

43 YEARS WITHOUT A SALARY.

Rev. Edward Schnadhorst has been pastor of a London church for forty-three years without a salary. He is a man of independent means, who in 1838 dedicated his life to the uplifting of the poor in the East end of London. The church owns a large building on the Roman Road, in North Bow, where almost every kind of religious and philanthropic work is carried on.

THE BEET SUGAR INDUSTRY.

Guillermo Geswein, a well-known business man, of Concepcion, Chili, has been commissioned by the Chilean government, to visit Europe and the United States for the purpose of finding out all he can about the beet root sugar industry.

TO FORM A VAST NET WORK.

It is understood that King Leopold has been negotiating with the French government and financiers for the formation of a project with a capital of \$40,000,000, for creating a vast Belgian and international net work of railways. The first electric train will run from Brussels to Antwerp, the second from Brussels to Ostend and a third from Brussels to Paris.

VERY COLD IN ENGLAND

LONDON, June 20.—June, which began in Western and Southern Europe with premature August-like heat has become in the past week abnormally cold. Great Britain, France, Germany, Austria and Italy have suffered. Nights have been absolutely frosty, and the thermometer at Greenwich on Tuesday registered 28 degrees. There were similar temperatures in parts of France and Italy, while snow was common in Austria and Hungary.

SCHOOL BOY'S STRIKE

NEW YORK SUN: The big pupils in a public school in Bellville, Ill., who struck for shorter hours of study have failed in their object, but they have shown that they understand the etiquette of strikes. Arming themselves with sticks and stones, they bulldozed girls and small boys into joining them. This essential element of violence is so common in strikes that imitative toys are quick to use it.

WITHOUT ARMS OR LEGS.

A German surgeon has in his service an old military man who has neither arms nor legs, and half of whose face was carried away in the war of 1870. He wears a metallic mask, which has been so skilfully adjusted to his face that he still retains some semblance of humanity, and has preserved his sight.

ANNUAL MEETING

Of N. S., N. B. and P. E. I. Conferences

THE STATION SHEET

President Lane Honored—Report of Proceedings at Lunenburg.

LUNENBURG, June 20.—Rev. G. Lane was today elected president of the Methodist conference on the third ballot, Rev. Mr. Lane 50; Rev. Mr. Hockin, 49. Rev. W. H. Langille was re-elected secretary, getting 79 votes out of 88.

Yesterday afternoon the following resolution referring respectively to Rev. Messrs. Lane and DesBarres, were adopted:

"We hail with satisfaction the return to our midst of our esteemed Brother Lane, who at the call of his country and with the approbation of the church authorities proceeded early in 1900 to South Africa as Methodist chaplain to the 2nd contingent of Canadian soldiers. We render devout thanksgiving to Almighty God that the life of our brother was preserved amid all the dangers incident to warfare. We also wish to express our appreciation of his Christian character and uniform devotion to all the duties of the chaplaincy maintaining throughout the traditions of denominational loyalty."

"The conference having learned of the transfer from Nova Scotia to Newfoundland of Rev. F. W. W. DesBarres records its high appreciation of him as a man and a Christian minister. We recommend him to the Christian regard of our people in Newfoundland, believing that he has talents for extensive usefulness in their midst. We assure Brother DesBarres of our regret at his departure and our earnest prayers for his abundant success."

Mr. DesBarres spoke feelingly of his love for the Nova Scotia conference, but felt that he was being providentially guided in going to Newfoundland.

Rev. W. R. Tratt, transferred this year from Newfoundland to Nova Scotia, addressed the conference and was most cordially received.

So far the conference has been favored with beautiful weather and Lunenburg is looking its best. The well known hospitality of the people is being thoroughly enjoyed by all the delegates.

MISSIONARY ANNIVERSARY

The conference missionary anniversary was held this evening. A large and enthusiastic audience greeted the speakers. President McCaArthur, in his opening address, affirmed that the prosecution of the missionary enterprise was necessary to the spiritual life of the church, and when by our modern progress we take away from the heathen their faith in old paganisms we are bound to give them some substitute.

Rev. A. D. Morton presented the report of the missionary society. In this, its 77th year, the income, notwithstanding the twentieth century fund demands, shows an increase of \$25.

Rev. F. W. W. DesBarres confined himself to the subject of home missions, criticizing the present policy of the church in reference to their support. He laid down the fundamental principle that the extension of the kingdom of God rather than that of the Methodist church should be sought in the distribution of the funds. But there are two sides to every question and many of the ministers took exception to his criticisms.

Rev. W. H. Langille gave an eloquent and scholarly address on the general subject of missions, touching particularly upon the relation of the missionaries to the recent disturbances in China, and quoting competent authorities to prove that they were

Between the addresses the choir, under the leadership of Dr. Burrill, rendered excellent selections.

GOD SAVE THE KING

M. M. GALBRAITH - - - Director.

On Saturday a large number visited the Steam Navigation Company's wharf to see the magnificent Cotswold thoroughbred sheep imported by Mr. John Tweedy of Earnscliffe from England. This beautiful yearling was bred by Russel Swanwick of the Royal Agricultural Cottage Farm Cirencester, and weighs 300 lbs. On June 8th the animal was shipped on board the Carthaginian and arrived in Halifax on Thursday last. The sheep is registered in the English Herd Book and will be a valuable addition to Mr. Tweedy's valuable flock.

Great Victory.

BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotte. Mr. Crotte's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Doid's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Doid's Kidney Pills. From the first box I improved. Now I am at my work every day."
