Easter Seals Campaign Opened At Rotary Club

His Honour Lieutenant-Governor Prowse made the first purchase of Easter Seals from little Anita Gauthier at the weekly luncheon meeting of Rotary yesterday after announcing the campaign officially opened. Rotarians Tudor Gencheff and Tom DeBlois, who along with Dick Dowd and Brian Cudmore, are giving leadership in the Easter Seal campaign, gave an outline of the need and scope of the work endorsed under the campaign.

"Rehabilitation—, the cultivation, restoration and conservation of human resources is a problem well recognized today from a medical social and economical point of view," Dr. Todor Gencheff said in his address. "Rehabilitation does not stop with the physical restoration of the patient, but goes on to the mental, social and vocational—the fullest possible life."

Stressing the need for a major three-fold program, the speaker said. "The establishment of proper facilities for handicapped persons is a medical, governmental and communal responsibility which every day is gaining support. The medical responsibility is to restore the patent physically to a maximum, where he will be able to fit himself for some kind of work and support himself from a physical point of view. The rehabilitation program as a whole is a very expensive one, because the majority of these patients require long hospitalization and readjustment mentally as well as physically. With the exception of a very few, it is impossible for the individual to carry such a financial burden, and the responsibility rests, therefore, with the government and the community."

MAJOR OBJECTIVES

After describing many of the special fields in which treatments are necessary, the three fundamental objectives were dealt with; Ability to walk and travel, to take care of daily needs, and maximum use of hands." Better results are obtained by working with the patient than working on the patient," the speaker said in quoting a noted authority. "Let us hope that very soon a Rehabilitation Centre will be provided, which will make it possible for all afflicted to look forward to a brighter future."

Tom DeBlois in announcing the province-wide Easter Seal Campaign for Crippled Children and adults, sponsored by the Rotary Club described many of the congenital and orthopedic conditions receiving aid from the proceeds of the Easter Seal Campaign last year. There is no canvass campaign, it is all done through the mails. The true message of Easter is one of Hope and Victory. "We want to bring Hope and Victory to the many crippled children and adults of this province," Mr. DeBlois said.

The campaign manager is Mrs. Rose Savage, a patient in the Orthopedic Centre.

Both speakers were introduced by the chairman, Dr. W.J.P. MacMillan, and thanked by Brian Cudmore for the thorough insight given Club members in regard to the crippled children and adult situation in this province.

Rotary honours were extended to George Rogers, John Simmonds, Fred Cannon, Roy MacGillivray, Al MacLeod, Ken Parker and Fulton Pierce each of whom became members in 1952.

Congratulations and all good wishes from president George Fisher were extended past president Dr. W.J.P. MacMillan with a "Happy Birthday to you" in song by the members.

Reg Bell and Don Gass were elected to represent the Club at Rotary International meeting in Switzerland in the early summer.

An expression of regret was tendered Dr. Giddings on the death of his mother.

A welcome was extended B. Graham Rogers on his recovery from a recent illness.

Rotarian, Hon. E.P. Foley, M. L.A. of Summerside was a visitor.

N. Bedeque Men Meet At Manse

Wednesday evening March 20th was "open night" at the regular monthly meeting of the North Bedeque Charge Men's Association. The congregation were invited to the Manse.

The Association President, Allison Profitt, presided. The devotional period was conducted by Rev. Grant Walls, and consisted of the singing of a couple of familiar hymns followed by scripture reading and prayer.

The meeting decided to order lapel pins and membership cards. The next meeting of the group is scheduled for April 22nd, in Freetown Hall.

The President, Mr. Profitt gave a brief talk on his recent visit to the different presbyteries in the Maritimes.

At this meeting the topics of Education and Temperance were discussed briefly. It was pointed out that church groups should be more active in voicing their opinions on the liquor question. It was further pointed out that more liquor was sold to local people in Nova Scotia's restaurants then to the tourists. Some thought the same was true of Borden.

A petition was drawn up and signed by all the members present. This petition will be presented to the Premier as an expression of the views of the members of this Association.

Following the meeting the rest of the evening was devoted to a closely-contested crokinole party, in which Teed Drummond and Mrs Frank Jardine emerged the victors. Runners-up were Allen Clow and Mrs. Walter Burns.
