side for the prompt help sent them. Messrs. Maynard Schurman, Stanley Perry and several other car owners were of valuable assistance. Among the Summerdale firemen who were on the scene were Harry Silliphant, Stanley Perry, W. B. McNeill, John Steele, J. R. Claude, Andrew Morris, Ed. Monckley, Reggie Saunders, Earl Suddaby, Ed. Hon. Frank Oliver May Be Appointed On Railway Board

OTTAWA, Aug. 7.—While nothing was given out for publication following this afternoon's session of the Cabinet the rumor that Hon. Frank Oliver of Edmonton may be appointed to fill the vacancy on the Dominion Board of Railway Commissioners caused by the death of Dr. Rutherford becomes more insistent.

Despite the reticence of Premier King and other members of the Cabinet there is an impression that some of the impending appointments have been made, though they have probably been raised, and in some instances discussions raged at Monday and Tuesday cabinet sessions.

Socrates and Summer

SOCRATES said that a man was wasting his time not only when he was absolutely idle, but when he was employed below the level of his abilities.

THIS is equally true of the employment or use of money.

MONEY invested in good bonds earns a full month's interest in August just as safely as in September.

DON'T let your surplus money be idle just because things are dull in the summer.

MONEY asks no vacation. Put it to work for you now. Invest it in good bonds.

MEN AND HORSES

How closely related is man to the more intelligent of the animals is seen in many of the ailments to which both are prone and the remedies to which they answer.

Doctors and veterinarians are often surprised to learn of the similarity of their methods of handling the ailments of man and beast.

Sprains, burns, scalds, scratches and many other minor injuries, many everyday ailments, too in men and animals take the same course, and both answer immediately to the same treatment—Absorbine Jr.

Absorbine was first discovered by a very close student of the horse, W. F. Young, and by him, devoted to its cause. Its very exceptional benefits, however, were promptly seized upon for the human race and, in a milder form, the preparation is sold all over the continent today as Absorbine Jr. It is used for men, women and children everywhere as a positive germicide—a germ killer—and a prompt and certain healer of all cuts, scratches, and other ailments.

It is useful not only for all the purposes served by ordinary liniments and embrocations, but as a mouth-wash and for anything else where a germicide is needed. Don't wait until you need it. Get it in the house today. \$1.25 at your druggist's.
