Repair Work.

One of our great Specialities

Our business has been so great for past few months it has been almost impossible to turn out our orders on time. The question naturally arises, 'What is the reason of so great a rush?' The reason is plain, our plant is fitted throughout with the latest Modern Machinery and employing none but first class workmen. We are in a better position to turn out work in a satisfactory manner than any other establishment on P. E. Island.

We have the facilities and know how to execute the work. Give us a trial and be convinced of the merits of our work. Bruce Stewart & Co., Founders, Engineers, Machinists and Boiler-makers. Steam Navigation Co's Wharf, Charlottetown, P. E. Island—Phone 125.

THE MORNING GUARDIAN

MONDAY SEPTEMBER, 9, 1901.

NO HAY FEVER.

Some weeks ago a lady tourist from Massachusetts stated to THE GUARDIAN that for years past she had annually had hay fever and had come to Prince Edward Island this year when she felt the attack coming on. The result had been a prompt recovery. Yesterday a gentleman from Pennsylvania made a similar remark. His wife had been a severe sufferer from hay fever for many years, and they had tried trips abroad to various countries from year to year with the result of only obtaining partial relief. Last year for the first time they came to Prince Edward Island. The result was an almost entire exemption from the troublesome complaint. "So we have come back this year, and may stay till October, and we feel like coming as long as we live," he said.

Hay fever has been almost unknown here. It is believed to be caused by the pollen of certain plants, among which the rag weed and golden rod have been suspected. It is a troublesome disorder which attacks the mucous membranes of the nose and eyes, sometimes producing bronchitis and asthma, and always aggravating any existing troubles of the respiratory organs. It may even be possible that hay fever may yet become prevalent here as it is in New England and the Middle States. For the present the fact cannot be made known too widely that the Island has been hitherto practically free from this malady; that persons usually afflicted when residing elsewhere find themselves exempt when spending the summer here, and some who have felt the attack coming on have been entirely relieved by a few weeks sojourn on the Island.

Mr. Cooper, editor of the Canadian Magazine, in an open letter to the editor of the P. E. Island Magazine, offers to give \$100 to a Charlottetown charity provided the gentleman addressed can show one false statement in Mr. Cooper's recently published remarks about Charlottetown. Mr. Cooper reaffirms all the statements he made and thus his open letter becomes an object of interest to the reading public here. The following quoted statements made in Mr. Cooper's article referred to appear to be false and untrue: "The Charlottetown newspaper offices, for example are easily the worst in Canada. There is nothing in the Ontario town to equal them for lack of appearance, unhandiness and dinginess." "Charlottetown P. E. I. is known throughout the land as Sleepy Hollow. It is the dingiest and most unprogressive city of the east. The Provincial buildings are a disgrace to an enlightened community while the whole place seems to have given itself up in disgust."

SONS OF TEMPERANCE.—Victoria Division, No. 4, will meet this Monday evening in Wright's Hall, at 8 o'clock. Visitors welcome. Reports from District Division.

FREE FOR ALL TROT AND PACE. Rock Rarm Grace, entered by Fred Warren, Springhill, N. S. Rex, entered by Fred Warren, Spring Hill, N. S. Ben F., entered by F A Falconer, Sydney, C. B.

Park Campello, by Parkside, entered by Daniel Steele, Summerside. Walter K., entered by E Le Roi Willis, Sydney.

The time for the closing of the entries of the horse races advertised to take place on Wed. and Thurs. next the 11th and 12th inst. having expired we publish the above list of the entries in the various classes filled.

Three races advertised viz! The free for all, 2.25 and 2.30 class did not fill and are declared off.

The failure to fill in three classes will necessarily confine the races to one day only, and the directors have decided to hold the races which have filled on Wednesday, next, the 11th inst., the first day advertised. That a great day is assured there can be no doubt. From the names of the entries with such competitors, as the grand mare, Rock Farm Grace, an old favorite on our track and who beat Minots at Springhill a few days ago.

Walter K., the new pacer brought to the provinces by the great horseman, E LeROI Willis.

Ben F., the great pacer from Sydney and Park Campello, a good horse owned on the Island, each of whose track performances are so well known, and who are entered in the free-for-all trot and pace, there can be little doubt but that the greatest race ever witnessed in the Province will be an event of the day.

There are also two more good classes. The 2.24 and 2.35 have also been filled by horses among the fastest in the provinces.

The former by such horses as Parkwood, Guy J Rev. Princess Regent, Kickapoo and Stranger, and the latter by Nina Wilkes, Lady Thompson, Belle Stanford and Robert Wood.

With such entries, these two races cannot fail to be grand events. Although it is to be regretted that the two days racing cannot come off, yet we feel that we can confidently say that the greatest day's racing ever witnessed in Charlottetown or in the Province, will take place on Wednesday next, 11th inst. As every arrangement has been made for cheap fares by rail and steamboat, it is thought that the day proving favorable, Charlottetown will be visited by a larger number of people than ever seen here.

The harvest is all over, and the farmers want an outing. These races will fill the bill.

THE AGONY OF SLEEPLESSNESS

Did you ever pass a single night in wakeful misery, tossing and rolling in bed, trying in vain to sleep and longing for morning to come? Can you imagine the torture of spending night after night in this way, each succeeding night worse and worse? This is the most dreadful symptom of Nervous Exhaustion and Debility. You can be gradually and thoroughly cured of sleeplessness by the unbuilding influence of Dr. Chase's Nerve Food. It cures in nature's way, by creating new nerve cells and restoring lost vitality.
