Toronto Stocks

TORONTO (CP) — Western oils led a general advance in mining stocks on the Toronto stock market Wednesday.

The oils gained more than a point on the stock exchange's index.

The bigger western oil gains went to Pacific and Peace River and the group closed with half again as many gains as losses. Advances in individual issues, however, were smaller than those Tuesday.

Hudson Bay climbed sharply in the final hour for a $1.67½ gain on the day. Senior base metals as a group closed firm and juniors were ahead pennies. Golds closed strong in seniors and prospects but juniors were easier. Manitouwadge stocks eased but Bathurst issues added pennies.

Twenty-three 1954 highs and 11 lows were recorded.
