Pound sterling up ⅛ to $3.02 3-16.

NEW YORK

NEW YORK (AP)—The stock market made another advance Monday but the mere thought an auto strike was possible injected a note of uncertainty and the list closed below its best level. Trading was moderate.
Henry Ford II, chairman of Ford Motor Co., was quoted as saying willingness to accept a strike is "part of the price" of preserving "free and responsible collective bargaining." As Ford soon starts labor contract negotiations with the United Auto Workers Union, Wall Street was reminded of the bugaboo that has lurked behind the glowing economic reports which have backgrounded the market rise—the possibility of an auto strike.
Motors turned mixed and certain other sections of the list became ragged. Strong leadership by steels and rails continued, however, and the market ended the day well into plus territory.
The Dow Jones industrial average, which had been up as much as 2.63, closed with an advance of 1.32 at 826.57.
Gainers outnumbered losers by the comfortable margin of 611 to 450 among the 1,339 issues traded.

RECORD HIGH MADE
The Associated Press average of 60 stocks made a record closing high of 309.3, dropping its previous peak of 308.6, last Wednesday.
Steels rose amid continued reports that orders are holding up at a time when they usually experience a summer lull.
Chrysler was the most active stock, up ⅛ at 50½ on 122,100 shares. Second was Texas Gulf Sulphur, off ½ at 51 on 120,600 shares.
Although General Motors was up ½ in active trading, Ford eased ⅛ and American Motors lost ¼. Studebaker was unchanged.
Among Canadian issues Aluminium Ltd. gained ½, Distillers Seagrams ⅝ and Canadian Pacific ¼. Granby Mining lost ¼, Dome Mines and International Nickel each ⅛.
Prices were irregularly higher on the American Stock Exchange. Molybdenite and Fargo oil gained 1-16. Canadian Marconi lost ¼.
