LOCAL AND OTHER ITEMS.

FOR DRILL. — The Charlottetown Engineers will meet for drill to-night.

ARTISTIC.—Among the many excellent photographs in the show window of Lewis' photographic studio is a likeness of the officers of the Ancient Order of Hibernians.

ANOTHER RECORD BROKEN.—Mrs. Geo. Benbank was granted a divorce a few days ago by a Tacoma, Wash., court within three minutes after filing the petition. This is believed to brenk the record.

IT GOES INTO EFFECT.—A telegram received yesterday from the Minister of Marine and Fisheries, stated that the official order respecting certificated captains for the ferry steamers and tugboats must go into effect at once.--St. John Sun.

PUGILISTIC.—It looks as if the Corbett-Mitchell fight were off for good. It is announced from New York that Mitchell has stopped training and W. A. Brady, acting for Corbett, has declined the Bowling Brook Club's offer of $12,000 for the big fight in London.

MICA DISCOVERY.—A rich mica mine has been discovered on the Chicoutimi river, on the property of Mr. Eug. Belanger, pilot. It is in a good position for working and easy of access. The specimens brought to Quebec are very fine.—Quebec Telegraph.

A LARGE YIELD. — It is stated that Lewis Kinterrater, of Woodville, Halifax county, last spring planted eleven potatoes from which he dug six bushels, the largest potato weighing 2 lbs. 2 oz. Cornelius Oicles, also of the same county, dug one which tipped the scales at 2 lb. 11 oz.

THE WORCESTER SAILS.—The steamer Worcester left for Boston last evening with a general cargo and the following passengers: John Gunn, Fred Gotal, John Murphy, M T Burns, J P Young, Mrs Young, M F Clow, Mrs Clow, Mrs P McLean, Alfred Ferguson, Miss Dingwell, Miss Currie, May McIntyre, Mrs P Shea.

SUCCESSFUL AT LAST.—The woman who nightly searches under her bed for a man has been at last successful. It was in the bedroom of a woman in Third Avenue, New York. The fellow was a burglar, and had entered the room by a fire escape, and thus concealed himself from detection. The unfortunate burglar evidently didn't understand the habits of the average woman.

SHE WANTS DAMAGES. — Miss Jane Young, of Gladford, near Toronto, has had a writ issued against one Dr. James W. Snuck, claiming $5,000 damages for breach of promise of marriage. It is claimed that the young people were engaged to be married for a couple of years, but while the defendant was studying medicine in Toronto, he met another girl and married her about a month ago.

DANGERS IN BARBERS' CHAIRS. — That true bliss is found only in ignorance receives a striking illustration from the discovery of an eminent physician of Berlin, who after exhaustive investigation, has ascertained that patrons of barbers' shops run the risk of contracting dermatomycosis tonsurans nerpes tonsurans, impatigo contagosa, trehorrhexis nodosa, acme, variolformis, impetigenous eczeme, alepecia areata, tubercolosis and several other things.

NORTHWEST WHEAT. — A Whitewood farmer named Charles Davis this season grew 18,000 bushels of white Fife wheat, all of which weighed nearly 69 pounds to the bushel. This record is declared to beat the world and is quite an advertisement for the Assiniboia district.

The Government grain inspector has published his report. It shows that of all the wheat inspected at Winnipeg thus far this season, over 60 per cent. has graded No. 1 or better.

GOOD MINING NEWS.—A telegram received in this city a few days ago from Missoula, Montana, states that the operatives in the Cliff silver mine at that place have reached the chute and struck a vein of ore five feet thick, which is being developed with every indication of success. An improvement in shaft ore is also reported in the same telegram. A large portion of the stock in this mine is held in Charlottetown. We trust that the mine will "pan out" well.

THE OPENING OF THE TEMPLE.—Arrangements have been made with the P. E. Island Railway whereby tickets at one first-class fare will be issued on Tuesday, 31st Oct., by the Summerside evening express, so that passengers coming to Charlottetown to attend the opening of the Masonic Temple, may travel at a reduced rate. These tickets will be good for return on the following morning. The same arrangement has been made with regard to Thursday evening, the 2nd of November, and the following morning.

THE HOOPER CASE.—In the Hooper wife-poisoning enquiry at Joliette, Que., on Wednesday, undertaker Beausoliel, testified that he had originated the idea of pouring alcohol into deceased's mouth after death. Hooper merely wanted the body to be embalmed for the trip to Port Hope. The alcohol was poured into the stomach in the morning after it had been decided that the coroner of Joliette would not hold an inquest. The defence was greatly pleased to have this important point elucidated, as it had been said that Hooper had used the alcohol to destroy the traces of prussic acid in the body.

THE TURF.—The races at Souris tomorrow promise to be closely contested and well worth going to see. Both Harry C. and Balston are in good form, and the race between them will be a close one. There will also be other races.

The New Glasgow (N. S.) Chronicle says: At Independence, Iowa, on the 26th inst., Israel took a race record of 2.19¼, and Mayflower, by Israel, bred by Robert Dewar, Esq., of Barney's River, took a record of 2.28. Israel's dam, Jessica, now has two in the 2.30 list, Clayola, 2.21¼, and Israel, 2.19¼, and she has other sons and daughters with speed to beat 2.20. Jessica's dam, Jessie P., 2.24¼, was also dam of Maud A., 2.26¼. Israel, son of Jessica, has two in the 2.30 list: Dinah, 2.21¼, and Mayflower, 2.28.

Fair weather, not much change in temperature.

LOCAL AND OTHER ITEMS.

THE MARKET.—At the market to-day the only change to note was in the price of eggs, which sold at from 17 to 18 cents per dozen.

POLICE COURT.—A countryman, Daniel Compton, appeared before His Honor this forenoon. He was charged with drunkeness and was fined $2 or 8 days.

WATERWORKS FOR LUNENBURG.—A company of Lunenburg capitalists has been formed to put in a waterworks system into that town. The work of pipe-laying will begin this autumn. No arrangement whatever has been made with the town in regard to subsidy.

A VEGETABLE CURIOSITY. — We were shown to-day by Mr. Joseph Stewart, of this city, a turnip which he picked off a wagon-load of potatoes. The turnip is in the shape of a man's hand, the fingers and thumb being well defined. The curiosity may be seen at Haszard's bookstore.

DEATH OF AN ISLANDER.—Edward A. Bovyer, (son of the late Stephen Bovyer, of Charlottetown) died at Sacramento, Cal., recently, leaving a wife and two sons to mourn. The deceased had been a resident of Sacramento for upwards of twenty-five years, and was esteemed by all who knew him. He was a contractor and builder.

C. M. B. A.—Grand Deputy Keefe, of St. John, organized a branch of the Catholic Mutual Benefit Association at Alberton last evening, and duly installed the officers. The society is to be known as Sacred Heart, Branch 214. This is the first branch of this society organized in Prince Edward Island. Branches are also to be organized at Charlottetown, Summerside, Miscouche and Vernon River.

STEAMERS' MOVEMENTS.—The Bonavista will be due here from Montreal on Monday morning, and will sail for St. John's as soon as her freight is all in.

The Coila returned from Alberton yesterday with a cargo of produce and twenty-two horses. While being docked at Connolly's wharf she collided with the wharf, sustaining injuries which will delay her a few days.

WHERE THE POLICEMEN CAME FROM.—When Bishop Fallows was addressing a crowd of the unemployed in Chicago recently, he said: "The public officials are in sympathy with you. They have sprung from your own ranks. Where did our policeman come from?" The bishop was not permitted to answer his own question. With one voice 300 or 400 people yelled out "From Ireland!" and the laughter that followdd was infectious, and even the bishop himself was compelled to join in it.—Exchange.

WEDDING BELLS.—Wednesday, Oct. 25th, was the occasion of a very pleasant event at the house of Wm. F. Fraser, J. P., of Linwood, Lot 31, in the marriage of his sixth daughter, Hattie Crawford, to C. H. Spurgeon McCabe, of Middle Musquodoboit, Halifax Co., N. S. The bride was becomingly attired in dark brown, prettily trimmed with gold braid, and the number and beauty of the wedding gifts attested to the high esteem in which she was held. The ceremony was performed by the Rev. M. C. Higgins, of North River, P. E. I. After an enjoyable repast and a few moments' pleasant converse the bride appeared, equipped for the journey in an exceedingly pretty travelling costume of navy blue, and the happy couple drove to Charlottetown en route for their new home, carrying with them the best wishes of their many friends for a happy and prosperous life.

THE SLEIGH FOR PRINCESS MAY.—The sleigh given by the ladies of the Dominion to the Princess May, as a wedding gift, is now completed and is now on exhibition at the show rooms of the makers, Messrs. Ledoux & Co., Montreal. It is a very creditable piece of work, and does honor not only to the manufacturers themselves, but to the Dominion at large. It is a three-seated family sleigh of graceful contour; the body is hollowed out, the sides open and the seats retreating, which gives it an appearance of easy comfort. The body is a dark blue, with red stripes; runners painted scarlet, striped in black. The upholstery, which is very rich, is done artistically in dark blue, and the mountings are entirely in silver. The sleigh itself is constructed of second growth ash. According to instructions, no coat of arms or quarterings were attached.

CANADIAN PORK.—The Toronto market, says the Monetary Times, has but limited supplies of hog products, and prices are unusually high. In every item of hog products present quotations are higher than those of a year ago. American mess pork during the past year has been at a price which did not allow of exportation to Canada, and, as a result, the home market has been supplied almost exclusively by Canadian pork. As a result increased interest has been directed to this industry in Canada, and some packing establishments have increased their capacity. One day last week the firm of J. & L. Grant, Ingersoll, slaughtered 800 hogs, and this, we are told, is not an uncommon occurrence. It is just a question whether the quantity of this season's hogs will be up to the average. Farmers, in order to make the most of high prices, last year killed off many of their breeding sows, and it is held that young sows are not breeding to good advantage.

HUNDREDS of ladies in ill health have been or are being restored to health and strength by the use of Hawker's Tonic. It has become the great and popular family remedy.
