Russia Issues New Forbidden Cities List

MOSCOW, Jan. 16 — (AP) — Russia today issued an additiona. list of locations forbidden to visiting foreigners, including 22 cities not on the list circulated in September, 1948.

In the area of Moscow itself, foreigners had been restricted to travel on certain roads within 30 miles of the capital. Now they must stay within 25, with certain exceptions.

Cities added to the "forbidden" list include: Poltava, Kharkov, Kirovgrad, Pskov, Vitebsk, Gomel, Yaroslavl, Shcherboakov, Bryansk, Chkalov, Novosibirsk, Stalinsk, Ufa, Omsk, Tomsk, Igarka (except for foreign shipping), Cheremkhovo, Chirepovets, Saratov, Astrakhan and Magach-Kala.

The region around Uchenskoye reservoir, northeast of Moscow, also was added to the list.

There could be a number of reasons why travel by foreigners would be forbidden in the cities listed. In the case of the Siberian cities, it may have something to do with the Soviet atomic energy program, particularly with regard to Yakutsk, which some believe is near the site of Soviet atom-bomb experimentation.

In other cases, the reasons may be the proximity of war industries.

DAILY CRYPTOQUOTE—Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Sport Echoes From Prince County

Gordie MacKay has joined the airforce. Thus passes from the Summerside sporting scene one of her best athletes. Gord was among the very best baseball players developed in Summerside during the years of Summerside's greatest glory in the summer sport. Taking everything into consideration, he was probably the greatest batter of them all. He couldn't hit as long a ball as Les Gaudet, whose hefty blows provided more dramatic moments than any other of our bludgeon wielders, but Gordie could powder the ball, too, and over the years his bat has done more for Summerside's attack than any of the rest of the boys who dug in and took their cuts at the platter.

In the field, he cannot so clearly and positively be placed at the top of the heap, but he was undoubtedly one of the best outfielders, and one of the best shortstops we have had. He thrilled basefall fandom over and over again with his spectacular dashes to rob opposing batters of what looked like sure hits.

He was on the base paths one of the fleetest in these parts, and often flustered the defense with his daring base running. Yet in this department was, perhaps, his only weakness in baseball. Sometimes in his mad dash around the paths, he forgot that there were three islands of safety placed at the corners of the diamond for his convenience. Yet there is little doubt his base-running, taken in its entirety, did much more for our cause than against it.

As a hockey player he was not so outstanding as in baseball, but he was better than average, and might be called one of the good "little men" of hockey. Like his batting average, his scoring totals were always high. In some of the indoor sports, such as gin rummy, Gordie did not stand out so much from the common crowd, but win, lose, or draw, Gordie was always a good sport and we shall miss him very much.

The O'Leary Maroons showed that they are a team to be reckoned with this year by holding the powerful Freetown sextet to a 4-3 score. This was the first defeat suffered by the Maroons this season. They had defeated Summerside High, Albany and the Summerside Rockets.

High-Average Harness Driver For 1951 Named

SARATOGA SPRINGS, N. Y., Jan. 16 —(AP) —William (Doc) McMillan, 61-year-old harness racing driver, today was named the high-average driver of 1951 by the Universal Driver Rating System.

He was top man among reinsmen who competed in 200 or more races.

McMillen, whose home is in London, Ohio, compiled an average of .457. He scored 98 wins, 69 seconds and 37 thirds in 325 starts. All of his racing was in Ohio and Kentucky.

Genny Schue, who rode the Grand Circuit from coast to coast, was a close second with .454. The 39-year-old reinsman from Grand Forks, N. D., had 63 wins, 33 seconds and 39 thirds in 208 starts. Del Miller of Meadowlands, Pa., 1950 percentage champion, finished third with .442.

The year's top money winner and leading dash winner, Johnny Simpson, was 17th on a percentage basis. The Chester, S. C. driver boasted winnings of $333,136 and 118 victories.

Buyers' Market Returning In Food Business

QUEBEC, Jan. 16 —(CP) — Competition is returning gradually to the food business and we soon may have a buyers' market, D. M. Prather of Toronto, president of A. C. Neilson and Company of Canada, Ltd., said today.

Speaking at a luncheon of the Canadian Food Processors Association's fifth annual convention, he said Canada's economy remained buoyant and there was no indication of a recession.

However, price cuts here and there will break down the consumers' resistence which is more and more noticeable.

Dealers will have to offer their quality goods in practical and appealing containers. Advertising will continue to play an important role in the industry. The trend has always been toward newspaper advertising, he said, and lineage now has jumped from 95 to 106 per cent.

He said he foresaw a difficult and hectic year for the industry, although it was impossible to make any definite forecast.

The two-day convention will end tomorrow night with a banquet at which Quebec's Premier Duplessis is expected to be guest speaker.

Keen Competition To Mark Ottawa's Annual Dog Derby

OTTAWA, Jan. 16-(CP)- A record entry of 26 contestants—their sights aimed at the gold challenge trophy and $5,000 in prizes — will compete this year in the third annual 100-mile International Dog Derby. Feb. 7-8-9.

Donald Reid, derby chairman of the Ottawa Junior Board of Trade, which sponsors the race, predicts that United States mushers will provide keen competition for Canadian drivers, who have romped home winners the last two years. At least 10 U. S. teams will enter the event.

The race is run in three daily 33 1-3 mile heats. The course starts on the frozen Rideau canal in the heart of the capital, cuts through the city and loops cross-country in a southerly and southwesterly direction before swinging back to the starting point.

Heading the Canadian competitors is Emile Martel, 48-year old lean six-foot Loretteville, Que., musher, who last year drove his dogs across the finish line with a combined winning time of nine hours, one minute and 11 seconds.

Martel, runner-up in 1950, will be out to gain permanent possession of the trophy. To do this a driver must finish first three years running.

Perhaps the most dangerous threat from the U. S. is big Bill Shearer, a furniture dealer from East Jaffrey, N. H. He will hit the trail with 11 highly-trained Siberian huskies. Shearer last year finished in the runner-up spot one minute, 29 seconds behind Martel.

Other members of the U. S. contingent include Dr. Roland Lombard and Dr. William Belford, both of Deersfield Mass., Bill Belletete, Helena, Mont. and Frank and Dexter Sears of Lake Placid, N. Y.

Set Track Record

Dr. Belford, who finished in eighth place in the 1951 derby, set a track record in the final day's run. He ran the course in 2:50:24 and was presented with a gold cup by Dr. Agustin Nores Martinez Argentine Ambassador to Canada.

A newcomer to Canada, Tat Duval, president of the New England Sled Dog Association will rank as one of the chief contenders. He has been racing sled dogs since 1929 and has won many important races in the United States.

A husband and wife combination will come from Manitoba. Laird Ouellette, 38 year old C. N. R. fireman from The Pas, who finished fourth last year after winning the Marathon Derby at The Pas and his wife, will enter teams.

Oldest man to try the gruelling test this year is Antonio Giguere of Loretteville, 72 year old veteran of more than 150 races. He has amazed spectators for the last two years with his tireless efforts, finishing the 1951 race 27 seconds out of the money in seventh place.

Military rivalry is shaping up this year between the United States Air Force and the Canadian Army. A dog-team from the U. S. A. F., stationed at Goose Bay, Labrador, has been flown to Hamilton, Mass., for three weeks' special training along the New England trails, and Sgt. Dinny Hayes, with the Canadian Army, Ottawa, is entered with a team of nine purebred Labrador retrievers.

Wilfred Lepine, 1950 sled dog king, who finished fifth in last year's race, will again bring his hounds to contest this event.
