DAILY MARKET QUOTATIONS

SUMMARY

Toronto: Prices improve slightly market lower in moderate trading.

New York: Stocks lower; rails off.

Montreal: Industrial trading active in quiet trading.

Currencies

MONTREAL (CP) — The U.S. dollar closed Tuesday at a discount of 2⅝ per cent in terms of Canadian funds, down 1-32. Pound sterling $2.71 3-16, down.

Toronto Stocks

TORONTO (CP)—Coppers dominated the stock market's sixth straight setback Tuesday as all sections closed with index losses.

The base metal index suffered its worst loss since Oct. 1 as it dropped almost three points. Hudson Bay was a leading influence with a 2½point decline. Western oils managed to pull up near the close and finish with a loss of only a few decimal points.

The copper slump continued for the second session in a row but today's losses were not as severe as the one which ripped through the section Monday. Bethlehem was the heaviest loser, off 30 cents, as investors sold off in the wake of recent declines in the metal's value on the world market. Chibougamau Jaculet and Copper Rand Chibougamau, which made a strong comeback near the close, lost 15 cents.

Noranda dipped 1⅜ among other senior base metals. Falconbridge and Steep Rock lost ⅝. Hoyle lost 25 cents in juniors.

Western oil losses outnumbered gains three to one but a late gain of 1½ points by Bailey Selburn A boosted the section's index. Great Plains, down 3¼ points earlier, closed with a 2¾point loss. Great Sweet Grass lost 26 cents among lower priced issues as it touched a new low of $1.97. New Superior, Central Explorations and Commonwealth lost 15 cents to touch new lows.

Central Leduc was one of the few stocks to gain on the day with a 20 cent climb. Security also added 15 cents.

Index losses: golds off .22 to 79.63; base metals off 2.89 to 232.64; western oils off .16 to 151.04.

N. Y. STOCKS

NEW YORK (AP)—The stock market declined slightly Tuesday in one of the dullest of the recent sequence of sluggish sessions.

Key stocks kept their gains and losses within the range of a point or so for the most part. There was no great pressure on any division.

Preoccupation with the presidential prospects was said by brokers to be the single dominant factor in the market.

Except for adding another element of caution, the Polish upheaval seemed to have little impact on trading.

The Associated Press average of 60 stocks dipped 30 cents to $179.30.

Fruehauf Trailer was the most active stock, off ⅝ at 25½ on 23,300 shares. Second was General Motors, off ⅛ at 46¾ on 20,100 shares.

Rails made a somewhat more pronounced dip today following their good rise of last week.

U.S. Steel dropped ⅛ and Youngstown Sheet and Tube gain ⅝. Chrysler was up ⅛ despite the strike at its parts plant in Detroit.

Prices were mixed among Canadian issues on the New York exchange. McIntyre was up ¾ and Distillers Seagram advanced ⅝. On the downside, Hudson Bay Mining slipped 1½ and Aluminium Ltd. was ⅜ lower.

Among Canadian issues on the American exchange Jupiter Oils and Scurry Rainbow gained 116. Other issues were mostly lower. Shawinigan lost ½, Canadian Marconi and Sapphire Petroleums slipped ⅛. Smaller losers included Great Sweet Grass Oil, Eureka, Molybdenite of Canada and Preston East Dome.

Montreal Stocks

MONTREAL (CP)—A narrowly and quietly lower trend prevailed again Tuesday as industrials drifted down on the Montreal and Canadian stock exchanges. Price movements were mainly fractional.

Noranda led base metals lower, losing a point while Powell River dipped ⅝ and Howard Smith faded ¾ among papers. Banks were a firm spot as Imperial jumped 3⅞ in ligh turnover.

Refining oils were generally easier as Imperial lost 1½. McColl gained 1¼ in the section. B.C. Telephone and Gatineau Power dipped ½ among utilities. Steels were mainly steady while beverages moved up minor fractions.

Produce

MONTREAL (CP) — Agriculture department quotations:

Eggs: Small cases, extra-large 67; large 64; medium 46; small 36; B 46; C 34. Receipts: 1,074.

Butter: Current non-tenderable receipts: 57¼; current tenderable receipts 57¼. Fresh grade creamery print job price 58½-60; fresh wholesale non-tenderable 58¼-58½ fresh wholesale tenderable 58½.

Cheese: f.o.b. factory: Ontario white 33⅞; colored 34; delivered Montreal, Quebec white 32¾; colored 32¾; wholesale Ontario white 35; colored 35⅝; wholesale Quebec white 33¾; colored 33¾.

Potatoes: N.B. 75s 1.50 - 1.60; N.B. 50s 1.00-1.05; N.B. 10s .25-.27; P.EI 75s 165-175; Que. new 75s 1.25-1.35; P.E.I. 10s 29-.30.

Grain

WINNIPEG (CP)—Prices were irregular in moderately active trade on the Winnipeg grain exchange Tuesday. Export interest in barley appeared and oats had domestic shipping interest and American demand.

Closing prices:

Oats: Oct. 81½B; Dec. 79¾; May 80; Jly 78¾A.

Barley: Oct. 1.07⅛; Dec. 1.03⅛A May 1.04A; Jly 1.02⅝-A.

Flax: Oct. 3.13B; Dec. 2.78-2.78¼; May 2.81¼-½; Jly 2.78¾A.

Rye: Oct. 1.38⅞; Dec. 1.40¾A; May 1.46¼; Jly 1.45¼.

Prices for class two wheat for export to countries outside IWA: 1 nor 1.71¾; 1 1.68¾; 3 1.59¾; 4 1.54¾; 5 1.44¾; 61 .40¾; 1 durum 2.44¾; 2 2.43¾; 3 2.41¾; IWA and domestic prices: 1 nor 1.71 2 1.68¾; 3 1.59¾; 3 1.59¾; 4 1.54¾; 5 1.44¾; 6 1.40¾; domestic 1 durum 2.00¾; 2 1.99¾; 3 1.97¾.

Sea Cook Is No Longer The Puniest Man On Board

BLACKVILLE, N. B. (CP)—The days when the duties of ship's cook automatically fell to the puniest, if not the best-tempered member of the crew, are no more. That's the word from CPO George McIntyre of Blackville and Victoria, B. C., senior member of the galley staff on the 9,-ton training cruiser, Ontario.

"In the old days, the cook was usually the weakest man on board," says CPO McIntyre. "Because he wasn't able to do any heavier work, he was made responsible for the food. Today, you have to be in top shape to work in this branch of the navy.

A navy cook since 1938, McIntyre and his staff have a mansiezed job providing for the 60 men on board the Ontario, particularly when the ship is on a long cruise.

Used to thinking of meals in astronomical figures, he admits he finds it difficult to adjust himself to restaurant eating ashore.

"Ordering a solitary meal for myself and not having anything to do with its preparation is a funny experience," he confesses ruefully, "quite different from supervising daily preparations of 1,800 meals, plus the baking of 260 loaves of bread.

Average monthly consumption of staple foods is something like 8,393 loaves of bread, 18,133 pounds of meat, 10,136 pounds of vegetables, and 3,672 dozen eggs.

Things have changed vastly since CPO McIntyre entered the navy 18 years ago. Today, the service employs the latest cooking techniques and equipment, and all food is subjected to thorough inspection before it is taken aboard.

"The work isn't easy, but there is much to be said for it when you have the finest equipment and the highest grade foods to work with," says McIntyre.

Launch New Lightship For Halifax Harbor

LAUZON, Que. (CP) — Horns tooted and workers cheered Saturday night as the 128-foot hull of the lightship Sambro II slid down the ways at the George T. Davie and Sons, Ltd., shipyard and into the waters of the St. Lawrence River.

When completed, she will replace the 51-year-old Sambro stationed at the entrance of Halifax harbor.

Mrs. Alex Watson, wife of the assistant director of marine service who helped design the ship, sponsored the vessel and sent it down the ways after the traditional champagne christening. Lee Langlois, parliamentary assistant to the minister of transport, spoke on behalf of the department.

A tripod foremast will support the 130,000 candelpower flashing light 57 feet above water level. The ship will carry a 20,000 candlepower fixed light as a standby.

SPECIAL FEATURES

Built to transport department specifications, the stubby vessel incorporates many features peculiar to her job. She can remain on station for six months without being replenished and her welded steel hull has been shaped to minimize surge, roll and pitch in heavy seas. She carries direction finders, radio beacon equipment and powered lifeboats.

A 500-horsepower diesel engine powers a single screw and gives the vessel a speed of nine knots. Three diesel driven auxiliary generators will provide electricity for the beacon light and the ship's electrical equipment.

An air conditioning system which changes the air in living quarters 20 times an hour will suck in fresh air through mushroom-shaped ventilators on deck. The mushroom design will allow the ship to ride out the worst storms without shipping water.

To while away time off watch during the long period on station, her crew can relax and watch television programs. Individual cabins have been provided for both officers and crewmen.

ROME (Reuters) — A British-made Hawker Hunter T-7 fighter aircraft Saturday flew from Dunsfold, England, to Rome in one hour, 34 minutes, and 48 seconds at an average speed of 575 miles an hour. The previous fastest flight took one hour and 59 minutes.
