N. Y. STOCKS

NEW YORK (AP)—The stock market continued its uncertain path of this week with another decline on slim volume Wednesday.

Pivotal rails and selected issues tried to buck the trend but gains by the carriers were nearly wiped out before the close and some special issues which had been ahead of the game swung to the minus side late in the day.

While key stocks fell generally from fractions to around a point or so, there were a number of issues which registered steep declines. Brokers ascribed the performance to technical reasons.

The Associated Press average of 60 stocks declined 80 cents to $178.50.

Volume totalled 1,640,000 shares compared with 1,580,000 shares Tuesday.

The most active stock was Georgia-Pacific Corp., off ⅛ at 32 on 46,700 shares. Second was Standard Oil (New Jersey), off ⅝ at 54 on 30,500 shares. Third was Feders-Quiggan, up 1¼ at 12⅝ on 28,500 shores.

The American stock exchange was lower on volume of 620,000 shares against 640,000 Tuesday. Among the losers were Creole Petroleum, A and P, Mesabi Iron and Humble Oil.

Among Canadian issues on the New York exchange Hudson Bay Mining registered a gain of 1⅛. Most issues were lower, however. Aluminium Ltd. lost 2¾, McIntyre was down ¾, Canadian Pacific and Distillers - Seagrams slipped ¼.
