DAILY MARKET QUOTATIONS

SUMMARY

By THE CANADIAN PRESS

Toronto — Market irregularly higher in moderate trading.

New York — Market mixed; early losses cut.

Montreal—Industrials down in late moderate trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar Wednesday closed at a discount of 5 5-32 per cent in terms of Canadian funds, up 3-32. Pound sterling $2.63⅞, up ⅛.

TORONTO

TORONTO (CP) — The stock market received some buying support Wednesday in the final few minutes and many of the earlier losses were wiped out.

Aconic Mining Corporation, the main interest for most traders, closed at $2.95, a gain of 95 cents over Tuesday's last price which was a drop of $9.37½ from that day's opening quote.

Toronto Stock Exchange officials had no comment to make about Aconic's sudden plunge but a meeting of the Exchange board described by a spokesman of the TSE as "the regular monthly meeting," was still in session after the close at 3:30 p.m.

Trading on Aconic stock was heavy and the price wavered back and forth throughout Wednesday's session. The price was $2.75 at the open. An hour later it touched $3 and at noon was at $3.75, high for the day. Later the price dipped to $2.90 and then went back to $3.25 before closing at $2.95. The volume of the issue was 299,615 shares.

Meanwhile, the rest of the market had a majority of issues on the downside but key issues had narrow gains to give all indices an advance on the day.

International Nickel sparked the rally in senior base metals with a 1¾-point gain to 87½. Hudson Bay, although trading ex-dividend, added a point at 56. Labrador was off a point to 21½.

Lower priced mines were mixed in narrow-range trading. A few golds and holding companies had 20-cent losses while other issues gained as much as 15 cents.

Western Oils had some sharp losses scattered through a generally mixed list. Fargo lost $1.25 at $7.50 while Gridoil was down $1.15 to $9.10. Consolidated West Pete lost 45 cents at a new low

Index gains: Industrials .56 to of $8.15. Canada Southern added 20 cents at $7.50.

Index gains: Industrials .56 to 465.21; golds .07 to 76.69; base metals .03 to 184.61; western oils .84 to 180.36.

STUDY IN RIFLES

L-Cpl Jack Rodgers, left of Ottawa, takes aim with the new C1 rifle now being issued to the Canadian Army. The rifle is the Canadian version of the Belgian FN rifle which has been adopted as a standard weapon by many countries of NATO. Meanwhile at right Pte Dale Peters of North Rustico, P.E.I., aims the old No. 4 Lee Enfield in comparison. Both are members of a demonstration platoon from 2 Battalion, The Royal Canadian Regiment.
