Montreal — Stocks mixed; stronger trading.

CURRENCIES

MONTREAL (CP) — The U.S. dollar Monday closed at a discount of five per cent in terms of Canadian funds, unchanged. Pound sterling 32.64 11-16, down 1-16.

TORONTO

TORONTO (CP) — The stock market was narrowly lower Monday in light trading.

Western oils had an index loss of more than three-quarters of a point. Base metals were virtually unchanged. Golds lost one-quarter of a point on index.

Trading slowed to the dullest pace in a week. The final volume of 2,684,000 shares was considerably lighter than Friday's 2,914,000.

Observers said the cautious buying is a combination of the political situation in Canada, the unbalanced Canadian trade and the decline of the American dollar compared to the Canadian dollar.

The western oil and mining activity was almost parallel. Higher-priced issues added fractions in most cases while the lower-priced stocks moved lower in a 15-cent range. Noranda and Falconbridge lost a point in senior mines. Jupiter was off 35 cents at $3.35 in lower-priced oils.

Index changes: industrials up .10 to 481.93; golds off .30 to 79.10; base metals up .02 to 193.71; western oisl off .32 to192.46.
