R. H. Sterns returned last night from a brief visit to the mainland.

Mrs. R. B. Norton returned home last night from visiting her daughter at Lake Wallum.

Mrs. M. C. D. Campbell, of Prince Edward Island, is in Moncton on a visit to friends.

Jesse A. Wright, North Bedeque, spent Sunday in the City, the guest of Dr. and Mrs. Carruthers.

The schooner Thirty-three has arrived at Halifax from Souris, Prince Edward Island, with one hundred and eighty-five bbls. herring.

Mrs. (Col.) Moore, accompanied by Miss Farquarson leave this morning for Pugwash, N. S., to visit Mrs. Moore's daughter, Mrs. Black.

His Honor, the Lieut. Governor will assist at the commencement exercises of the Charlottetown Business College in the Market Hall to-night. The public is cordially invited.

Louis Duclos, Lowell; Miss N. J. Hamilton, Lynn; Mrs. D. A. Robertson and three children; Miss Claire and Master Fred Morrison, Providence; Mrs. R. McCormack, Boston were among those who registered at the Queen last night.

Correspondents should remember that to ensure early appearance of correspondence all matter sent in should be cut down as much as possible. Every attention is paid to correspondence but it is impossible to get anything in as written, especially when as of late many communications are being received each day.

At a meeting of the 200,000 Club last night it was decided to offer the City the sum of twenty-five dollars to be expended in the erection of better bathing facilities at Victoria Park, the bathing house to contain at least twelve apartments, and with a suitable number of floats attached. The work to be completed by the fifteenth day of July next.

The marriage took place in Winnipeg, Manitoba on Wednesday last, June 19th, of Miss Birdie Chappell, second daughter of J. J. Chappell, to John A. Whelan, of Port Arthur, Ontario. Mrs. Whelan has many friends here who will wish both bride and groom a very happy future, in which The Guardian joins. After their wedding trip to Toronto and the Maritime Provinces, they will take up their residence in Port Arthur.

Something ought to be done with the Government Pond at once. It is a disgrace to whoever is responsible for allowing the water to get as low as it is now. All that appears to be needed is to place an extra plank or two in the gate at the outlet. The pond is at present almost covered with a green scum and smells offensively. It is altogether out of keeping with the present healthy spirit of progress and should be looked to before this day passes.

Yesterday a committee from the Tourist Association conferred with the committee appointed at the last City Council meeting to look after the City bathing houses and put them in order. After the matter had been discussed it was decided to have a special meeting of the Council and then place a proposition before the members which it is thought, will be approved and afford good free bathing facilities during the hot season. This is a good move which everyone will look to see accomplished.

The S. S. Halifax, from Boston is expected to arrive here this morning about ten o'clock. She had eighty-six passengers for Halifax; thirty-three for Hawkesbury, and the following for this port: Mrs. W. A. Martin, Miss B. Martin, M. Leahy, A. McLeod, B. McLeod, K. McLeod, J. Stringer, L. Stringer, L. Durgin, S. Coes, L. McGilvray, M. McGregor, E. Young; Mrs. Stringer, W. and Mrs. Russell, Mrs. F. M. Boss, Mrs. F. Salmond, H. E. Smith, E. Duffy, J. H. Russell, W. Funmann, Mrs. J. Gilmore, J. and Mrs. Cunningham, Mrs. S. James, J. Daley, Mrs. E. Crosby, A. McDonald, Dr. T. Robbins, A. R id, Mrs. M. McEwan, Rev. W. Daly, R. McKinnon, C. Jundel.

Dr. Ells, the Dominion geologist who has been down to Earnscliffe in an advisory capacity for the Earnscliffe Exploration Co., returned to the City last evening. Seen at the Victoria he was decidedly non-committal with regard to what had been done, and all sources of information were shrouded in official reserve. There will later on be an official report of his visit issued by the Government, and that may convey some new light with regard to the chances for discovering mineral wealth in Earnscliffe, a consummation which every one will welcome. Dr. Ells was surprised to find that information purporting to come from him had been circulated to the effect that he had said the conditions were exceedingly favorable. But it appears as if there is some hope of success and the company are going to bore in the hope of discovering coal, on the farm of John Tweedy. Dr. Ells leaves this morning for St. John, N. B.

C. B. C. closing takes place in Market Hall tonight.

Fred. Patten, of Calais, Me., is en route to P. E. Island, where he will spend a few days.

Tenders are to be called for the erection of the new railway freight shed in this City for which the sum of fifteen thousand dollars will be expended.

Among the many who registered at the Victoria last night were M. W. McKay, St. John, N. B.; W. D. Hugh and wife, Greeley, Colo; Miss M. E. Davis, New Bedford; M. Jangram, Boston, G. A. Freeze, St. John.

Last night Victoria Park held a happy crowd of visitors, who inspected the preparations made during the day for the military camp. The Pask is at its best just now and the odour of the trees in blossom filled the air around.

Yesterday the police were notified that an old man was sick on Lower Queen Street. The policemen as tenderly as possible took him to the station, but the only conveyance they appeared able to command was a "jigger"—and, well how would you like it? Isn't it time a patrol wagon was provided?

At the Police court yesterday the case of two young women charged with bad behaviour in Victoria Park was tried. It seems that the culprits have left the City, being afraid to face the music, and it is suspected that more than they were anxious that they should go. After hearing the evidence the Magistrate pronounced a sentence of three months imprisoment against each of them, the sentence to remain pending in case they return. This should be a warning to others similarly inclined as the police are determined to put a stop to such conduct.

An accident from an auto which contained a variation of the usual result was the effect of a horse getting frightened yesterday. An Horne & Co's express team was standing outside the store door loaded with several boxes of "boneens"—otherwise young pigs—destined for faraway homes where they were to grow up and develop into bacon hogs which would spread the fame of Prince Edward Island pork. While the little squealers were musing on their future destinies a stink-wagon came along grunting worse than any of their grandfathers. The horse to which their lives were temporarily entrusted proved recreant to his trust, and in trying to avoid the "unpleasantness" upset the wagon. Little pigs were distributed all over the street and it required the efforts of a number of volunteer hunters to recapture them and send them again on their way. The horse and wagon were recovered on the Brighton Road.

Ten drops in sweetened water, gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nerviline's is so trusty and economical, a bottle at home would'nt be amiss. Free Gold

Larder Lake Outclipping Cobalt

Wonderful free gold deposits are now being discovered in Larder Lake District, 6 miles north of Cobalt, the famous silver belt. Both Cobalt and Larder Lake are "poor man's camps" because the mineral is near the surface. We have properties there assaying $25 to $500 on the surface to the ton. Great excitement prevails in Canada over these new gold discoveries; so close, you can leave Toronto in a Pullman car at 9 o'clock at night and be up there before noon next day. Prospectors, mining men and investors are rushing into this district. Many companies are being formed to develop these gold fields. Our Company, the Larder Central Gold Fields, Limited (no personal liability), one of the first on the market, incorporated $1,500,000 par value $1.00. The first allotment is now 25c per share, fully paid and non-assessable this money to be used for working purposes. These shares will be worth $1 00 before the end of August. That is 400 p c on your money. Fortunes by the poor as well as the rich are being quickly made. Men in 1906 poor, in 1907 rich. We have had men in the field from the start who selected some of the very best claims in Larder.

We Are Taking Out Free Gold

We issue a guarantee, which accompanies the stock, giving all investors fifteen days time to investigate, then if not satisfied money will be returned.
