Women Have

Kidney Disease

And Often Make the Mistake of Attributing the Resulting Backache to Other Causes.

Dr. Chase's Kidney-Liver Pills

Many women have kidney disease and do not know it. They confuse the symptoms of kidney disease with those of ailments of a feminine nature.

Pains in the small of the back or weakness and lameness of the back are the most marked symptoms of kidney disease; others are loss of flesh, dry, harsh skin, deposits in the urine, swelling of the feet and legs, severe headaches, stiffness and soreness of the muscles, rheumatic pains, cold chills in the back and loins, scalding, painful urination, weariness and despondency.

There is, we believe, no preparation extant which affords such prompt relief for backache and the other distressing symptoms of kidney disease as Dr. Chase's Kidney-Liver Pills.

Mrs. J. Larter, 128 Cross street, Charlottetown, P. E. I., and whose husband is a contractor, states: "I had suffered a great deal with pains in the small of my back, my digestion was bad and I was frequently troubled with spells of racking headache. I have been entirely cured of these distressing symptoms by the use of Dr. Chase's Kidney-Liver Pills, and find that my general health is greatly improved since I have been using this preparation."

"I can also testify to the merit of Dr. Chase's Syrup of Linseed and Turpentine, as I was cured of a severe attack of bronchitis by the use of this remedy." Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanston, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box of his remedies.
