Cautious Optimism Marks Current Business Views

By FORBES RHUDE
Canadian Press Business Editor

The business road appears to continue along an upward incline, even though obscuring cloudbanks make it difficult to see very far ahead.

This is indicated in the cautiously optimistic comment in current annual reports and a number of other economic indicators.

Among last week's reports, Aluminium Ltd. even found comfort in the severe competition of 1962. It said:

"The drive for sales has increased aluminum's penetration of markets, and much of this should be of a lasting nature."

Dominion Tar and Chemical Co. Ltd. said one of the most encouraging features of the Canadian trade picture in recent months has been the increasing range of exports. It added:

"Although Canada is predominantly an exporter of mineral, forest, food and other primary products, increased effort has resulted in higher exports of secondary manufactured goods. Canada's opportunity lies in exporting manufactured goods based on her natural resources."

SPENDING INCREASES

Bell Telephone Company of Canada expects to make capital expenditures totalling $240,000,000 this year, or about $20,000,000 more than in 1962. Since 1946 Bell's capital spending has totalled more than $2,000,000,000.

Steel Company of Canada Ltd. says about $67,000,000 will be needed to complete capital projects approved at the year-end; or approximately the same amount as was spent in 1962.

Trans - Canada Pipe Lines Ltd. has started a $57,000,000 expansion program on its across - country natural - gas facilities. Canadian Industries Ltd. will build a multi-million-dollar chlorine and caustic soda plant on the Hamilton waterfront.

These individual investment plans support the estimate of the department of trade and commerce that this year's capital expenditures by businesses and governments will reach a record $9,068,000,000, up four per cent from 1962.

TRADE PICTURE IMPROVES

Another favorable announcement last week was that Canada's deficit in its dealings with other countries in 1962 was $848,000,000—still a high deficit, but down $134,000,000 from 1961, and greatly down from such whopping figures as the $1,500,000,000 of 1959. The 1962 improvement occurred in the last half of the year, particularly in the fourth quarter.

For the export - minded, incidentally, Halifax draws attention to its newly - issued port directory, a 67 - page volume containing a wide variety of port information, including a list of shipping services to nearly all parts of the world.

Prince Edward Island looks hopefully at the possibility of getting an automobile assembly plant. Reault (Canada) Ltd. has asked the province to submit a brief outlining its advantages.

GETS GOOD START

A new northern town of the future will get its start with expenditure of $3,000,000 on a townsite by Pine Point Mines Ltd., scheduled to start base metal production south of Great Slave Lake, Northwest Territories, in 1966.

The prospectors and Developers Association, meeting in Toronto, was told that Canada's growing mining industry may turn into a diminishing one unless the hunt for new mines is encouraged.

John R. Bradfield, president of Noranda Mines Ltd., said that at present production rates, not enough new mines are being found to maintain Canada's reserves in gold, silver and copper. He suggested that taxation benefits and other incentives be extended to exploration groups other than producing companies.

ROLLO BAY

Among those attending the first mass, celebrated by Rev. Faber MacDonald at St. Pius X Church at Parkdale and the reception at Parkdale Hall immediately following were: Mr. and Mrs. George Christian and Joseph Christian, Mr. and Mrs. John F. MacDonald, Emmett MacDonald, Debra MacDonald, Annie Steele, James D. Steele, Joseph Deveau and Mr. and Mrs. Cliff Peters all of Rollo Bay.

Mrs. Dorothy MacPherson of Little Pond was a recent visitor to Rollo Bay.

Mrs. Bernard MacDonald, Bear River is a patient in the Charlottetown Hospital.

LAC, and Mrs. Romeo Gallant and daughter Susanne, spent a pleasant holiday with Mrs. Gallant's parents, Mr. and Mrs. Arthur Burke recently and have returned to Greenwood, N.S.

Mrs. George Christian entertained members of Rollo Bay East W.I. for the March meeting.

Mrs. Joseph Sheehan was a recent business visitor to Charlottetown.

Lemuel Burke was a recent business visitor to Charlottetown.

Joseph Perry is a patient in the Souris Hospital.

Mrs. Anita Gallant and daughter Kathy recently visited her sister Mrs. Joey Deveau.

Gerald Chaisson, Charlottetown, spent the weekend at his home in Rollo Bay.

The bidding:

South	West	North	East
1♣	Pass	1♦	Pass
2 NT			

Opening lead —ten of diamonds.

The most extraordinary team of four match I ever played in occurred in the semi-final round of the Vanderbilt in 1952. My team, consisting of Samuel L. Stayman, Howard Schenken, John R. Crawford, George Rapee and myself, held the world championship at the time, and we were playing against four guys named Joe.

It was a 48-board match and, at the halfway mark, after 24 boards, we were 3,770 points behind. Our unknown opponents had played perfect bridge, and our team at the same time, had played as though its collective feet were asleep.

Here is a sample of the kind of bridge we ran into during those 24 boards. I was South in the accompanying hand and wound up in two notrump on the bidding shown.

I am unable to explain North's diamond response, but it did not deter West from finding the killing diamond lead. I played low from dummy, winning with the king as East signaled with the six, and played the A-K and another club.

West took the queen and continued with a diamond. East cashed five diamond tricks and then shifted to a spade. The outcome of this remarkable line of defense was that I went down three—300 points.

When my teammates played the hand, they bid and made two diamonds with the East-West cards for a score of 90 points, so, while the swing against us was not enormous—210 points—it was nevertheless symbolic of the type of thing that was happening to us.

Apparently, the strain of protecting their 3,770- point lead proved to be too much for our inspired opponents because, in the second half of the match, they suffered a complete reversal of form. Where, in the first half, they could do nothing wrong, now, in the second half, they could do nothing right.

Not only did our team win the match, but we won it by 2,560 points. We gained 6,330 points in the last 24 boards.

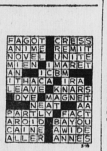
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:
A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

R N R W G L O M T E L O P L S P T U R L O J I E O L P L P H H S P T U R L O J I E O L S H R P W H G. — B M L L E R T - F L R M T
