THE ladies of St. Joseph's Sodality intend holding a bazaar in the Lyceum during the week commencing Monday, November 8th. As the proceeds are to be devoted to the equipment of the new Convent Schools, and the ladies of the Sodality are famous for their bazaars, success is already assured.

DURING the last week the mackerel seiners have bean chiefly along the Cape Breton coast, and although the weather was favorable, have met with rather indifferent success. The quality of the fish caught lately is said to be the finest taken for a number of years. A great many American seiners have already gone home.

THE fine weather of the last few days has given our farmers a fine start along in their potato digging. Many of them are also well advanced in their fall ploughing. No one will deny but the labors of our husbandmen have been bountifully rewarded this year; and this fact will doubtless stimulate and encourage them to make renewed efforts in the future.

THE wrecked schooner J. H. Erench remains hard and fast on the rocks at Souris. Efforts are still being made to get her off; divers are at work, and the ballast has been removed, but instead of getting her out she is rather further in now than when she first come ashore. She is insured, it is said, for $9,000, and the underwriters' seem determined to put her afloat if possible, and it is likely they will succeed if the weather keeps favorable.

Human calves. An exchange says:—"Nine tenths of the unhappy marriages result from human calves being allowed to run at large in society pastures. Nine tenths of the chronic or lingering diseases of to-day originate in impure blood, liver complaint or billiousness, resulting in scrofula, consumption, (which is but scrofula of the lung), sores, ulcers, skin diseases, and kindred affections. Dr. Pierce's Golden Medical Discovery cures all these. Of druggists. f a w

IT will be remembered that at the annual competition of No. 3 Co. 82nd Battalion held on Kensington Rifle Range last week, Sergeant McNevin and Private B. C. In accordance with this decision both met at the Range yesterday. The weather was favorable. The ranges were 200, 400 and 500 yards. Sergt. McNevin captured the medal, making 76 points.

SUFFERERS from lung diseases should read the following:—

HALIFAX, Sept. 18, 1886.

The Antiseptic Inhaler Co.:

SIRS,—I have been using your Inhaler two weeks for affection of the lungs, having had one severe hemorrhage, and must say that I have received benefit, so much so as to give me hope of a cure, my sleep being more tranquil and appetite improved, and the collection of phlegm much easier to raise; it has changed color also, being more healthy looking. My case is one for which the most experienced physicians seemed to be able to do but little, and in fact I was told that nothing more could be done and no medicine they could give would cure, after having been under their treatment for over a year. The hacking cough which, before using the Inhaler, was almost incessant, now troubles me but little except in the mornings, and even these times I hope after continued use to overcome. I would not like to part with the instrument, and would recommend it to any similarly affected.

(Signed) JOHN ROACH,
Barber,
Upper Water Street.

The Inhaler can be seen at W. E. Wilcox's Drug Store.

MINISTERS AT MONCTON!

GRAND POLITICAL DEMONSTRATION.

MR. L. H. DAVIES DEALT WITH.

MONCTON, Oct. 11.

Every inch of the Opera House was filled to-night, and many of the parquette chairs were occupied by ladies. Among those on the stage were Josiah Wood and P. A. Landry, M. P.'s, W. W. Wells, Messrs. Humphrey, Killain, and J. L. Black, M. P. P.'s. J. Wood, M. P., the first speaker, was received with loud cheers. His speech was confined to matters dealt with by Davies & Co. at their late meeting. Davies had attacked Sir John's reputation as a lawyer and statesman, but Sir John was too well known in this section to need defence against such an antagonist as the so-called young leader of the Liberal party. Taking up the charges against the Intercolonial staff, he showed that the Inch-Arran investigation by Parliament had failed to discover any improper practices, but it had shown large gains in passenger receipts. Mr. Wood spoke for seventy minutes with great effect, and was repeatedly applauded.

HON. THOS. WHITE followed, and was grandly received.

HON. MR. THOMPSON spoke for a few minutes. He spoke in fine voice and soon established a hearty sympathy between the audience and himself.

HON. MR. FOSTER who was vociferously applauded, opened by stating that for exaggeration of statement and positive untruth, he had never seen the equal, in Canada, of Mr. Davies' speech. His key-note was "We are coming back to rule." He gave two reasons, "Haldimand has spoken and so speaks all Ontario." Why, in 1867 Haldimand elected a Liberal, also, twice by acclamation. His other plank was, "Listen to the voice of Chambly." Davies should be the last man to be jubilant over the principle involved in Chambly, for Chambly elected a Protectionist, (Cheers,) and Mr. Davies is an out and out Free Trader. (Renewed cheers.)

Prof. Foster, who never appeared to better advantage on the public platform, took up one by one the Davies statements and showed their falsity, being constantly interrupted by loud applause. It was after midnight when the meeting closed, the major portion remaining till the last.

The "Anchoria" Accident.

HALIFAX, Oct. 11.

A St. John's, Nfld., cablegram to the *Herald* gives details of the Anchoria accident. She broke her shaft in a heavy gale 1100 miles from Glasgow, and after drifting for a week succeeded in making temporary repairs. Thirty-six hours later, however, the shaft again broke when 100 miles off Newfoundland. Boats were sent ashore for assistance. The tug Favorite towed her to St. John's this morning. The saloon passengers will come to Halifax in the Miranda.

A Serious Occurrence.

SHELBOURNE, N. S., Oct. 11.

To-day Skipper Landry, of the Marion Grimes, held for not reporting at the Customs House, persisted in flying the Stars and Stripes above the Queen's Broad Arrow. Capt. Quigley ordered him to remove it until after the vessel was released, but he persisted and Quigley himself hauled down the American flag, and placed the schooner in charge of an armed guard. This is the most serious proceeding since the abrogation of the Washington Treaty.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quite sleep by relieving the child from pain; and the little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. feb4 eod wk
