Winter Brings Spring Fever

WINNIPEG (CP)—Dr. Morgan Wright of the University of Manitoba psychology department says winter weather saps a person's strength and induces a depressive feeling more commonly known as "the winter blues."

"That lazy feeling is nothing but a depletion of physical resources," he says.

"The intense cold has sapped our strength. We wear 10 extra pounds of clothing. Walking through wind and snow takes extra effort. We move continually from extremes of heat and cold."

This means a wear and tear on the system and lots of people try to escape by going to parties.

"Because their spirits are low they drink and smoke more than usual. This only makes them weaker. It's a vicious circle."

The psychologist says the winter blues are possibly the "vestigial remains of hibernation instinct."

His advice: "Smoke less and drink less. When you get home at night take it easy. Don't worry if you haven't any energy. Pick up a good book, take stock of past activities and ponder the future.

"You'll be a new and better man when the world wakes up in the spring," he says.

No Conference On Municipal Funds

OTTAWA (CP) — The federal government has no intention of calling a conference of the three levels of government to discuss municipal financial problems, Prime Minister St. Laurent said Wednesday.

Municipalities are agencies of the provincial governments, he said in a Commons reply to Ambrose Holowach (SC — Edmonton East).

"The position that has always been taken is that municipal authorities are agents of the provincial governments and that if the provincial governments wished to have them represented in our conferences there would be no objection, but that we had no jurisdiction at all over such authorities."

SUMMARY

By THE CANADIAN PRESS

Toronto—Market lower in moderate trading.

New York — Stocks lower; changes narrow.

Montreal—Industrials scattered higher; trading moderate.

Currencies

MONTREAL (CP) — The U.S. dollar Monday closed at a discount of 4 3-16 per cent in terms of Canadian funds, down 3-32. Pound sterling $2.68 3-16, down 3-16.

Toronto Stocks

TORONTO (CP) — The stock market, led by base metals Monday recorded a moderate decline amid the heaviest volume in more than a week.

The base metal index, compiled from the movements of 15 key issues, lost more than 1¼ points as almost each of the 15 stocks recorded fractional declines. Western oils were down more than one-half point.

The market opened higher as uraniums, refining oils and pipelines pulled other sections up. Coppers, however, waged a tug-of-war battle with uraniums in the mining section.

Just before noon, prices in all major sections were going down Uraniums wilted under the pressure of the copper losses and in mid-afternoon they too began to show more losses than gains.

Chibougamau Mining, on a light turnover, lost 55 cents at $3.05 among coppers. Copper Rand was down 35 cents to $4. Most other coppers were down between five and 25 cents. Granduc, however, gained 40 cents at $4.40 in light trading.

Senior base metals were fractionally lower in almost a straight line. Juniors had losses ranging to 40 cents and gains ranging to 20 cents. Pronto Uranium was off 30 cents and Northspan 20 cents.

United Oils featured the western oil section, climbing 33 cents to $2.40 amid heavy trading. Calvan Consolidated was up 40 cents to $5.10 on a few shares but other advances were generally narrow. Canadian Atlantic, one of 15 index stocks, lost 20 cents at $6.45.

Index changes: Golds up .34 to 76.74; base metals off 1.32 to 215.69; western oils off .57 to 160.23.
