THREE cases new American felt hats for men in all the modern makes such as Grand Duke, King Edward and other famous shapes; also a nice lot of new ties for summer wear, the latest production, just received at—Sinclair & Stewart. 25 Thurs & Sat.

TOWNERS looking for cool places would have found in Summerside yesterday all they could desire. Even the natives, some of them, found it cool enough to have fires on. In one store which the writer visited yesterday three or four men were seen seated around a stove and each seemed to be enjoying the heat. For many days previous it was hard to find a place cool enough.

DIPHTHERIA which recently broke out in the family of Mr. Abraham Rayner at Travellers Rest resulted on Tuesday in one death a two year old child of Mrs. David Rayner, his daughter-in-law who with her two children is there visiting. The disease first developed shortly after the arrival of Mr. Rayner's daughter, Mrs. Ellis of Boston who came for a visit about two weeks ago with her child both of whom became victims. Mrs. David Rogers' children contracted the disease as did also two of Mr. Abraham Rayner's children. The little ones who died had apparently recovered but was seized with convulsions and succumbed in a few hours. It is pleasing to learn however that all the stricken ones are now improving and all precautions are used against the spreading of the disease.

## New System of DENTISTRY

—AT THE— **BALTIMORE DENTAL ROOMS** Drs. Wright & Loge (Graduates of the Baltimore College of Dental Surgery.) Some Notable Features of Our New System: Science, Quickness, Neatness, Cleanliness, Copies Nature, Endurance **QUICKNESS** We can save you TIME, MONEY and pain. Those who live in the country and wish to save the expense of staying in town, and the annoyance and pain of several operations, can do so by coming to the Baltimore Dental Rooms. By our famous "extraction of the pulp" we can treat and fill your teeth at once. **Our Crown and Bridge Work** Is done while you wait and before your eyes, the work being fitted directly to the teeth. By this new system misfits, which so often follow the old method of making crowns on models, are impossible. We want to introduce our "new system" into every home in the Province, that everyone may know from experience, the merits of it and the great advantage it possesses over the old methods.
