Toronto Stocks

TORONTO, (CP) — Prices were mixed with little range on Friday's listless stock market session.

Stronger western oil changes were mostly slight but toward the close Central Explorers added 70 cents to lead.

Although mining groups were lower, two recovery moves were under way at the close: one in base metals and the other in golds. The base metals saw Manitouwade-area issues add slightly in the last quarter-hour. Geco was up 75 cents and Consolidated Howey gained five cents. Seniors and juniors were slightly lower.

The gold recovery was in seniors. It was also stopped by the close. Tech-Hughes led with a 30-cent gain and a volume of more than 22,000 shares. Juniors and holding companies were slightly lower.

Uraniums and Bathurst-area base metals were lower, but, as in a few recent sessions, there was a stronger counter move toward the close. Gunnar was up 12½ cents and Pacific Eastern added nine cents with a 225,000-share volume.

Closing indexes showed golds up .17 at 74.36, base metals down .12 at 140.70, and western oils up .06 at 95.37.

Gov't Looks For Good Employment In Current Year

OTTAWA, (CP) — The federal government looks for a "very good year" in employment generally during 1954, Acting Prime Minister Howe said Wednesday.

Talking to a union delegation seeking help for the farm implement industry, Mr. Howe said:

"The signs are that the economy as a whole will have a good year."

He said his experts have calculated that Canada's business investment will go up this year by three or four per cent over the 1953 figure. The estimated 1953 figure is $5,564,000,0000 for private and public investment.

Canada To Supply Arctic Weather Stations

OTTAWA, (CP) — Canada has taken full responsibility for supplying its arctic weather stations, Transport Minister Chevrier said in the Commons Tuesday.

A Canadian force will leave next summer with supplies for stations at Resolute Bay, Eureka Sound, Mould Bay and Isachsen, all in the recently-named Queen Elizabeth Islands.

Alert, the most northerly station, on the northern tip of Ellesmere Island, will continue to be served by the U. S. force servicing Greenland.

The Canadian force will include the icebreakers D'Iberville, commodore ship, and N. B. Maclean, the C. D. Howe, a commercial dry cargo ship and a commercial tanker.

Since 1947, the jointly-manned and equipped stations received Canadian supplies by United States ships. More recently, R. C. A. F. planes have brought supplies to posts that are inaccessible by ship.

The weather reports from the stations serve both countries.

The government's increasing interest in the northland was heralded early in December when the resources department was renamed the department of northern affairs and national resources.

In a Commons speech Dec. 8 Prime Minister St. Laurent said it is "very important" that non-Canadians—obviously a reference to Americans—going into Canada's North realize that they are in Canadian territory administered by Canadian authorities.

"We must leave no doubt about our active occupation and exercise of our sovereignty in these northern lands right up to the pole," he said.

Soon after came disclosure of the discovery by government geologists of "salt domes" on islands of the northern Arctic archipelago, indicating a possibly vast reservoir of oil.

SOCCER POOLS POLL

LONDON, (CP) — In an apparent effort to beat Parliament to the punch, proprietors of the British football pools have announced that they will poll their 17,000,000 customers on whether they want to have the pools' accounts published weekly. The Pool Promoters' Association says it will abide by the decision of the customers.

SPICY CROP

LETHBRIDGE, Alta. (CP) —About 2,000,000 pounds of commercial mustard seed have been shipped out of here since last Autumn. Most of the seed, grown in this district, went to the United States.
