Gov't Plans To Train Stationary Engineers

OTTAWA (CP) — The government today announced an earn-as-you-learn scheme to overcome a shortage of stationary engineers for federal buildings throughout the country. The plan will be expanded if successful.

Intially 40 men, selected in a country-wide civil service competition, will get six-month courses in Ottawa and Winnipeg schools. While attending they will get $165-a-month pay from the government.

The courses are to start July 1. Graduates will be eligible for federal heating-plant jobs with pay ranging from $2,000 to $5,700 a year.

The government has 1,300 stationary engineers throughout the country. Most openings are in Ontario, Quebec, Nova Scotia and British Columbia.

Builders Trials Done For Atomic Submarine

GROTON, Conn., (AP) — The skipper of the Nautilus said Wednesday the atomic submarine now has logged more than 3,000 miles, hundreds of them while submerged, and called his ship "revolutionary and amazing" in performance.

Cmdr. Eugene P. Wilkinson discussed the Nautilus' record in a prepared statement issued in connection with a press conference.

He disclosed some minor "bugs" had developed during trials, including two small electrical fires during the first dive, and a loose screw on a gear casing.

Wilkinson said that the "builders' trials" have now been completed. The next procedure is a demonstration for the navy to show the Nautilus ready for acceptance as a unit of the operating Atlantic fleet.

Wilkinson said:

"During the course of operations to date, the Nautilus has got under way for operations nine separate times for a total of 319 hours and 32 minutes under way during which she had steamed over 3,000 miles.

"She has made a total of 69 dives and spent 92 hours submerged, steaming several hundred miles beneath the surface."

Toronto Stocks

TORONTO (CP)—The pace of trading slowed sharply at the stock market Thursday after four consecutive sessions of furious activity.

Total volume for the day was 9,851,000 shares, the first time it has fallen below the 10,000,000 mark this week.

Uraniums continued to hold the spotlight and ended strong after suffering small losses in profit-taking earlier. A uranium share index, based on 19 stocks and compiled by a member of the Toronto stock exchange, shows a spectacular rise in uraniums issues in the last few months.

Brokers attributed the climb to "speculative fever" which they said is gripping Canadians and Americans alike.

Multi-Minerals led uraniums up with a jump of 47 cents to $2.67. Willroy climbed 15 cents to $2.45, Can-Met 15 cents to $2.27, National Explorations 20 cents to $2.10. Consolidated Denison 20 cents to $8.

Lorado, however, dropped 20 cents to $4.40, Pronto 15 to $8.25, and Black Bay 10 cents to $2.15.

Fargo led advancng base metals with a jump of 20 cents to $2.45. Other gains went to Campbell Chibougamau, Cassiar, Bathurst, Quebec Copper, Maitimes and Brilund. Beaucage fell 15 cents to $5.40 and Quebec Metallurgical 15 cents to $3.65.

Canadian Colleries led western oils down with a drop of 45 cents to $8.75.
