DAILY MARKET QUOTATIONS

SUMMARY

Toronto: Prices were irregular in dull trading.

New York: Stocks higher; steels and rails lead rally.

Montreal: Industrials improve slightly in moderate trading.

Currencies

MONTREAL (CP) — The U.S. dollar closed Friday at a discount of 2 9-16 per cent in terms of Canadian funds, up 1-32. Pound sterling $2.71¼, unchanged.

Toronto Stocks

TORONTO (CP) — The stock market rambled through a dull session Friday and at the end showed little change from the previous close.

Trading picked up in the afternoon after dawdling at the slowest rate in two years during morning action.

Base metals added one-quarter of a point to their index as Hudson Bay gained a point. Western oils were down a few decimal points.

Observers said the uncertainty in the market was mostly a reaction by investors to the Bank of Canada's increase in the interest rate on loans to chartered banks. The central bank increased the rate Wednesday from 3¼ per cent to 3½ per cent.

Chibougamau Mining, on reports of a planned smelter, jumped 75 cents among junior mines. Copper Rand Chibougamau was off 30 cents. Coldstream Copper advanced 17 cents.

Western oils had the biggest price range on the board. Losses were as great as 30 cents while gains touched 25 cents. Commoil, on a 200-share exchange, lost 70 cents to touch a new low of $3.05.

Index changes: golds up .27 to 90.24; base meals up .25 to 236.56; western oils off .19 to 153.28.

N. Y. STOCKS

NEW YORK (AP)—A rally by steels and rails faltered on profit taking but the stock market still remained narrowly ahead on average today.

By mid-session, leading steels and rails were in active demand and practically the entire list swung decisively, though moderately, ahead.

There was some slight trimming of gains as the afternoon wore on but the most damage was done in the half half hour when the strong steel section was left ragged.

The Associated Press average of 60 stocks was ahead 30 cents at $179.70.

The most active stock was New York Central, up ⅝ at 40½ on 37,900 shares.

Bethlehem Steel was up ⅝ at 168 ⅝, and U.S. Steel off ½ at 68 in active trade.

Long Bell Lumber dropped 4 and International Paper 1¾ as their proposed merger remained in abeyance.

Most Canadian issues were lower on the New York exchange Hudson Bay Mining, one of the few gainers, advanced 1¼. distillers Seagrams and Granby Mining both lost ¾. Aluminum Ltd. and International Nickel were down ¼

Canadian issues were irregularly higher on the American exchange. Shawinigan showed a rise of 1½. Fargo Oil rose 3-16 and Eureka was up ⅛. On the downside, Brazilian Traction slipped ⅛ and Great Sweet Grass Oil was 1-16 lower.

P.W.C. NEWS

Another week gone by. Hope you missed the column. In the waiting and excitement of the Student Council election somehow the writing was forgotten and the chance never quite came around to sit down and jot down a few notes.

As you probably know by now, the Collegiate party was elected with a majority of one. The Red and Welshmen parties returned six candidates while the Collegiate's returned seven. The first council meeting is over and Alec Murchison was elected President for the term, with Roger Burns in the Vice Presidency.

So far much hasn't been accomplished as the first meeting was concerned with the election of officers but this oncoming Thursday should show the colleagiates putting their platform into effect.

The quietness or calm, after the storm of election spirit is appalling and the old college seemed bare somehow. Maybe it
