Income Tax Cut Pledged By JFK

WASHINGTON (AP) — President Kennedy has pledged to recommend an across - the-board cut in personal and corporate income taxes, to take effect next Jan. 1.

At a press conference, Kennedy prodded Congress to act quickly on other economic measures he has urged.

"There is no need for us to stand helplessly by and watch our economy run out of gas," he said.

As a matter of fact, he added, the economy is progressing, but he acknowledged in effect that it lacks the zip deemed desirable, and the United States economic growth is not as great as it should be.

The massive tax overhaul which he will recommend this year, to take effect in January, will include income tax cuts which, he said, will not be wholly offset by other provisions of the measure.

The president refused to say at this time how great the tax reductions would be.

VOLUNTEERS STATEMENT

Kennedy opened the conference with a volunteered statement on the economic state of the country and on taxes.

As to the stock market decline, he said most financial experts had realized for some time that an overpriced market would not hold up.

But he said the adjustment must not slow up the recovery. Economic indexes are up, he said, consumers have cash on hand and prospects are for recovery — but steps must be taken to see that another recession does not arrive.

The tax structure, he said, must be such as not to put too great a strain on the U.S. economy — especially compared with the booming European Common Market.

The effect of the heavy tax structure was shown in 1958, he said, as the country was coming out of a recession.

TALKS ON AID

Asked about the Senate's vote Wednesday to cut off U.S. aid to Communist-dominated countries—applicable to Poland and Yugoslavia, Kennedy recalled there had been attacks for years on the aid programs and "I suppose people do get tired" of the aid burden.

The Senate should give the U.S. administration the right to deliver such assistance, he said, when it appears to be in the national interest. He expressed gratification at the introduction Thursday of an amendment which would exempt food from the cutoff of assistance. The Senate adopted the amendment.

Asked whether there was a plan to give France atomic equipment as a way of easing French doubts on British entrance into the European Common Market, Kennedy said the matters are not related.

The president declined to be drawn into a discussion of his views on proposals that cigarette makers be obliged to print health warnings on cigarette packages.

Baby Is Born To Former Marie Dionne

MONTREAL (CP) — Marie Dionne Houle, one of the four surviving quintuplets, has given birth to her second daughter, her husband Florion Houle reported.

Mr. Houle reported both his wife and the baby, weighing seven pounds, two ounces, are doing well.

Their first daughter, Emilie, born Dec. 24, 1960, was named after the quint who died Aug. 20, 1954, in Ste. Agathe, Que., of suffocation during an epileptic seizure.

The new baby is the eighth child born to the three married quints. Cecile, Mrs. Philippe Landryn of Quebec City, has four boys, and Annette, Mrs. Germain Allard of St. Bruno, Que., has two boys.

Yvonne is a novice at the convent of the Little Franciscan Sisters in Baie St. Paul, 55 miles northeast of Quebec City.

The quints were 28 last May 28.

Opening lead—six of hearts.

When a contract depends on now the opponents' cards are divided, declarer cannot do better than follow the indicated probabilities.

This question of percentages is sometimes simple and sometimes complicated, but unless you're an expert mathematician, you will run into many problems that are difficult to solve. Fortunately, most hands don't present such headaches and most of the percentage plays that do arise can be worked out on a common sense basis.

Look at this hand where South was in three notrump. He won the heart lead in dummy and saw that he had eight sure tricks. He knew that the ninth trick could come from a successful club finesse, and he also knew that the ninth trick could be taken in diamonds if that suit was divided 3-3.

South knew enough about probabilities to realize he had a 50 per cent chance of winning the club finesse and only a 36 per cent chance of finding an even division of the diamonds. So at trick two he led a club and finessed. West took the queen with the king and continued hearts and South went down one.

He should have made the contract, of course. It was a case of misapplied knowledge. South's statistics were correct as far as he went, but he didn't go far enough.

After winning the ace of hearts, South should have cashed the A-K of diamonds and then led a diamond to the queen. In the actual case, he would have discovered the 3-3 diamond division and his worries would have been over. He could cash nine tricks quickly and not bother with the club finesse.

Let's suppose, though, that the diamonds had not been divided 3-3, which he would have found out when one opponent failed to follow suit. He could then fall back on the club finesse and hope for the best.

This method of play would have given him two chances to make the hand instead of one, and would have raised his prospects of success well beyond 50 per cent.

Former Minister At Montague Is Honored At Conference

SACKVILLE, N.B. (CP)—Two veteran ministers of the United Church were honored at Maritime conference here. They are George M. Young, of Fredericton and Rev. Allan Stewart Adams, of Oxford, N.S.

Dr. Young is celebrating his 70th anniversary of ordination. He was ordained by the Methodists conference in 1892, and served churches in the Maritimes for 46 years. He retired in 1938, but continued to supply vacant pulpits for several years. He still preaches occasionally, at the age of 95.

This is the 73rd annual conference of the church that Dr. Young has attended beginning even before his ordination, he missed only one conference, in 1909, due to illness.

He is married to the former Lida B. MacLeod of Saint John, they live in Sunshine Gardens community of Fredericton.

Dr. Young is minister emeritus of Wilmot United Church, Fredericton, where he served as minister from 1917 to 1922.

At the age of 96 he is still lively and hearty, and still drives his own car. "I have battled a lot longer than most people," he says.

Mr. Adams, was ordained to the ministry of the Methodists Church 50 years ago. His first appointment was in Labrador, where he served for one year, sometimes acting also as doctor and lawyer.

He was born in Newfoundland, but most of his ministry was spent in the Maritimes. He retired in 1940, having served churches in Petite Riviere, River Philip, Lawrencetown and Glace Bay, N.S. and Montague, P.E.I. He supplied at Carmarthen St. United Church in Saint John from 1940 to 1954. He is married to the former Bessie Weldon of Sackville, N.B.

Yesterday's Answer

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
B L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.
