**I Advise Suffering Women Strongly, to Take Doctor Pierce's Favorite Prescription.**

This advice comes from a woman who had suffered all the miseries women can suffer from disease, and had been perfectly and permanently cured by the use of Dr. Pierce's Favorite Prescription.

This great medicine for women establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Read Mrs. Kempson's letter and, if you are sick, follow her advice.

"Although it has been quite a time since I wrote you," says Mrs. Fred Kempson, of Cambria, Hillsdale Co., Mich., Box 57, "still your name is a blessing in our house, and I think it my duty to let you know that I am still enjoying good health, thanks to you and your 'Favorite Prescription.' When I think how I was five years ago, and then see how I am now, I say, God bless Dr. Pierce's works, and women. I have never had any return of my weakness and an well and hearty. Can do all my own work without any pain. You saved me from the grave when all others failed. I advise suffering women strongly, to take Dr. Pierce's Favorite Prescription, as I know it will cure in all cases, if indeed there is a cure."

Dr. Pierce's Pleasant Pellets are an excellent laxative, suited to the use of delicate women.

**MILFORD HAVEN MAY BE NEW ATLANTIC TERMINAL,**

For the Fast British Canadian Line - Chairman of the Milford Docks Company Says He Has Reason to Hope this Decision May be Made.

LONDON, Aug. 26.—Speaking at a meeting of the Milford Docks Company in London yesterday, the Chairman, Mr. Newbon, said he had reason to hope that Milford would become the terminal port of the British-Canadian fast mail service.

History, said Mr. Newbon, was now made by millionaires. One of these had told him that if the Britishers did not appreciate the advantages of Milford Americans would form a pool and utilize it. America was showing Great Britain that she must wake up, and Canada in this matter was very much awake.

Marine authorities agree in stating that Milford Haven, Wales, possesses the finest harbor in the United Kingdom. It is landlocked, easy of access, and is capable of containing an enormous number of ships.

According to reports of a fortnight ago, nothing had then been decided in regard to the selection of the terminal port for the proposed British-Canadian line. The question was raised twice in the House of Lords, and on each occasion the Government's representative, the Earl of Onslow, declared that nothing definite had been done.

On Aug. 5 Lord Killanin asked the Government whether it had any information regarding the proposed line, and, if so, whether the Government would take into consideration the advisability of choosing for a terminal port some place on the west coast of Ireland.

Lord Onslow, Under Secretary for the Colonial Office, said he had no doubt that the claims of the west coast of Ireland would be taken into consideration, but he believed there were other ports of the United Kingdom which claimed equal consideration. If those interested in the various ports would come together "the Government would be glad to form a ring round and see a fair fight out."

Two days later the Earl of Meath accused Lord Onslow of flippancy in the foregoing answer, and Lord Onslow, in reply, said he meant that, if there was to be a selection of any port in the United Kingdom, the Government would have to hear the arguments brought forward on behalf of each port before it came to a decision.

Germany, and combines exceptional talent with broad culture.

There will be two new teachers on the staff this year. Miss Bessie Tufts, of Lexington, Mass., fills the position formerly occupied by Miss Stark, now Mrs. John Hammond. Miss Tufts comes highly recommended as vocal teacher, having spent years in musical study. She received three years instruction from Herr Gatzner, Vienna, a pupil of Stockhausen, and also was under Fraulein Mutter, an assistant of Machei. Last year she was in Philadelphia studying under Fraulein Marie Budinger, the pupil of the famous Jackmann-Wagner, the niece of Richard Wagner and one of the greatest opera singers of her time.

This college has been fortunate in securing the services of Miss Florence Webb, instructor of piano and organ. Miss Webb, whose brilliant success at Mt. Allison has not been forgotten, has been winning laurels for herself and her Alma mater abroad. She has recently graduated from Chicago's Musical College with high honors, winning the diamond medal for highest general average, the first gold medal in piano recital class, gold medal for musical composition and leading a class of eighty members, including all the graduates in piano, voice and violin.

There are three other ladies of the staff who have received ample instruction abroad, and whose work has been well honored.

CH'TOWN, P. E. I.

This College re-opened for the Fall and Winter Course on

**THURSDAY, AUG. 14, PROX**

Intending students will consult their own interests by entering as soon as possible after the date of opening. Last year we were most successful in placing our students in positions. To enable us to do the same this year they MUST enter early in the session. There are lots of splendid positions waiting for competent persons to fill.

Business men are acquainted with our course and method of instruction and apply to us for competent young men and women. Come and get a live education: one with some backbone in it. If, perchance, you have made a mistake in the past, try an education in which you will be rewarded as you exert yourself. The past is gone, the future is yours. A special course in Shorthand and Typewriting will be given as soon as the term begins. "Phonography, What it is and What it Does," by Ben Pitman; also full particulars relative to the College will be cheerfully furnished on application to

**ROOSEVELT'S BIG DAY.**

AUGUSTA, MAINE, Aug. 26.—President Roosevelt to-day passed through and received the plaudits of a quarter of a million of people. The greeting which marked his passage through New England has been flattering in the extreme and to-day's experiences demonstrated his popularity perhaps more than ever before.

**THEY ARE GOOD.**

Jean Boivre Returns a Thousand Thanks to Dodd's Kidney Pills.

ST. ELZEAR, Que., August 25.—(Special)—After suffering for many years with a terrible malady of the kidneys and having been cured completely by Dodd's Kidney Pills, Mons. Jean Boivre of this place says:

"I was very ill. The Kidney Trouble caused me a great deal of pain and forced me to rise every hour during the night."

"I was advised to use Dodd's Kidney Pills and after taking a short treatment found myself completely cured."

"Dodd's Kidney Pills are good."

"I say this because they cured me. Now I can sleep well all night without rising."

"I am very much pleased to have regained my health and I say thanks a thousand times to Dodd's Kidney Pills."

**COMBES' WORK DONE.**

LONDON, August 26.—The Paris correspondent of the Daily Chronicle says M. Combes, the French premier, has announced his intention of resigning on the re-opening of the Chamber of Deputies. M. Combes considers that he has fulfilled the mission entrusted to him by President Loubet in carrying out the law relating to unauthorized congregationist schools. M. Combes assumed the duties of premier early last June.

**MT. ALLISON LADIES' COLLEGE.**

In the little town of Sackville, N. B., a central point of the Maritime Provinces is situated Mt. Allison Ladies' College, which has been for forty-eight years the healthful happy home of Canadian bright girlhood.

Its commanding situation, the high standard maintained in literature, art and music, the town's high health rate, the advantages for education of both mind and moral, attainable only in a true home atmosphere, make this institution an ideal school.

**LITERATURE.**

The literary staff is strong, comprising teachers with a wealth of learning and experience. Students wishing to go further than the M. L. A. course have the privilege of attending the University classes, while under the sheltering roof of the Ladies' College, and the classes in shorthand and type writing lead to a diploma at the Commercial College.

**ELOCUTION.**

The elocution department, under the efficient direction of Miss Annie Richardson, who has studied under some of the best masters of expression in England and America, is being placed on a still higher footing, having now a complete course offering a diploma. The physical culture class, which adds so much to the health and grace of the young ladies, is also in Miss Richardson's hands.

**MUSIC.**

The musical advantages of this college are proverbial, and more widely sought every year. The conservatory Director, Prof. Geo. Wilson, during the past year has more than justified the flattering recommendations he brought from Germany, England and America. He is a graduate of Leipzig Conservatory, is one of the best musical instructors in Canada and is considered one of the finest organ soloists on this side of the water.

Dr. Archibald has charge of the violin department and harmony study. His training received at Mt. Allison has been widened by the degree of M. A. from Harvard and Ph.D. from Strasbourg, Germany. He has studied the violin under some of the best known masters in

**HOME COMFORTS.**

Mt. Allison is essentially a home school where everything is done for the health and happiness of its inmates. A trained nurse and doctor are in constant attendance. It has a beautiful park, lawn tennis courts and ample gymnasium facilities. This year the interior of the building has been freshened with paint and paper and the bath-room accommodation has been increased. Besides the usual reading room another room has been set apart for a library. About three hundred new volumes, many of them valuable books of reference, have been purchased, largely the gift of the Alumnae Society, and all the books are being classified and catalogued by Dr. Archibald. A striking feature of the library is the long stand holding open the entire set of the Century Dictionary.

The prospects for the coming year are bright, a large school is expected, and those wishing to obtain rooms should send in their application at an early date.

**FRED WEST SANDBAGGED.**

A Breakfast Food That Makes Vitality Quick as Lightning's Flash

Central Park West, New York, March 28, 1902.

**"FORCE" FOOD CO.**  
Buffalo, N. Y.

Gentlemen,—I think it my duty to write and tell you how I appreciate the good quality of your "FORCE" Breakfast Food. I have had stomach trouble for a year and am unable to eat anything but "FORCE" and milk. It is the only solid food I eat, and I never get tired of it and have gained four pounds. I eat about three packages a week. It is better than any other food on the market, and I cannot praise it too highly.

Yours very truly,

Name furnished on application.
