TORONTO

TORONTO (CP) — The stock market Monday suffered another jolt as selling pushed prices down in all sections.

For most of the session western oils led the decline but in the closing minutes it was industrials which took over the lead. The industrial index lost 8¼ points, its heaviest loss since Oct. 1.

Western oils climbed back slightly in the final hour but still received an index-loss of 6¾ points. At 2 p.m. the western oil index was off 8 ¾poists, one of the worst single-session declines the section has had since being computed by the index system.

Base metals lost four index points while golds were off a point.

It was generally a case of jitters behind the decline. Wall Street had a heavy sell-off and its influence was felt here almost immediately. Nothing seemed to escape the selling.

Uraniums, with Gunnar off two points at 12 and near an all-time low, led the mining list in losses. Other high-priced uraniums lost up to 1½ points while lower-priced uraniums lost up to 1½ points while lower-priced issues were down in a 50-cent range. Other mines followed the same pattern.

Western oils were led by Calgary and edmonton, off 4½ at 17½. Several other seniors lost at least a point. Lower-priced stocks moved down in a 60-cent range.

Index losses: Industrials 8.30 to 388.33; golds .99 to 69.39; base metals 3.96 to 146.02; western oils 6.67 to 124.81.

NEW YORK

NEW YORK (AP)—The stock market Monday suffered its worst debacle since Sept. 26, 1955, the first trading session after President Eisenhower's heart attack. But losses were only half as bad as on that day.

The quoted value of stocks listed on the New York Stock Exchange was slashed by an estimated $6,350,000,000 based on the fall in the average.

Successive selling waves hammered down the price of key stocks from 1 to 6 points and boosted volume to 4,670,000 shares the biggest since Sep t.27, 1955, when 5500000 shares were traded

The break put the average down to its lowest since March 14 1955.

The Associated Press average of 60 stocks fell $5.10 to $151.60 with the industrials down $6.30, the rails down $6.40 and the utilities down $1.70. Both the 60-stock average and all its components were down to new lows for 1957.

Canadian stocks were in the minus column on the New york Exchange. Losers iscluded mcIntyre porcupine, 1¾, International Nickel, 1½; Aluminium Ltd., 1 and Walker-Gooderham, ¾.

Prices fell on the American Stock Exchange also. Canadian issues followed the downward trend. Brazilian traction lost ¼ on 6100 shares and a loss of 3-16 was posted by Preston East Dome, Fargo Oil and Jupiter Oils.
