## The Last Call For Santa-Pals

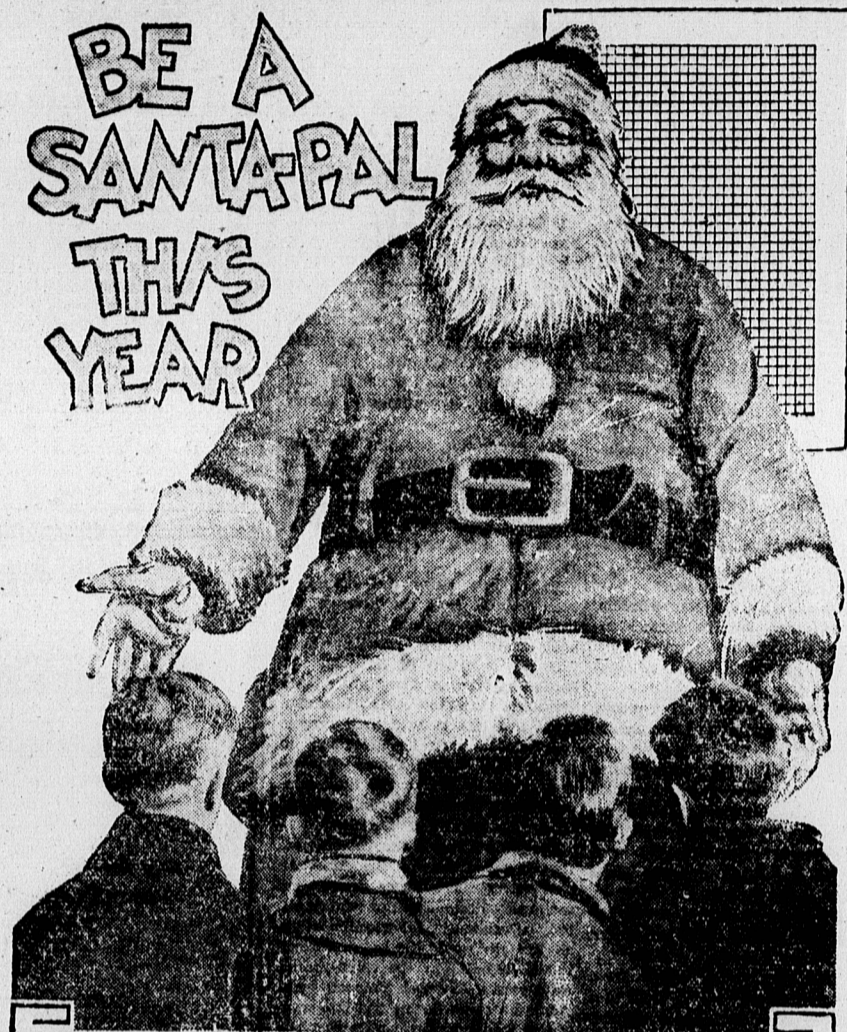

Delay No Longer. Send Your  
Christmas Contribution To-  
Day, And Make Some Child  
Happy.

We are on the last great drive of  
a glorious campaign, the drive which  
will mean final victory or final de-  
feat for Christmas 1930. The suc-  
cess of the campaign is contingent  
on the "adoption" by the Alias Santa  
Clauses of every child whose name  
remains on the list of needy child-  
ren. With victory in sight will the  
Santa Claus room Santa's  
helpers are at present busily en-  
gaged in tying up parcels for child-  
ren who have already been adopted.  
New Pals are enlisting every day,  
and new names are being constant-  
ly added to the list of children.  
Can you imagine the scene on  
Christmas morning in a home that  
Santa has not visited,—the children  
harrying to their stockings before  
the fire has been lighted, a moment  
of stunned and painful silence be-  
fore the calamity is fully realized,  
and sobs sought as a relief for  
grief and sorrow.

of Nfld., Is Slayer of  
Nicholas Marthos,  
Glace Bay.

(Canadian Press)  
GLACE BAY, N. S., Dec. 22.—  
George Alfred Beckett, of Old Pol-  
ican, Nfld., today confessed to the  
murder of Nicholas Marthos, Glace  
Bay taxi driver, who was found  
bleeding to death in his taxi cab on  
Tower Road, the night of September  
22. Announcement to this effect was  
made this afternoon by Crown pro-  
secutor Neil R. MacArthur, who with  
criminal investigator Dan Nicholson  
interviewed Beckett for several hours  
after the accused had sent for him.

SANTA CLAUS: Well, fellows, I can't be in too many places at one time, but I have a choice band  
of pals who never fail me, so keep your courage up.

## MONACO ARMY RILED AT THEIR RULER

## 1930 Wheat Crop Will Be Handled Is Announcement

Prince Louis Must At-  
tend More Closely To  
Business of His  
Realm And Spend  
Less Time In Paris.

Statement Made Public By Prem-  
ier Bennett After Conference  
With Canadian Bankers Assn.

(Canadian Press)  
MONTE CARLO, Monaco, Dec. 22  
—Half of Monaco's 100 manpower  
army was camped tonight at the foot  
of the long wide flight of steps  
leading to Prince Louis' castle to  
prevent the recurrence of rioting  
and hostile manifestations, which  
marked the arrival today of the  
reigning prince in his principality.  
The bayonets affixed to their rifles,  
stacked within easy reaching dis-  
tance and ready for use, proclaimed  
that the population of Monaco's state  
of mind had reached a point where  
the present troubles could no longer  
be treated as comic opera revolu-  
tion. Today's rioting was not par-  
ticularly violent, but it was noisy  
and yielded a big crop of prisoners,  
most of whom were later released by  
the police. The prisoners, still in jail  
tonight, however, warned that the  
manifestation was intended to give  
notice to the Prince that he must  
attend more closely to the business  
of his realm and spend less time in  
Paris and other points outside Mon-  
aco. They said that no bodily harm  
was intended the Ruler, but police  
and army officers, on the other hand  
expressed the belief that an unques-  
tionably large number of the inhabi-  
tants were dissatisfied to the point  
where they were prepared to commit  
violence.

(Canadian Press)  
OTTAWA, Ont., Dec. 22.—"Ar-  
rangements have been concluded  
that ensure the ordinary marketing  
of the 1930 wheat crop of Western  
Canada." This brief announcement  
was issued by Premier R. B. Ben-  
nett this evening. The statement was  
made public some time after a con-  
ference which the Prime Minister  
had with representatives of the Can-  
adian Bankers Association in the af-  
ternoon.

## FERGUSON REMEMBERED IN TORONTO

City Council Presents  
New High Commis-  
sioner With Illumi-  
nated Address And  
Beautiful Present.

(Special to the Guardian)  
TORONTO, Ont., Dec. 22.—A re-  
ception and congratulations were ex-  
tended to Hon. G. Howard Ferguson  
in the City Council Chamber this  
afternoon when at 3 o'clock a  
crowded audience heard Mr. or  
Wentworth read an illuminated address  
to the new High Commissioner for  
Canada in England. The undertak-  
ings of Premier Ferguson especially  
in relationship to Toronto's welfare  
were particularly stressed, among  
them being the promotion of good  
roads, assistance to the C. N. E.,  
extension of health laws, support of  
the Royal Winter Fair and many  
similar causes. The City Hall cor-  
ridors and Council Chamber were  
transformed into a bower of beau-  
tiful Christmas flowers for the occa-  
sion. A token of appreciation and  
enduring remembrance was presen-  
ted to the High Commissioner in the  
form of a silver rose bowl and vase,  
the work of Canadian artisans and  
made of Canadian silver.

## HOPE FOR BETTER TREATY

(Canadian Press)  
OTTAWA, Ont., Dec. 22.—Cable  
despatches from Paris stating that  
Canada is threatening to denounce  
the Franco-Canadian treaty unless  
France buys more wheat, go further  
than any reports obtained from offi-  
cial sources here. The hope has been  
expressed that there will be a re-  
vision in the Treaty, at some future  
date, which would be more equitable  
from a Canadian point of view.

## Department Of Nat. Defence Will Play Santa

(Canadian Press)  
OTTAWA, Ont., Dec. 22.—Santa  
Claus will take care of the material  
wants of many thousands of needy  
people within the next few days,  
when thousands of suits of winter  
underwear, socks, trousers, sweater  
jackets and scarfs will be distrib-  
uted through the agency of the Can-  
adian Red Cross Society; and this  
windfall to that organization has  
come about in a unique fashion. In-  
cidentally the value of the gift is ap-  
proximately a quarter of a million  
dollars and the donor is the Depart-  
ment of National Defence. Today an  
Order-in-Council has signed author-  
izing the turning over to the Red  
Cross of thousands of articles of clo-  
thing which has lain in the military  
ordnance depots throughout the  
country since the close of the Great  
War.

The list of clothing to be thus giv-  
en away discloses the magnitude of  
the gift. There are 22,000 pairs of  
heavy winter underwear, 24,000 win-  
ter underwear shirts, 18,000 khaki  
flannel shirts, 42,000 pairs of socks,  
46,000 pairs of service trousers, 3,500  
pairs of long black stockings, 7,400  
sweater jackets and 1,300 pairs of  
ten overshoes.

## Another Holiday?

REGINA, Dec. 22.—"Boxing Day,"  
popularly known in Great Britain as  
the day in which one recovers from  
Christmas Day festivities, may be-  
come an actuality in Western Can-  
ada. A move is on foot in Regina to  
make it a legalized holiday. This  
would give a two-day Christmas hol-  
iday, and whenever Christmas Day  
fell on a Saturday Boxing Day would  
fall on a Monday.

## CAMPAIGN IN SUMMERSIDE

Only one more day to help Santa  
Claus in his work for needy child-  
ren. The St. Vincent De Paul Society  
of Summerside have very generously  
donated \$25.00 to the Santa Pal fund  
but more is needed if every child in  
Summerside is to be happy on Christ-  
mas morning.  
Come, Santa Pals, help out Jolly  
St. Nick in his work at Summerside.  
Poor Santa has too many on his list  
already, and he cannot possibly get  
round to them all without your help.  
Surely you who will have plenty on  
Christmas Day are not going to let  
the little ones who will not have  
that plenty, be disappointed just be-  
cause you forget there are such little  
ones to be remembered. A small con-  
tribution is all that is required of  
anyone. Those who feel that they can  
give more can do so. If everyone gives  
a little then in the end every child  
will be remembered. Just leave your  
contributions at the Red Cross  
Rooms in the Town Hall any time

## New Trade Treaty With Australia Sketched by Envoy

Canada Will Be Supplied  
All The Butter It Needs  
—and No More, Says  
Hon. Parker J. Moloney,  
Here After Ottawa Con-  
ference.

TORONTO, Dec. 22.—Canadian  
dairy farmers may sleep soundly in  
their beds of nights. The spectre of  
Australian butter dumping is laid  
to rest.  
There is to be a new trade agree-  
ment between Canada and Australia.  
Henceforth, "Australia will supply  
Canada with all the butter she  
wants—and no more."  
Hon. Parker J. Moloney, Minister  
for Markets and Transport in the  
Australian Government, brought the  
news to Toronto yesterday. Hon. Mr.  
Moloney came direct from Ottawa,  
where he had conferred long with  
Hon. H. H. Stevens, Canadian Min-  
ister of Trade and Commerce.

The immediate result of that con-  
ference, an interviewer learned from  
Hon. Mr. Moloney yesterday, is to be  
a new trade treaty between Australia  
and Canada. There will be no  
patching-up of the present agree-  
ment.  
"The old treaty of 1925 has proved  
unsatisfactory. In many respects, to  
both parties," the Australian Min-  
ister for Markets said. The new  
treaty he was confident, would be  
mutually beneficial.  
The agreement regarding butter  
was an example. Mr. Moloney said,  
of the way in which the treaty was  
being worked out to safeguard each  
country's legitimate interests.  
For the future, Canadian butter  
producers need not fear that Aus-  
tralian butter would flood them out  
of their own markets. "That goes  
without saying," the Australian Min-  
ister for Markets and Transport as-  
sured an interviewer.  
The word of Hon. Parker Molon-

ey can be taken as final. "Not a  
pound of butter leaves Australia  
except on a permit signed by me."  
Details of the new trade agree-  
ment are still to be completed and  
approved by the two Governments  
concerned, Hon. Mr. Moloney said.  
Its principles are already agreed on.  
First of these is the principle of  
"strengthening the family."  
"We feel the two largest of the  
sister Dominions can give a lead  
there." The Australian Cabinet Min-  
ister explained. If Australia and  
Canada could come to a satisfac-  
tory trade agreement and prove its  
practical value to both countries,  
"it will have a tremendous effect  
throughout the Empire."

## PARLIAMENT MAY OPEN FEBRUARY 15

(Special to the Guardian)  
OTTAWA, Ont. Dec. 22.—Prospects  
are that Parliament will open Feb.  
12, though no official intimation has  
been given. The probable departure  
in the next six weeks of Viscount  
and Lady Willingdon for India com-  
plicates the problem of setting a date  
although if they are compelled to  
leave before the session the Deputy  
Governor General, Chief Justice  
Frank A. Anglin could officiate.

## 83 Percent Are In Favor Of Dominion Status

(Special to the Guardian)  
BOMBAY, Dec. 22.—A poll con-  
ducted by the Times of India among  
non official Europeans in the coun-  
try shows that 83 percent of them  
favor Dominion status for India.  
The question asked was, whether  
Dominion status should be granted  
the country with a responsible gov-  
ernment at the centre and with  
safeguards for such matters as the  
army, foreign affairs, the external  
debt and the European and other  
minorities. The votes cast were 815  
for Dominion status and 165 against.  
The same influential newspaper says  
high tribute to the new Viceroy, Vis-  
count Willingdon, who formerly  
served in India and is now Governor  
General of Canada.

Of the many new Viceroy's suggest-  
ed in the last six months, it says  
none is likely to be more acceptable  
than Lord Willingdon, whose Indian  
record is evidence of his statesman-  
ship and adaptability to changing  
conditions.

## Revolutionary Disturbances In Venezuela

(Special to the Guardian)  
BEGOTA, Colombia Dec. 22.—  
Newspapers received reports today  
which told of a revolutionary distur-  
bance in south western Venezuela.  
Three hundred revolutionaries well  
equipped, were said to have captur-  
ed the town of Labatera, killing the  
civil chief and burning the City Hall  
with its public archives. The Gov-  
ernment troops were reported to  
have been taken by surprise and  
were unable to defend the city. A  
communique issued from San Cristobal,  
Capital of the state of Tachira in  
which Labatera is situated, said  
the outbreak was a bandit depreda-  
tion and without revolutionary moti-  
ve.

nal, which decided to-day that it was

ain.  
The court invoked articles 60 and  
65 of the Treaty of Lausanne in its
