N. Y. STOCKS

NEW YORK (AP) — Most of Monday's early stock market gain by steels oils aircrafts and shipbuilding issues faded under profit-taking and the market registered a decline on average.

Prices were at about their worst of the session by the close. Some gains running to about 2 points still remained for pivotal stocks but the majority of these issues showed losses of about the same range.

The market was higher and active from the start in a resumption of Friday's advance. Increasing demand for steel and domestic oil spurred prices.

The news from the Middle East was not drastic enough to deter traders. The huge order backlog for aircraft continued to boost these stocks.

The Associated Press average of 60 stocks declined 50 cents to $175.50.

Among Canadian issues on the New York stock exchange were Canadian Pacific down ¼ and Distillers-Seagram off ⅜.

On the American stock exchange Brazilian Traction lost ¼, Loblaw was off ¾, Molybdenite was down 1 while Shawinigan rose 1 and Sapphire Petroleums and Scurry-Rainbow Oil were up fractionally.
