JULY 13, 1891.

Sabbath Observance.

Although Hon. Mr. McKenzie's bill for the better observance of the Sabbath was not passed when the Legislature adjourned, it has by no means been summarily dealt with. We understand that it will again come before the Assembly when it meets on Wednesday, probably to be amended with reference to some offences as regards the penalty. As to its other provisions it is useless for the members to oppose them, because they are already the law of the Province, and are only collected together from the two Sabbath laws now in existence. The necessity for the passing of such a law as will impose a suitable penalty—even larger than the bill provides—on those who sell liquor on Sunday, was admitted by the leaders of both parties in the House, and we confidently expect that they will unite in furthering the passage, and if possible improving the provisions of this bill. In this connection it will be interesting to learn that at a meeting of the Sabbath Observance Committee of the House of Commons at Ottawa, on Mr. Charlton's bill the other day, the first six clauses, making misdemeanors, the selling of goods, horse racing, boisy games, etc., tippling, hunting, fishing, etc., on the Sabbath day, were erased from the bill as coming within the jurisdiction of the provinces. The seventh clause, prohibiting the publication of Sunday newspapers and working of printers, was amended so as to allow printers to work after nine o'clock Sunday night for the publishing of Monday newspapers.

I. O. G. T.

The Grand Lodge, Independent order of Good Templars, met on the seventh and eighth of July; inst., in the Town hall, Georgetown.

Grand Chief Templar, Robert C McRae presided and the following Grand Officers were present:

Grand Coun, Henry A Beers, Adelia A Horton, Grand Super juvenile temples; Grand Sec., A D Fraser; Grand Treas. L U Fowler; Grand Chaplain, A C Stewart.

The credential committee reported twenty-six new members who were duly installed.

The Reports of the Grand Chief, Grand Secy, Grand Treas and Grand Super. of Jno. Temples showed the Order to be in a very good condition, although there was slight falling off in members during the year. This invariably follows a large advance movement such as occurred during the preceeding year under the efforts of Mrs. Bessie Star Keefer, Right Worthy Grand Lecturer and organizer. The number of members reported was 1284. The receipts for the year were $375.18, and the balance in treasury at close of the year $87.40. The juvenile department showed substantial increase during the year.

The reports of Lodges were in almost every case hopeful and encouraging.

Wm. J. Nicholson, Scott Act prosecutor for King's County and honorary member of the I. O. G. T. gave a report of his work during the year, setting forth some of the difficulties in the way of suppressing the liquor traffic, and showing how temperance people might do much more than they are doing to aid the prosecutor in his arduous work. He reported six appealed liquor cases to come up for hearing at the next session of Supreme Court in King's County It was satisfactory to learn from reports of some of the representatives that it was now almost impossible to get liquor at Montague Bridge and very little was now being sold in Georgetown.

The officers for the ensuing year were elected as follows:

G C Templar, L U Fowler, North Bedeque.

G Coun, William Kaneen, New Perth.

G Vice, Carrie McLure, Lower Montague.

G S J T, Adelia E Horton, Murray River, (re-elected)

G Secy, A D Fraser, Mt view (re elected).

G Treas, Isaac Bears, Peter's Road.

G Chap, Rev W A Mason, Georgetown.

G Marsh, Frank Jones, Pownal.

G Guard, Fred R McIlish, Union Road.

G Sent, Will Hugh, Murray Harbor South.

G A Secretary, John Jardine, Wilmot Valley.

G D Marsh, Jemima Stewart, Marshfield.

G Mess, George J Creed, Sturgeon.

P G Chief, Robert C McRae, Vernon River Bridge.

Charlottetown was selected as the place for holding the next annual session, and Wilmot Valley for the semi annual session.

On the evening of the 7th a public meeting was held in the hall, which was fairly well attended. Stirring temperance addresses were given by Rev. Mr Mason, L U Fowler, A C Stewart, Isaac Bears and others, interspersed by choice music by members of Georgetown Lodge and others.

The meeting of Grand Lodge was well attendhd, very harmonious, pleasant and profitable, and all came away loud in their praises of the beautiful "little city by the sea," and of its kind and hospitable people.—Com.

THE National Division S of T, meeting at St. John have voted down a proposition to change the regalia of the order.

THE LEGISLATURE.

House of Assembly.

(Continued from First Page)

Mr Cummiskey supported Mr. A. J. McDonald. Perhaps Mr Sinclair's colleague could tell a different story about play in their district.

Mr. Peters would advocate either to accept the bill as it is or reject it, owing to the parliament being near prorogation.

Mr. Clow moved as an amendment that the speaker take the chair.

Mr. Rogers moved an amendment to an amendment that Mr. Clow have leave to withdraw his motion, which was carried.

Mr. Farquharson then withdrew his motion.

Mr. Arsenault moved that "play and pastime" be struck out, which was lost.

Mr. A. J. McDonald moved that "play" be struck out, which was lost.

Mr. Arsenault illustrated a case where hunger might force one to fish, perhaps smelt on a favorable Sunday. Would the house sanction a fine for this?

Mr. Peters said the magistrate should not be allowed to sentence imprisonment without the option of a fine, and he also pointed out that the act allowed no repeal; and the trial might be conducted by one magistrate, and asked if catching a few fish on Sunday was worthy of such a punishment.

Mr. Sinclair said the clause was entirely too stringent. The amendment should be that imprisonment would follow in default of the payment of the fine.

Mr. McLeod said Mr. Sinclair had changed his mind. The amount of the fine should be at the discretion of the magistrate.

Mr. Peters moved that the Speaker take the chair and progress be reported.

Mr. Richards moved as an amendment that the Speaker take the chair.

The amendment was lost.

The Speaker took the chair, and the committee reported progress, and asked leave to sit again.

Registry Office for Prince Co.

Mr. Bell moved a resolution to establish a registry office in Prince County, which office he believed would be self-sustaining. A vault is already required in the building and so this would not be an expense contingent on the registry office. He asked for the people that the books relating to Prince County be transported there and from now the business be done there, and also judgments issued. He claimed that this would be a great public convenience both to the solicitors in Summerside and the people of Prince County. The fees to be paid under the present arrangement are large. Prince County, he thought had matured. He had omitted King's Co. from the resolution, but would be willing to grant an office there when asked for. All he asked for was a promise for the establishment of an office in Summerside in the near future.

Mr. Peters was willing to give fair play, but saw difficulty in the fact that it might increase the expenditure and again separate books had been employed in the Registry Office only for 17 years, and a search necessarily extended back over 30 years. Here there would be two fees paid—one in S'Side and one in Ch'Town. To establish a 2nd office all the books would have to be copied. Also 2 sets of clerks or 3 sets if King's County had an office. The cost would be too great. He intended to consider the registry office affairs.

Mr. Rogers agreed with Mr. Bell. He saw no necessity to search back 30 years in land affairs. This was a poor objection to giving Prince County a needed right.

Mr. McMillan advocated the matter formerly, but found more against him than with him. He believe the people of Prince County were entitled to the separate office.

Mr. Bentley was sorry the matter had been left so late. He was pleased to hear the Leader say he was willing to consider the matter. If the office could be established as to enable the business to be completely done, it would be a benefit, otherwise a harm. If it did cost a little and were a benefit he would support it.

Mr. Bell withdrew the resolution.

Free Trade Discussed.

Mr. Farquharson moved a resolution that the government view with pleasure the advances being made toward free trade relations with the United States, etc., and said that we need an unrestricted trade. The proper system is for every man to look out for his own business. There should be no monopoly.

Resolved, that the House of Assembly of P. E. Island, now in session, views with satisfaction the fact that a delegation from the Dominion Government has been deputed to visit Washington during the month of October next to discuss the question of free trade relations between Canada and United States.

"Representing as we do an agricultural country and knowing that the Dominion offers a very limited market for our products, we look forward with much interest to a satisfactory solution of this great question and trust that Unrestricted Reciprocity with the United States will result from the deliberations referred to."

Mr Warburton in seconding this, said that P. E. Island needed free trade relations with the United States. He believed there should be the freest trade with the United States. Discriminations should be in one's own interest. It was right to allow the people to buy where they pleased and sell where they could. The system of non-intercourse was the cause of emigration. Unrestricted Reciprocity would increase the prices of our produce and give us cheaper imports. Nature intended free trade and we would profit by it, and in one way by the increase in value of farms, which has fallen 30 per cent. He asserted we could not get reciprocity in natural products alone. We must accept the full measure.

Mr. N. McLeod claimed that the possibility of a remunerative price caused efforts toward production. Potatoes would come from Europe when the prices were good. The McKinlay bill caused no financial suffering with regard to the price of either eggs or potatoes. The free trade relations would increase the several expenditures. The revenue would be decreased owing to the absence of duty and this amount must be made up by direct taxation. The duty is not a benefit, but it is better than direct taxation.

Mr. McLeod moved in amendment to the resolution endorsing it in as far as consistent with the exigencies of the Dominion, and our relation with Great Britain. This was seconded by Mr. Rogers, who said that we would obtain no very great concessions from the United States as long as we were loyal to the Queen.

The Leader of the Opposition moved the following amendment:

Resolved, That all after the first paragraph in the said resolution be struck out, and the following inserted in lieu thereof.

Representing a province whose chief industry is agriculture, we hope the negotiations will result in establishing the freest trade relations possible between the countries consistent with the exigencies of the Dominion and our relationship with Great Britain.

The amendment was put and lost on division as follows:

Yeas—Bentley, Shaw, Arsenault, A. J. McDonald, Underhay, McKay, Gordon, A. McLeod, Sullivan—9.

Nays—Peters, McLean, McMillan, Farquharson, Richards, Sinclair, Forbes, Bell, H. C. McDonald, Matheson, Warburton, Cummiskey, Robertson, McWilliams, Montgomery—15.

The main resolution carried on the same division reversed, and House adjourned at 2 a. m. Saturday.

SATURDAY, July 11.

MORNING SESSION.

Speaker took the chair at, 10.45.

Mr. Bell submitted the report on public accounts.

On motion the House went into committee with Dr. Jenkins in the chair to consider the resolution.

Mr. Shaw moved an amendment which was lost.

On motion the speaker took the chair.

A division was taken on the amendment to the motion that progress be reported as follows:—Yeas—N. McLeod, Bentley, Shaw, Arsenault, A. J. McDonald, Clow, Sullivan, Gordon, J. R. MacDonald, McKay, Rogers, A. McLeod.—12

Nays—Messrs. Peters, McLean, MacMillan, Richards, Forbes, H. C. MacDonald, Bell, Warburton, Matheson, Montgomery, McWilliams, Cummiskey, Sinclair, Robertson, Farquharson.—15.

Adjourned till 2.30.

SATURDAY, July 11th.

AFTERNOON SESSION.

Mr. Jenkins moved re retrenchment that the number of members be reduced to 15 and those of the Legislative Council to 7, and that both set in the one chamber.

The House went into committee with Mr. Warburton in the chair to consider the above resolution.

On motion of Mr. Peters the speaker took the chair.

On motion of Mr. Peters the House went into committee with Mr. Montgomery in the chair to consider the act relating to the observance of the Sabbath.

Mr. Peters said that a similar bill existed here and a Dominion bill was also under consideration and said he would introduce the bill next session if the Dominion Bill did not pass

He moved that the speaker take the chair.

Mr. Bell thought we had no reason to hope that the Dominion Bill would be passed this year and to throw out the present bill would be unfair the people desiring it.

Mr. Rogers also objected to treating the bill so summarily.

It was an important bill.

Mr. McLennan thought this bill required to be entirely remodelled. The sale of liquor should be set apart as a separate offence and severely dealt with.

Mr. Peters withdrew his motion and again moved that the speaker take the chair and progress be reported and leave asked to sit again.

On motion of Mr. Peters the house adjourned until 11 a. m., Wednesday next.

Legislature Adjourned—Not Prorogued.

Owing to the illness of His Honor Lieut. Governor Carvell, the Legislature was not prorogued as was expected. This afternoon Premier Peters intimated that, on learning, at 11 o'clock that morning, of the indisposition of His Honor, he telegraphed to Ottawa in regard to appointing a commission, but regretted to state that there was not sufficient time for the appointing of such commission; therefore the House could not rise to-day. He expressed the regret of the Lieut. Governor and his own that honorable members were put to this inconvenience, and stated he had His Honor's leave for the House to adjourn to-day until Wednesday next, when the prorogation would take place.—Pat. Saturday.

Dr. Sutherland will not Accept

Montreal, July 5.—Rev. Dr. Sutherland has decided not to accept the call to the presidency of the Mount Allison University.

A Brake on Emperor William's Tongue

London, July 8.—Truth says the Queen has stipulated that Emperor William shall write out the speech he is to make at Guildhall Friday next in reply to the address of welcome which will be made there by the Recorder on the part of the corporation. After having written out this speech, according to Truth, the Emperor must submit it to the Queen for approval. Also, that this must act as a curb to the young Emperor's known incontinence of tongue, the Emperor is only to read those portions of his written speech which may have met with the Queen's approval.

Diphtheria in Quebec

Quebec, July 8.—Diphtheria has objected to such an extent as almost to be epidemic. The Telegraph has been investigating the matter in St. Roch's and St. Sauveur and find that there has been 2500 cases in that district since January 1st, and that not one fifteenth of those had been reported to the health officer. In St. Sauveur from January 1st to July 1st, there were 99 deaths from diphtheria and in St. Roch's 109. Cure Balanger, of St. Roch's says that the disease is rapidly spreading and is assuming a more malignant form. At first it was nearly confined to children, but now it is taking hold of elderly peopleand several of them have succumbed.

Shameful Treatment of the Servia's Passengers

New York, July 8.—The disabled steamer Servia was brought up to her dock this morning. The actual damage done cannot be definitely ascertained until a survey is made.

Many complaints are made by the passengers of their treatment by the Cunard officials here. It is claimed that the agents are uncertain what to do until cable instructions arrive from the other side. One passenger from Iowa said the company's treatment was shameful. He said passengers were detained on board, and not permitted to remove their baggage to catch trains to-day. Great bonuses were paid for immediate passage on the other steamers of the line. Fifty school teachers, because of the great extra expense, are likely to give up their vacation abroad. One man paid $1,000 for an immediate passage.

K. D. C. a certain cure for Indigestion

JOHNSON'S ANODYNE LINIMENT
UNLIKE ANY OTHER.
For INTERNAL as EXTERNAL USE.
Established in 1810.
Originated by an Old Family Physician.

Delays may cost a life. Relieves all Summer Complaints like magic. Price, 25 cts; post-paid, 5 bottles $2. Express paid, I. S. Johnson & Co., Boston, Mass.

Lobster Factories Closed.

St. John's, N. F., July 8.—The commanding officer of the British war ships in Newfoundland waters has issued an order closing fifty-eight lobster factories along the French coast, which it is alleged are running in violation of the modus vivendi. Over a thousand fishermen and others are thrown out of employment by this action and there is much indignation among the residents of the French coast. Despite the recent legislation there is general dissatisfaction at the continuance of the modus vivendi, and if the season passes without a collision it will be strange.

Utopia Raised.

GIBRALTAR, July 10.—The Anchor line steamer Utopia, which was sunk during the night of March 17th last, by running upon the spur of the British ironclad Anson, as a result of which accident nearly 600 Italian emigrants lost their lives, was raised to-day by means of coffer dams, on a superstructure of timber built from her ship's sides to the surface and forming an immense tank. This tank was lined with strong canvas, and was 310 feet in length. Six powerful centrifugal pumps exhausted the water tank, which, with the vessel ascending inside of it, was dragged shoreward, and was eventually rested on the beach.

Dyspepsia

Few people have suffered more severely from dyspepsia than Mr. E. A. McMahon, a well known grocer of Staunton, Va. He says: "Before 1873 I was in excellent health, weighing over 200 pounds. In that year an ailment developed into acute dyspepsia, and soon I was reduced to 142 pounds, suffering burning sensations in the stomach, palpitation of the heart, nausea, and indigestion. I could not sleep, lost all heart in my work, had fits of melancholia, and for days at a time I would have welcomed death. I became morose, sullen and irritable, and for eight years life was a burden. I tried many physicians and many remedies. One day a workman employed by me suggested that I take Hood's Sarsaparilla, as it had cured his wife of dyspepsia. I did so, and before taking the whole of a bottle I began to feel like a new man. The terrible pains to which I had been subjected ceased, the palpitation of the heart subsided, my stomach became easier, nausea disappeared, and my entire system began to tone up. With returning strength came activity of mind and body. Before the fifth bottle was taken I had regained my former weight and natural condition. I am today well and I ascribe it to taking Hood's Sarsaparilla.

Intense Suffering

8 Years

N.B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any other.
