ARRIVAL OF THE BRITISH MAIL.—The English Mail, with dates to the 23d Dec., arrived about half-past 7 o'clock last night. The papers contain but little further news from the seat of war. The meeting of Parliament—an Act for enlisting Foreign Soldiers—and the thanks of the House of Commons to the Troops in the Crimea are topics of Home news that will be read with interest.

J. R. Bourke, Esq., Mr. John Rowe, Capt. M'Rae and Capt. Furnass came out by the Steamer to Halifax, and arrived here on Sunday, by the Wood Island, in charge of the Mails. Had the Mails been sent on Express from Halifax to the Capes, we should have had them on Saturday. The general opinion among the Mercantile Community, seems to be, that the Government ought to order an Express for the British Mail's, we believe it is done in the other Colonies.

The steamer Asia passed Sarah Sands returning to Liverpool, after being 18 days out. Did not learn the cause of return.

We beg to direct especial attention to an Advertisement in this day's issue, giving notice of the commencement of a series of Lectures, connected with the cause of Temperance, to be held in the Temperance Hall, on Thursday evening next. We consider this a movement in the right direction, and suitable to the times. Of the necessity of inculcating the maxims of Temperance, and advocating the spread of its principles, all are aware, and the Committee have determined to make the Meeting held for these purposes, wear a joyous and festive face. They have invoked the aid of music and harmony in furtherance of the cause, and we trust, that with such potent aid, and at the same time, agreeable allurements, they will be able to effect much. The Hall is, we understand, to be for the first time, lighted with gas. With these varied attractions, we do not doubt but that the Meetings will be numerously attended.

On the 23d October last, Matilda, 44 years of age, third daughter of Benjamin Hughes, Blacksmith, of Wheatley River Bridge, Lot 24, was accidently burned to death by fire. The deceased had been but a quarter of an hour from her mother's side, having gone on an errand to a Carpenter's shop adjoining, when it is supposed her clothes must have become accidentally ignited, she lived but 26 hours after. This melancholy bereavement is much heightened to the afflicted mother, by the continued absence of the father who left this Island for California some 3 or 4 years ago.

HAVE YOU A DISEASED LIVER?

☞ The question, though startling, is sufficiently suggestive, when the fact is taken into consideration that diseases of the liver have become most alarmingly frequent in the United States. Indeed, there are few formidable diseases that are not in some way traceable to a deranged state of that important organ. Fevers and Agues, usually classed under the head of Consumption, have their origin in the Liver. "Any remedy that would insure regularity and healthful action in the liver, would be a blessing to mankind!" has been the exclamation of thousands. That remedy has been found; it is safe and sure. When a fair trial has been afforded it, it has never been known to fail.

Reader, have you any disease of the liver, or disease which you believe proceeds from hepatic derangement? Lose not a moment, but purchase a box of Dr. M'Lane's Pills, and they will restore you to health. It is the only remedy yet discovered, in which implicit confidence may be placed.

☞ Purchasers will be careful to ask for *Dr. M'Lane's Celebra'ed Liver Pills*, and take none else. There are other Pills, purporting to be Liver Pills, now before the public; but Dr. M'Lane's Liver Pills, also his Celebrated Vermifuge, can now be had at all the respectable Drug Stores in the United States and Canada.

To the High Sheriff of King's County.

SIR;

WE, the undersigned Inhabitants of King's County exulting proud of being fellow subjects of the brave men who compose the British Army, and man her Fleets, request that you will call a PUBLIC MEETING of the people of this County, on an early day, for the purpose of complying with the requisition of our Gracious Sovereign, in framing Local Committees to raise subscriptions for the relief of the Widows and Orphans of those who have died, or may die during the present War, in the service of our country, and thus afford us and others in this section of the country, an opportunity of aiding the Patriotic Fund, by throwing our mite into its treasury.

Owing to the peculiar form of this County, perhaps these Public Meetings would be more suitable for one; say one held at Georgetown, for all those South of Grand River; one at or near St. Peter's Bay, for those in that neighborhood; and one at or near Souris for all those from Grand River to Cape Point, on the south side, and on the north side of Lots 43, 44, 45, 46 and 47. Elkington & Co's. Patent Electroplate.

HAS now been before the public since 1841, and after the most severe test of wear, in the vessels of the Royal Mail Steam Packet Company, the Peninsular and Oriental Company, the General Screw Steam Ship Company, the Pacific Steam Navigation Company, and numerous Club Houses, Hotels, and Private Houses, in every part of the world, continues to give the most unqualified satisfaction, enjoying as it does all the advantages of silver in utility and beauty of effect; and it will be found that the interest money upon the cost of Silver Goods for a period of seven years, is alone sufficient to purchase Electro Plate, and this, with the now established fact of its extreme durability, makes it a matter of great importance to all purchasers of such articles. It must be evident that the wear of all articles depends on the thickness of the deposit, and the Patentees refer with great satisfaction to the award made by the Royal Commission of the Great Exhibition, 1851, OF THE FIRST CLASS OR COUNCIL MEDAL for these productions.

A large assortment of the above Goods has just arrived per *Cicely*, direct from the manufacturers, and is now ready for sale.

PROCLAMATION

TO THE

Good People of P. E I.

PROBABLY there is not a family in your Province but what some members of it are more or less afflicted by Humours or Chronic Affections. As a remedy for these various complaints, there are numerous preparations brought into the market, but all of them of little or no good. But there is a discovery which has recently been made in chemical analysis that is wonderful to the operation. It has been long enough tried and we have proof sufficient to satisfy—all from men holding the highest offices the people of the United States can give—that the medicine will do just what it is recommended. It is not for HAMPTON'S VEGETABLE TINCTURE. The medicine is compounded from the Vegetable Kingdom and may be used by any person without dangerous consequences. By a wise choice and combination of some of the best of each class of co-operative, simple remedies, it is fully reaches all the essential organs of the human system and there it has proved itself so effectually curative of the WHOLE ROUND of chronic affections.

Over two million bottles have been sold in the north and west during the last five years.
