TORONTO STOCKS

TORONTO (CP) — The stock market was irregular Monday in active trading. Industrials edged higher but base metals and western oils eased.

For the second straight session, lower-priced mining and western oil speculative stocks provided the main bulk of trading. Rockwin Mines again traded more than 1,000,000 shares—the second day in a row it had done so—and advanced 23 cents to $1.06. Uraniums moved higher in afternoon activity.

Stanleigh led with a 50 - cent gain to $5.80. Milliken Lake was up 15 cents to $5.65. Pronto, however, lost 40 cents at $7.20. Most higher-priced stocks added fractions.

The traded list of stocks was the widest of the year with more than 750 issues traded. There was about an even number of gains and declines.

Western oils had two losses for each gain. Stanwell, however, recorded a 23-cent advance at $1.15 amid a turnover of nearly 500,000 shares. Canadian Export Gas was up 20 cents to $6.70. Canadian Atlantic lost 25 cents at $7 and North Canadian 20 cents at $4.90.

Index Changes: Industrials, up .83 to 467.33; golds up .01 to 78.83; base metals off .87 to 312.78; western oils off .95 to 172.72.

Studebaker-Packard To Make New Car

NEW YORK (AP) — Agreements giving Studebaker-Packard Corporation exclusive distribution and sale rights of Mercedes-Benz cars in the United States and Canada were announced Monday by Studebaker-Packard, a Daimler-Benz, A. G., of West Germany and the Curtis-Wright Corporation.

At the same time, Roy T. Hurley, president of Curtiss-Wright, said Studebaker-Packard plans to introduce a new low-priced car, including a two-door model selling for less than $1,800, and four-door and station wagon models. Curtiss-Wright has a management contract with the auto firm.

Hurley said the new low-priced car would include heater, defroster, directional signals and normal leg room and would achieve a fuel economy of 25 to 29 miles a gallon.

He also said both the Studebaker and Packard names will be continued in the new line of 1958 cars and that three new models would be introduced.

"Disabled" Postman Walks 12,500 Miles

PANAMA CITY (Reuters)—John Stahl, a 74-year-old pensioner, has walked 12,500 miles, and a few more, in his life.

This may be not much more or less than the lifetime mileage logged by other men his age, but the difference a bout Stahl's total is that the 12,500 miles all have been walked since his retirement in 1935 on disability pension from the United States postal service in California.

Twice since his 60th birthday, this doughty old man with a white beard has walked the 3,700 miles through Central America from Texas to the Panama Canal.

You'll forgive us, we hope, for sounding just a *wee* bit boastful about this sleek, slim honey of a Plymouth for 1957.
