on the spar deck, sumptuously furnished and fitted throughout with electric lights and all the modern improvements, thereby making this ship one of the best of combination freight and passenger vessels for either the Halifax or the Gulf route. It was Mr. Plant's intention to put the Florida on the Boston and Charlottetown, P. E. I., route this summer, but the demands for tonnage by the Mobile shippers to Port Tampa were more than the steamer Hewes, a chartered ship, could supply, so the Florida was sent South to cover this route. An all-round steamer, that is, one fit for almost any route on the Atlantic and Pacific oceans, is hard to find. The Florida belongs to that class, being a big freight as well as passenger carrier.—New York Marine Journal.

THE REAL MOTHER-IN-LAW.

Who was it taught my wife to bake
A loaf of bread or fancy cake,
And appetizing dishes make?
My mother-in law.

Who was it, when my wife was ill,
Bestowed upon her care and skill,
And saved me a nurse's bill?
My mother-in-law.

Who then my little ones prepared
Each morn for school, who for them cared,
And all their little sorrows shared?
My mother-in-law.

Who was it, when their prayers were said,
So snugly tucked them into bed,
And till they slept beside them stayed?
My mother-in-law.

Who for my clothing then took care,
Who overlooked my underwear,
And kept each garment in repair?
My mother-in-law.

Who oft to me her aid has lent,
To buy the coal and pay the rent,
Who'd gladly see me President?
My mother-in-law.

A loving grandmother is she,
A generous friend she's been to me,
Forever honored let her be,
My mother-in-law.

LETTERS TO THE EDITOR.

BEWARE OF FRAUDS.

SIR,—There are some persons travelling through the Island pretending to be professors and selling cheap spectacles as high as $5 and $10—pretending to sell a Russian Rock Crystal, taking advantages of the public and deceiving them by their dresses, horse and buggy, and handbills which can be purchased by any one at any printing office, and telling the public that they don't care so much for a sale as to be benefited by the climate and fresh air. If they really are professors, why don't they stay at the hotel and not ramble round and rap at every door in the city and country running down pedlers? It rapping at every door offering to sell their spectacles is not peddling, what is peddling?
RESIDENCE.

A THEATRICAL TREAT.

AT the Lyceum to-night Mr. John Stetson's players present to our theatre-goers "The Crust of Society," a play which has caused a world of newspaper comment throughout the entire United States, and has met with the most pronounced approval from some of the ablest critics.

The company that will appear to-night arrived last evening in the boat from Pictou, and numbers among its members such well-known people as Zaffie Tilbury (a daughter of Lydia Thompson) and a lady upon whom the St. John and Halifax papers have lavished unstinted praise and pronounced the very best artiste that has visited the provinces in years. Among her companion players are Miss Mary Anderson, Miss Charlotte Neilson, Miss Gertrude Whitty and Miss Annie Young.

Arthur Lewis, a young Englishman, and a B. A., of the University of London, heads the male portion of the company. Mr. John Flood is also an equally capable and well-known artist from the States. Charles M. Collins, for many years an associate and valued friend of the late Lawrence Barratt, is another member of this excellent company. Geo. H. Rexford and Frank Andrews are also of great merit.

The company, as a whole, has been organized for this production, and give a most excellent performance, and one that for detail is spoken of as being superb.

A BARE IN THE WOODS.—The Bathurst Courier of July 13th says that in the woods of Lower Caraquet a few days ago the body of a child was found in an advanced stage of decomposition. A a couple of weeks ago a little boy two and a half years old, a son of Mr. Roman Glouet, strayed from the home of his parents, and every effort to find it proved unavailing. The body found was that of a poor little thing whose suffering must have been intense.

THE MARKET.—The attendance of both buyers and sellers at to-day's market was fair, and prices were but little changed. Butter, eggs, strawberries, fowl and peas sold at usual prices; cabbage, a small lot, sold at 2c. per pound; hay sold at from 70 to 75 cents per cwt; oats at from 44 to 45 cents per bushel; potatoes at 20 cents per bushel. Cod, mackerel and lobsters sold at usual prices.

HEAVY WEIGHTS.—It is not often that a family of eight can be found averaging in weight over 200 lbs. a peice; but such a family is that of Mr. Fred Gaulds, Painsec Settlement, N. B. The eight members of the family total 1715 lbs. The father weighs 66 lbs. and the mother 70 lbs. The father weighs 66 lbs and the mother 70 lbs.

—The Empire remarks that the yearly average of Canadian trade between 1872 and 1879—revenue tariff period — was $188,203,000. For the fiscal year closed on June 30 our commerce totalled $263,000,000. "Commercial atrophy" seems coming on apace.

A Traveller's Tale.

OTTAWA, July 15.—W. F. Sparham, of 95 Nepean St., a travellor for the well known house of Russel, Gardiner & Russel, tells an interesting story about the cure of a kidney trouble that has afflicted him for the past nine months. Ever since attacked, Mr. Sparham tried physicians' prescriptions and other medicines, but none had any effect. He constantly suffered pain, which finally became so intense that he could not sleep. Death seemed the only possible deliverance from his suffering. He got a box of Dodd's kidney pills from Henry Watters, a druggist here, and that one box effected a perfect cure. Mr. Sparham is to-day the happiest man in the Ottawa valley, and he has many friends who rejoice with him.
