Currencies

MONTREAL (CP) — The U.S. dollar closed Tuesday at a discount of 3 7-32 per cent in terms of Canadian funds, down 1-16. Pound sterling $2.69⅝, down 3-16.

Toronto Stocks

TORONTO (CP) — Selective buying in the final hour cut stock market losses in half Tuesday after a broad decline swept across the board in the first half of the session.

Trading slowed down to almost a standstill in afternoon activity and the final volume was the lightest since Sept. 17.

A rash of selling, especially in speculative mining issues, at the open developed following Monday night's news that Israeli troops had marched deep into Egypt. But as the session progressed, investors scurried for the sidelines, adopting a wait-and-see attitude.

Hudson Bay made a strong recovery among senior base metals and closed with a ½-point gain. It had been down two points. International Nickel and Noranda lost 1¼ points while Falconbridge dipped a point. Ventures lost 1⅜.

Brunswick led juniors lower with a 75-cent drop. Hoyle lost 40 cents. Other losses ranged to 30 cents but were mostly around 15 or 20 cents. Nickel Rim and Normetal managed 20-cent gains.

Central Leduc, a western oil index stock, lost 30 cents while Triad, Prairie Oil, Canadian Pipelines and Banff were down 15 cents. There were a few 10-cent gains.

Index losses: golds .09 to 79.89; base metals .84 to 230.61; western oils 2.00 to 150.04.

N. Y. STOCKS

NEW YORK (AP—The stock market rode out an initial burst of heavy selling on the Israeli-Egyptian crisis Tuesday and closed mixed with a number of defence industry stocks higher in quiet trading.

In a continuation of Monday's break near the close on first reports of the Israeli thrust into Egypt, traders dumped stocks at such a clip that the high-speed ticker tape ran two minutes late in reporting transactions.

But the heavy selling was out of the way in the first 15 minutes and the tape caught up with the trading pace which dwindled quickly.

The Anglo-French ultimatum to stop fighting in the Sinai Desert and the notice that the two European powers would move into the Suez Canal zone served to relieve tension, Wall Street analysts said.

The net result of the day's trading was an intermixture of gains and losses running 2 points or so among pivotal stocks and only a slight change in the average.

The Associated Press average of 60 stocks dipped 30 cents to $179.

Steels, motors, aircrafts and oils made some good gains and prices were at their best late in the afternoon. Gains were pared somewhat by the close.

International oils rebounded from their sharp losses of Monday as brokers reported a sentiment that the position of these companies in the troubled Middle East would be safer if Britain and France moved in to protect the Suez Canal.

Aluminium Ltd. gained 2⅛ in trading among Canadian issues on the New York exchange. Hudson Bay Mining was up . On the downside, Canadian Pacific was off and Dome Mines ⅛.

On the American exchange Fargo Oil advanied 3
