NEW YORK

NEW YORK (AP)—The stock market went through its second straight session of fairly sharp decline Tuesday. Trading was again slack.

Volume dwindled to 4,380,000 shares from Monday's 4,610,000 and was the smallest since Feb 19 when 4,260,000 shares changed hands.

The Dow Jones industrial average declined 4.05 to 817.28.

The list was lower from the start, widened its losses as the session went on, yet produced some flashy gainers in late trading. Most of these were not removed General Motors and Ford from their buy list, mentioning high inventories of cars in dealers' hands and the approaching labor negotiations in the auto industry.

OIL WAS ACTIVE

GM was third most active stock, sinking 2¼ to 84⅞ on 82,600 shares. Ford, not among the volume leaders, fell 1½ to 53½. Chrysler also declined losing ¾ at 47½ on 90,100 shares, making it second most active issue.

The volume leader, once again, was Texas Gulf Sulphur which ended the day with a gain of ¼ at 57½ on 193,500 shares, less than half of its volume on the preceding session. The excitement over Texas Gulf seemed simmering down.

Some analysts referred to the market as confusing. They noted du Pont, although it still has substantial holdings of GM, advanced a point.

Xerox, which has raced to a string of highs recently, fell 4⅞ to 112¾ and Boeing rose 1½ to 50¼; the two placing as fourth and fifth most-active, in that order.

The Associated Press average of 60 stocks fell 1.4 to 304.8.

Of 1,366 issues traded, 666 declined and 432 advanced. Highs for the year totalling 48 and lows 46.

EARNINGS IMPROVE

Sharply improved earnings for Northwest Airlines, which gained 3¾, and National Airlines, which rose 1½, brought buying to some but not all airline issues. Pan American advanced 1⅜. American, closed unchanged. United rose ⅛ and Delta fell 1¼.

International Nickel fell 2⅛, U.S. Steel 1, International Harvester 1¼, Liggett and Myers 1⅞ and Homestake 1¼.

Among Canadian issues International Nickel dropped 2⅛. Canadian Pacific ¼, Distillers Seagrams and Dome Mines each ⅛.

Prices declined on the American Stock Exchange. Scurry Rainbow Oil dropped ¼. Molybdenite and Preston each ¼ and Fargo Oil 1-16. Canadian Marconi and Canadian Javelin each added ¼.

TORONTO

TORONTO (CP)—Industrials sold in lethargic trading on the stock market Tuesday.

Usually following a long weekend the market experiences a good deal of activity, but Tuesday it seemed to be suffering from a hangover.

There were a couple of bright spots in the main list. Building Products climbed 5½ to 34 after earlier selling at 35? The increase came in the wake of an offer of $19,000,000 for the company's assets by Imperial Oil. Imperial felt little effect as the stock eased ¼ to 50⅝.

Hayes Steel gained $1 to a 1964 high of $21 while Massey-Ferguson gained ⅛ to 25. In mid-morning it sold at an all-time high of 25⅛.

However, the list of losers was long. Auto stocks led the way lower. General motors was clipped for a 3½ loss to 93¾. U.S. Ford 1½ to 58 and Chrysler ½ to 53. International Nickel, the huge mining complex which is used by the Toronto Stock Exchange in compiling its industrial index, dipped 2⅝ to 86¼ while trading ex - dividend 55 cents.
