Attention Farmers

We now have on display the new John Deere No. 25 Combine.

The new John Deere No. 25 Combine, which is the successor to the famous No. 12-A, has many new features which include quick-change cylinder speed control . . . more aggressive open-bar grate with snap-in inserts . . . all steel straw rack . . . improved cleaning shoe . . . 25-bushel grain tank or bagging platform . . . stronger frame and hitch.

Yes! You can see all these features and more on the new John Deere No. 25 Combine at—

For further particulars apply:

LESTER O'DONNELL, Solicitor.
Phone 3432

NOTICE IS HEREBY GIVEN

That no applications for permits for the movement of buildings will be approved during the period in which line construction in connection with the rural electrification programme is being carried out, if such movement interferes with existing power or telephone lines in any way whatsoever.

This restriction is necessary in order to avoid delay in the rural electrification programme resulting from linemen being taken off construction work for the purpose of moving buildings.
