New York Stocks

NEW YORK (AP) — Heavy demand in key areas sent the stock market ahead strongly Monday.

The forward swing was the best effort the market has made in the two-week recovery drive following the recent big break.

One factor in the rise in the averages was the booming gain of 5⅞ at 78⅝ in Goodyear Tire, a component in the averages.

The market started in a fairly ordinary manner. Demand first spread through coppers and oils. By the time that died down, buying attention shifted to steels, motors, railroads and many individual favorites.

Almost all major sections of the list had a hand in the rise. An outstanding exception was the aircraft division, which closed mostly lower.

As a general rule, gains extended to between 1 and 3 points at the outside while losses went down to around a point.

The Associated Press average of 60 stocks was up $1.20 at $134.20.

The industrial component of the average which includes Goodyear was up $1.90 at a high mark of $182.40. Railroads were ahead $1.20 and utilities were up 10 cents.

Among higher Canadian issues were Hiram Walker, up ½, International Nickel, ¼, and Dome Mines, ¼.

Canadian stocks on the American stock exchange were mixed. Royalite Oil fell ¼ and Lake Shore advanced ¼.
