

Christmas Cigars

We would like to give a quiet "tip" to the ladies who wish to give cigars for Christmas. If you want please him let us furnish the brand he likes. If you want something really fine—something that will be a real treat—let the extra quality be in the cigar and not in a fancy box. We will furnish Cigars of the right kind in boxes of 25c, 50c or a \$1.00. Let us assist you in this matter.

FRIDAY, DECEMBER 16, 1904.

MRS. CHADWICK.

Mrs. Cassie Chadwick whose arrest for swindling operations on a vast scale has attracted so much notice in the press, is alleged to be of Canadian birth. She was born plain Betsy Bigley, at Appleton, in Middlesex County, Ontario and later lived near Woodstock. In her girlhood she was eccentric with a talent for getting other people's money. She married and settled in Cleveland, where her husband was a manufacturer. He died leaving her fairly well-off. A little later she obtained \$100,000 from a friend by means that landed her in the penitentiary. Once out of prison she soon regained some position in society and seven years ago married a Cleveland doctor who was ignorant of her criminal record. Since then she has lived like a princess. She is described at present as a kindly faced, plain woman with gray hair, a few wrinkles and a good figure.

The charges against her are, in brief, the forgery of Andrew Carnegie's name to a note for half a million dollars and to an acknowledgment that he held in trust for her over \$10,000,000, so falsely representing herself as a person of great wealth. In fact she actually obtained at least \$1,181,000 from bankers and business houses, and caused the failure of two banks. She is said to have lady-like manners and as she wore jewels of great value she was able to impress bankers and obtain vast sums on the strength of her alleged relations with Mr. Carnegie, and possession of so-called securities which were worthless. It seems incredible that for several years she thus succeeded in imposing upon her dupes. Common sense should have shown to any of them that Andrew Carnegie, with his enormous wealth would not give his note for \$100,000 to be hawked about. The amazing thing is that the bankers, who so readily handed over vast sums to this swindling adventuress seem to have made no effort to verify her statements. The Carnegie signature, was, of course, a forgery.

By virtue of a Writ of Statute Execution to me directed, issued out of His Majesty's Supreme Court of Judicature, at the suit of John P. Morris against Richard Reid, I have taken and seized as the property of the said Richard Reid, all the estate, right, title and interest of the said Richard Reid, in and to all that tract, piece or parcel of land, situate, lying and being on Township Number Thirty-five, in Queen's County, in Prince Edward Island, bounded and described as follows, that is to say: Commencing at a stake fixed in the eastern extremity of the north boundary of land formerly in possession of Donald McIsaac, Senr; thence west along said north boundary eighty-nine chains to the east boundary of Township thirty-four; thence north along said east boundary nine chains and eighty-six links to the western extremity of the southern boundary of property of Philip Hughes; thence east ninety chains and forty links to the shore of Bedford Bay, and thence along the line of said shore, containing eighty-seven Acres of Land a little more or less, as the same is described in the Government Deed to Richard Reid, dated 21st October, A. D. 1877. And I do hereby give Public Notice that I will on Friday the Sixth day of June next, coming, A. D. 1905, at the hour of 12 o'clock noon, at the Court House in Charlottetown; in Queen's County, set up and sell at Public Auction the said property or as much thereof as will satisfy the levy marked on said Writ, being the sum of one hundred and three dollars and fifteen cents, with interest on Seventy-five dollars from the tenth day of March, A. D. 1904, until paid, at the rate of six per cent per annum, besides Sheriff's fees and all other legal incidental expenses.

POPULAR VOTE FOR PRESIDENT.

The popular vote in the presidential election has now been almost fully tabulated, and it appears that 13,533,619 persons voted. The number breaks all records, and President Roosevelt obtained a larger support than any previous candidate for the presidency, and also the largest plurality. The popular vote cast for each of the tickets in the presidential election was as below:

Roosevelt, Republican	7,640,500
T. Parker, Democrat	5,693,891
Debs, Socialist	382,857
Swallow, Prohibition	248,411
Watson, Populist	134,381
Corregan, Soci list-Labor	33,519

It appears that in New Brunswick there are to be no election trials growing out of the federal election. The members elect for the Province are nearly equal in numbers—seven Liberals and six Conservatives—and a St. John paper states that an agreement was reached some time ago between the party leaders in the Province to accept without protest or petition the returns already made. This seems a sensible sort of arrangement under the circumstances. It is not probable that either party could gain much, if anything, by attacking the other in what must of necessity prove a costly legal contest.

Commencing to-morrow, this store becomes a Christmas store in real earnest. Welcome, nine days from this morning when the sun and the moon bid each other good night and good morning, it will be Christmas Day. Christmas with all its joyous songs and merry music. Christmas, with its prattle of little voices, the noise and din of drums and horns and what not. Christmas, when grannies and grandpas and maumas and papas have to become children again—just for a day—to put the blocks together, to color the pictures in the story book, to make the engine hum and the automobile whiz. And then, Christmas, to make sad havoc of the barnyard fowl, and the plum pudding and other goodies. Yes, Christmas is a day to look forward to.
