Toronto Stocks

TOROTO (CP—An increase in bank interest rates was the reason given by brokers for Thursday's decisive decline on the stock market. A late rally improved all sections somewhat but they still closed with the worst setback since Oct. 1.

Western oils were down more than 1¾ points, their lowest index mark during the session. Base metals, mainly on Hudson Bay's strong showing—the stock added 3½ points—won back a point in the final few minutes to close with a point loss.

While Hudson Bay, which declared an extra dividend Wednesday, was forging ahead, other senior base metals were slipping back. Falconbridge lost 1¼ points, International Nichel, Steep Rock and Quemont lost fractional ground.

Chibougamau Mining led the lower-priced mines down with a 50-cent drop to a new low of $2.25. Coldstream declined 17 cents, Nichel Rim 15 cents, Anacon Lead 14 cents and Consolidated Halliwell 11 cents.

Calgary and Edmonton was a heavy loser in senior western oils. It declined 1⅜ points in active trading. Great Sweet Grass was off 33 cents while Canada Oil Lands, Triad, Dome Exploration Western -, Consolidated West Pete and Amurex lost 20-30 cents. Central Ledue added 35 cents bow 20 cents.

Index losses; golds off .81 to 79.97; base metals off .98 to 236.30 western oils off 1.80 to 153.47.
