Fire which was discovered shortly after 10 o'clock last night caused considerable damage to a new barn owned by Mr. Harold Hynes, Montague. Members of the family discovered flames starting from the roof.

The fire is believed to have been due to spontaneous combustion as the loft contained a quantity of new hay.

The roof was burned off and considerable damage done to the interior before the flames were extinguished by the Montague Fire Department.

Rays of sunlight, converged by a flaw in the window glass, are believed to have started a $2,000 blaze in a two-family wooden tenement on the corner of Spring Street and Brighton Avenue Saturday afternoon.

The fire was discovered when a young daughter of Mr. Hooper Essery, one of the occupants, went to pick up a cushion leaning against a porch window. The cushion burst into flames and a startled girl dropped it. A rubber raincoat caught fire and blazed up, setting fire to the walls and ceiling of the porch. The blaze quickly spread to the main building. The flames had taken strong hold when the firemen arrived and it was only after a stubborn fight that they were extinguished.

All the furniture and contents of Essery's side of the house were destroyed and considerable damage by smoke and water was caused in the other side, occupied by Mr. George Francis and his family. Almost all the furniture in Mr. Francis' house was removed undamaged.

Mr. Essery's loss, estimated at $500.00, was not covered by insurance.

The damage to the house, which is owned by Mrs. John McAleer, is estimated at $1,500.00, partly covered by insurance.
