

THE CONQUEROR OF CATARRH

If you have catarrh, let me cure it for you. If it isn't overpowered now, it's bound to get the best of you in the end. You think not? Lots of people have made that mistake. They say, "Oh, it doesn't amount to much—it's only catarrh." So on they go, adding to it just a little every week. They never notice how it's creeping along through the system. At last there comes a day when "only catarrh" turns out to be a pretty serious thing.

But leaving out the danger, there's another reason for getting rid of it. Catarrh is an unclean disease. To put it plainly your hacking and spitting and bad breath make you a nuisance to your friends. It's not pleasant for them to have you around.

That sounds harsh—but it's the truth. Of course they don't tell you so. They don't want to make you feel badly. Just the same, no one, not even a relative, enjoys being near a person with a foul, fetid breath. There's not the slightest doubt it hurts you terribly with outside people—with the people you meet in a business way.

Did you think it no use to try to cure Catarrh? Some physician whose knowledge on the subject is as limited as it is unreliable, may have told you so. Perhaps you tried to cure it yourself with some of the many nostrums so widely advertised for the purpose. Then you failed, for such things simply cannot cure Catarrh. You see, it's a disease that affects different persons in different ways. It demands individual treatment. You must have a physician whose knowledge on the subject is as limited as it is unreliable. But don't be discouraged. Seek help in the right place. Write to me at once and I will give you

Free CONSULTATION AND ADVICE.

I offer you counsel, sympathy, and aid, without charge. This treacherous disease has been my life-study and I am familiar with its workings from start to finish. I can tell you how to cure it safely—quickly—permanently. The thousands to whom I have brought relief, and they may be found in every part of North America, gladly testify to my wholeheartedness, sincerity of purpose, and the wonderful cures I have made. I will gladly send you the names of many people I have cured that live right near to you.

DR. SPROULE, B. A., Catarrh Specialist.

In the early, mildest stages of the trouble called Catarrh, who that has it thinks of peril, sees the danger from afar?
Then it seems a simple matter, Nothing that requires a cure, So it grows with steady power, Make it progress slow but sure.

Soon it poisons all the system, wrecks the hearing, taste and smell, But there is a graver danger, Coming as the days will tell
'Tis Consumption, grim and awful, Strangling soon the sufferer's breath, And Catarrh's unheeding victim finds himself confronting death.

The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities f. o. b. at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

Output.
When in full operation the output is expected to be about as follows:

Equivalent to yearly dividends of 30 per cent., or 15 per cent, half-yearly on total capitalization. 2,000,000.00
If the capitalization was increased to this estimate would still show a dividend-earning capacity of 10 per cent, per annum. \$20,000,000.00
The capitalization of the Dominion Coal Co., is \$20,000,000.00
The capitalization of the Dominion Iron and Steel Company is \$28,000,000.00

The capitalization of the Canadian Steel and Coal Company is only \$6,000,000.00
g, it is believed, equally valuable properties, and it is reasonable to expect much larger dividends.
Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.
