## HOUSE LIKELY TO CLOSE WEDNESDAY

According to Arrangement Arrived at Between Premier and Leader of the Opposition—The Autonomy Bill Pass the Senate in Committee.

OTTAWA, July 16—(Special)—The Senate will fold their tents Monday night. The Premier and Opposition Leader have practically agreed that Parliament will rise on Wednesday at the latest. It may do so Tuesday afternoon but that is doubtful. Laurier has been under the weather for the past few days and had to leave the House Saturday afternoon.

## SENATOR DEPEW IS DENOUNCED

Chauncey Depew, senator of the sovereign state of New York, might be pitted if one didn't know him. The World refers to him editorially to-day in these words: "For more than forty years now Mr. Depew has played a prominent, if not an important part in the public life of the United States. He has held high offices. He has been the intimate friend of statesmen. At one time he was an aspirant for the presidency itself. "While nobody ever claimed for Mr. Depew genius of the order of sternly ascetic ideals, his has been a distinctly likeable character. He might have been set down with Abou Ben Adhem as one who loved his fellowmen. He could have said to them as Kipling said to the English of India "I have eaten your bread and salt, I have drunk your water and wine—The deaths ye died I have watched beside The lives that ye led were mine." "Although Mr. Depew's political services in behalf of corporations have long been known, most men preferred to believe that at heart he was better than his business, and that the closing years of his life might atone for earlier indiscretions. "It is not pleasant to see this man, now past the allotment of three score years and ten, branded with shame and stripped of the last shreds of respectability. "It is not pleasant to know that he too shared in looting the heritage of the widow and orphan. It is not pleasant to know that he has committed offences which make him unfit to hold his high office and which might warrant proceedings for disbarment if not criminal prosecution. "This is not a joke as some of our friends believe. It is a tragedy and the world can contemplate it only with feelings of genuine regret and sorrow."

## SECOND MUTINY FEARED IN INDIA

Europeans Fear the Spread of Native Unrest.—Caused By The Japanese Victories.

SIMLA, INDIA, July 12.—Dread of another mutiny is being felt by all Europeans here. India is in a very serious state, and the authorities are making endeavors to prevent the spread of unrest and the mutinous spirit which is growing like an infection from province to province. The cause of this condition is the war between Russia and Japan, for the supremacy of the yellow race has come as a revelation to the bazaars. That an Asiatic race can defy and even conquer a European one has made the natives think. The spirit of dissatisfaction and trouble in the air now is far more acute than it was two years before the Mutiny. What makes the situation more dangerous is the ability of the "baboo" to spread their tidings of revolt to every end of the Indian Empire with rapidity and ease. The problem of how news travelled from the remotest ends of India in the days of the Mutiny has only been partially solved. But since then Lord Ripon has dignified Indian native opinion, and the baboo can make himself as easily heard as his master. Lord Kitchener's statement that the Indian army is practically worthless has been widely circulated among the ignorant natives. Lord Curzon's tyrannical methods have set every class against him personally and the personality of a ruler has an effect in India which is incalculable. The potential possibilities of the situation have been brought directly to the attention of the King, and it is known that he has had a number of consultations with prominent Anglo-Indians now in England on leave. It is a fact that in Central India hundreds of Afghans are looting and skulking about alone or in couples. This is considered to be an ominous sign, for the Afghans do not wander so far south with any peaceful purpose in mind. If a holy war were to be preached the Mohammedians would be as much the object of native fury nowadays as the Christians. The situation has an ugly look, and there is a prayer on every one's lips that the cloud will not entail a storm.

New York, July 14—An attempt to detain Peary's Arctic ship Roosevelt from sailing has been made by some person or persons, who notified the Department that the vessel left Portland for New York without her clearance papers. The Government officials promptly imposed a fine of \$500. The captain of the ship was summoned to the Custom House today, and was notified that the sum must be paid immediately. The members of the Peary Arctic Club acted promptly, furnishing a bond for the amount, and thus avoiding complications.

## ANOTHER RUSSIAN WARSHIP IS SUNK

Was Engaged in the Recent Naval Fight and Fled for Vladivostok—The Japanese Have Now the Entire Possession of South Sakhalin.

TOKYO, July 16 (Special)—It is officially announced that the Russian centre holding Dornie and vicinity was attacked on July 11th and offered a stubborn resistance. The attack was renewed at dawn the following day when the Russians were dislodged, the Japanese driving them north. This victory insures the complete occupation of South Sakhalin by the Japanese. Four heavy guns and one maxim were captured. The Japs' loss was sixty and Russians one hundred and sixty. Admiral Yamada reports that the Russian cruiser Izumrud is a complete wreck at Vladivostok and cannot be floated. The Izumrud during the recent battle was cut off from the rest of the fleet and fled for Vladivostok with the Japanese in pursuit. She ran ashore and was blown up by her crew.

## BOSTON HAD SEVERE STORM

Boston, July 14—A severe thunder storm broke over this City tonight, during which the rain fell in torrents and the lightning struck two churches and several dwellings, causing more or less serious damage by fire. The Eliot Congregational Church in the Roxbury district, was struck shortly after nine o'clock and set on fire. The damage is estimated at \$5000. Three houses in the south end district were struck by the lightning and slightly damaged. The steeple of the new Old South Church, in Copley Square, one of the tallest and most beautiful in the city, was also struck by lightning.
