CHURCH OF SCOTLAND—Service Friday, Feb. 27th, Melville 7.30 p.m.; Sabbath, March 1st, Birch Hill 11 a.m. and 7 p.m. Monday, March 2nd, Kinross 7.30 p.m. L-506

ISLANDER DEAD—Miss Marie Matheson, Cavendish P.E.I., received a wire on Feb. 19th announcing the death of her sister, Mrs. James Langley of Regina, Sask.

VALENTINE PARTY HOSTESS —Mrs. Robert E Shaw entertained at a jolly Valentine party at the Manse, New Glasgow, on Feb. 14th, for the pleasure of her "Explorer Group". The children spent the afternoon in games appropriate to the season. At the supper hour the table was prettily decorated with tiny hearts, centred with red tulips, and red tapers in silver candlesticks on either side.

BACK ON ROUTE — The S. S. "Prince Edward Island" car ferry was back on the service yesterday morning between Borden and Tormentine after a 24-hour hold-up at Borden while one of her boilers was being repaired. The first trip was made in a little over two hours. Last night the boat took a little longer on the late trip to this province and the train did not arrive in Charlottetown until 10.45.

FUNERAL SERVICES — The funeral of Mr. John P. Wedge was held yesterday morning from his late residence, 7 Stewart Street to the Church of the Most Holy Redeemer where Requiem High Mass was celebrated by Rev. G. McKenna, C.SS.R. The pallbearers were: Messrs. Jerome Gallant, James Coyle, Sr., Benjamin Gallant Joseph Gallant, John Dillon and Nelson Garnhum. Service at the grave was conducted by Rev. A. J. Loftus, C.SS.R.

VICTORIA YOUNG PEOPLE'S UNION.—The regular meeting of Victoria Young People's Union was held in Victoria Hall on the evening of Thursday, February 19th. The president Miss Annie Gordon presided. Minutes were read by the Secretary Miss Jean MacNevin. The devotional exercises were conducted by Allison Lea and Kenneth Martin. The following committee was appointed to conduct the canvas for church papers. Eva MacLeod, Evelyn MacRae, Lorraine Lowther, Annie Gordon, Allison Lea, Heath MacQuarrie. The next meeting of the Union is to be a social evening preceded by a sleigh drive. Hymn 220 was sung in closing. Mrs. LeRoy Howatt was pianist. Meeting was closed with Mizpah Benediction.

FIVE ISLAND RECORDS —The Holstein Friesian Association of Canada has begun a system of awards of superior production and have chosen the top five animals in each class to receive the award—a beautiful framed certificate. To the Maritime Provinces there are 17 awards, of these nine come to J. Walter Jones; five to M. L. McCarthy, Sussex, N.B., two to the Nova Scotia Agricultural College and one to W. R. Boyer, Bunbury, P. E. I. The thirteen cattle that won the seventeen awards are chosen out of over 4900 R.O.P. tests of annual or life-time production made since the inception of cow-testing in Canada. Island cattle have proved they are tops in the show ring and now it is recognized they are outstanding producers as well. The district of Bunbury which owns or has owned all the Island winners is to be congratulated.

BIRTHS

DARRACH—At the Charlottetown Hospital, Feb. 22 1942, to Mr. and Mrs. Louis Darrach, a daughter, Gloria Jean.

DEATHS

JONES—In Toronto, February 22, 1942. Clarence E. Jones, aged 54 years, a native of Cherry Valley, P. E. I.

HARDING—At French River, Feb. 24, 1942. William Harding, aged 58 years. Private funeral service from his late residence Thursday at 1.30 p. m. followed by service in Geddie Memorial Church Springbrook at 2.30 p. m

WHALEN—In this city, February 23, 1942, James Whalen formerly of Grand River Parish, aged 75 years. Remains resting at Frank Hennessey's Funeral Home. Funeral notice later.

In Memoriam

In loving memory of Peter G. Scott, who passed away February 24, 1941.

God knew that he was suffering
That the hills were hard to climb
So he closed his weary eyelids
And whispered "Peace be thine."
Away in the beautiful hills of God
By the valley of rest so fair
Some time, some day we know not when
We will meet our loved one there.

Ever Remembered by His Loving Wife and Family.

L-499-2-25-1i.

Pictured on the left above is L-Bdr. T. L. Morrison, while on the right is Pte. J. A. Morrison, both of Charlottetown and now overseas. L-Bdr. Morrison is with an artillery unit while his brother is serving with a Highland brigade.

Cpl. George L. Campbell, R.C.N.V.R., has returned to Quebec after spending a short leave visiting his father who is ill in the City Hospital. While in town he was the guest of his brother, Peter Campbell and Mrs. Campbell. Enroute to Quebec he visited his sister Mrs. L. J. McDonald Scarletown.

Personals

Mr. W. Chester S. McLure left this morning for Summerside in connection with the fur business.

Mr. and Mrs. Chester MacKay of Park Corner, are the guests of Mr. and Mrs. G. E. Champion, Charlottetown Airport.

Miss Glen Lidstone and Miss Ethel Campbell of Freetown are among the students attending the Domestic Science Short Course.

Mr. P. J. MacDonald was taken to the Prince County Hospital last night for treatment for a slight indisposition. He was resting comfortably and was expected to be out again in a few days.

Her many friends will regret to learn that Miss Edna MacNaughton, City, is a patient in the P. E. I Hospital and will wish her a speedy recovery.

Miss Ellen Mosher has returned to her home in Bristol after spending the past week in the City, the guest of Mr. and Mrs. Percy West.

Among the passengers arriving by the 6 o'clock plane Monday evening were Miss Elspeth Leslie of the shopping service staff of Robert Simpson Co., Toronto and Mr. Gerald Ryan of McColl Frontenac Oil Co. Ltd., Toronto. They are here on a visit to Miss Leslie's mother, Mrs. George Leslie of Morell.

31 Members of R.C.N.V.R. leave For Mainland

Thirty-one members of the Royal Canadian Naval Volunteer Reserve left Charlottetown yesterday for the mainland. 28 of the men were ordinary seamen. They include:

Francis J. Bernard, Borden; William S. Betts, Bangor; Cornelius P. Bolger, Tyne Valley; Victor F. Brooks, Murray Harbor; Ernest J. Cormier, Charlottetown; Louis Herring, Murray Harbor; Eric S. McCallum; Charlottetown; Chas. H. McKenzie, O'Leary; Augustus A. Mallard, Clear Springs; Merlin A. Mooney, Greenvale; James A. Morrison, Summerside; James C. Robertson, Kingsboro, P.E.I.; John Thistle, Charlottetown; John H. Watts, Grand Tracadie; David R. Wisener, Charlottetown; Frank G. Arsenault, Summerside; Douglas H. Crossman, Cape Traverse; John J. Hemphill, Georgetown; John D. Howard, Kensington; Peter C. Hughes, Charlottetown; Edwin B. Hume, Iris; Archibald M. Irving, Cambridge; Bruce G. MacDonald, S'Side; James A. McLean, Kensington; Howard W. McLeod, Montague Post Office R.R. 4; Francis McQuaid, Kensington; David A. Peters, Montague; Ernest L. Stewart, Hopefield.

In addition to the above, all Able Seamen, John R. Gillis of Point Prim, Elmer J. McIntyre, Savage Harbor and Chester McLeod, Tignish were listed as ordinary coders.

Before leaving they were presented with knitted goods by the Red Cross and cigarettes by the Provincial Government through the Carry On Canada Corps. The presentations were looked after by Mr. A. G. Bruce of the Canadian Legion War Services.

Swine Breeders

(Continued from page 1)

in this Province, the association president declared. Districts where hog raising has been practiced consistently gave ample proof of the value of the industry.

Mr. Hamilton made an appeal for careful attention to good quality breeding stock and care in feeding practices in order that continued improvement might be made in quality. Recent figures indicated Maritime hogs topped the Dominion in grading percentage for January.

"Bacon for Britain"

The evening's meeting was preceded by the showing of an educational talking picture entitled "Bacon for Britain" and a short news reel "Battle of France." The first was an interesting study of hogs from the time they leave the farm until they are placed in a refrigerator car for Britain.

Mr. N. D. MacLean, Charlottetown, showed annual meeting of the Canadian organization.

Mr. W. R. Shaw

Mr. Shaw, in a brief address, on behalf of the Minister welcomed the swine breeders. He pointed out the importance of the hog industry during the past year as well as other foodstuffs. These are exceedingly important in the war.

At the first of the year the Provincial Department of Agriculture associated with the Dominion Department to give full support to the national program for bacon for Britain, the speaker said. "The distribution of boars and sows was promoted to the fullest possible extent," he stated. "This year should see the largest number of hogs raised and finished in the history of the province," Mr. Shaw declared.

Referring to the bonus on "A" hogs, he said the Federation of Agriculture deserved the credit for getting this concession. He then explained that instead of giving one dollar to "A" hogs, it was decided to give 50 cents to "A" and 'B' hogs. "I believe that that bonus has been responsible for a wide enthusiasm and expansion of the hog industry," he declared. He cited figures to prove this statement. Over 10,000 "A" hogs were bonused and over 6,000 B-1 hogs since the plan was put into effect.

Speaking "off-hand" he expressed the opinion that during the next year "it would be a good plan on the part of the government and people to continue this bonus."

Bonus Policy

Referring to the boar bonus policy, Mr. Shaw said it would help overcome the effects of the non-bacon type hog. There were 51 out of 65 applications accepted under this scheme. He was confident the department would carry on that policy during the next year. It should be extended to make boars of outstanding breeding and known progeny eligible, he stated. He also suggested a sliding scale in this regard.

Mr. Shaw also referred to the matter of reduced freight rates on feed grain from Western Canada He declared that 35,000 tons of grain is imported to this province each year. The removal of the freight rate was therefore a great saving to the farmers. He advised the increasing of seeding here to look after the increased hog production.

Mr. S. D. Irvine

Mr. S. D. Irvine then gave an interesting and comprehensive review of the hog industry for the past year. He did not think it advisable for breeders to keep a large number of boars during the coming year unless from sows which qualified in advance registry and of good bacon type. The boar premium policy was commended by the speaker. He hoped it would be continued.

The meeting was then thrown open for general discussion. The matter of grades was brought up by Mr. D. J. Mullin, St. Peters, who wanted to know if only top grades were accepted by the British Government. Mr. H. W. Clay of the Dominion Department of Agriculture said that many low grades were "unfortunately" going overseas. He condemned this practice, saying it would create an unfavorable opinion in Britain.

Mr. C. E. Pratt, St. Peters, asked what the remedy for this situation was.

Mr. Earl Ings, Mt. Herbert, thought the bonus on boars might be detrimental unless a check on the ancestry of the animal was made.

Mr. Clay, in answer to Mr Pratt's query, said that possibly the Yorkshire is too easy to feed One of the causes for poor hogs was lack of proteins, such as fish meal he declared.

"On and after next Monday packing plants in the Maritimes are not allowed to kill any hogs dressing under 130 pounds," Mr. Clay announced. Not enough care is exercised in the selection of brood sows, he asserted. He referred to the improvement in hogs in Albany district which resulted in the past year. The tendency of pigs is to "go heavy" in the shoulders, Mr. Clay declared. The Maritime Provinces have the highest number of selects in Canada, however, he stated.

Model Type

Continuing the discussion Mr. Mullin said there was "too much model type hogs" in mind at present to the detriment of the small farmer. Grading was being overdone, he declared.

Mr. Walter Buntain, Rustico, declared the matter of grading was "bewildering."

Mr. Alex Hamilton expressed the belief that lack of exercise was partly responsible for the offgrades.

A resolution moved by Mr. W. J. Seaman, Bradalbane, seconded by Mr. Ernest Houston, Hunter River, requesting approval of an audit of the accounts of the P. E. I. Co-operative Livestock Marketing Board was then discussed.

Mr. D. J. Mullin declared the resolution was out of order at a Swine Breeders' Association meeting. Mr. E. C. Holm, chairman of the resolutions committee said the resolution was not considered.

Mr. J. A. MacGregor Central, Lot 16, was then appointed to represent the association on the P. E. I. Federation of Agriculture along with the President.

Resolutions

The following resolutions were then adopted:

"Resolved that we the P. E. I. Swine Breeders Association do petition the Minister of Agriculture, the Hon. J. G. Gardiner, to make such provision as will ensure the continuation of this assistance (system of rebates of transportation costs on feed grains imported into the Maritimes) at the same time voicing our appreciation for the enactment of this measure."

Moved by Mr. E. C. Holm, DeSable, and seconded by Mr. P. A. MacIsaac.

"Resolved that we respectfully ask our Provincial Government to impress upon the proper Federal authorities the urgent need of continuous transportation between Prince Edward Island and the mainland."

Moved by Mr. J. A. MacGregor and seconded by Mr. David Wright.

"Resolved that we the P. E. I. Swine Breeders in annual session respectfully ask the Provincial Government to continue its policy of bonusing Grade A and B1 hogs."

Moved by Mr. T. J. Inman and seconded by Mr. Leo Praught.

Sheep Breeders' Assn. holds Annual meeting

Mr. Alex Hamilton, New Perth, was elected president of the P. E. I. Sheep Breeder's Association at the annual meeting held yesterday afternoon in the Agricultural Room at Prince of Wales College. Other officers elected were: Vice President, Mr. Walter MacKenzie, Bradalbane; Sec.- Treas. Mr. W. R. Shaw, deputy minister of Agriculture.

Mr. E. C. Holm, DeSable was the retiring president. Mr. S. D. Irvine of the Dominion Department of Agriculture was named auditor.

Directors named for the coming year were: King's County, Mr. Reid Underhay, Fortune; Queen's County, Mr. Walter MacKenzie; Prince County, Mr. T. J. Inman, Bedeque.

This meeting was the first of a series of farmers' meetings being held in Charlottetown this week and many valuable discussions pertaining to the sheep industry took place. Interesting addresses were delivered by: Hon. W. H. Dennis, Minister of Agriculture; Mr. S. D. Irvine, Senior Livestock Fieldman, with the Dominion Department of Agriculture; Dr. E. S. Notting of the Production Service, Dominion Department of Agriculture.

The financial statement revealed that there is a balance of $343.54 in the bank.

The meeting was almost an hour late getting underway and was not largely attended. Following the reading of the minutes of the last annual meeting by Secretary W. R. Shaw, the President's address was given by Mr. E. C. Holm, DeSable. The text of this appears below.

The resolutions committee appointed included: Messrs. T. J. Inman, Bedeque; George Boswell, Frenchfort and Mr. Walter MacKenzie, Bradalbane.

Mr. Walter R. Shaw then gave an interesting and comprehensive report outlining the various activities of the association during the past year.

A paper by Mr. W. H. Tisdale, Toronto, on the Canadian Wool Growers' Association at the request of Mr. W. H. McGregor, Central, Lot 16, who is Island representative to the association at the meeting of that organization, was read by Mr. S. C. Wright, Fieldman for the Department of Agriculture. Charlottetown.

Hon. W. H. Dennis

Hon. Mr. Dennis in his address, welcomed the sheep breeders on behalf of the government and pointed out the importance of the sheep industry at present. He asserted that sheep breeders were not taking as much interest in it as they should and cited statistics comparing the number of flocks maintained years ago with the present to prove his statements.

One of the reasons for the large flocks in the past was the old crooked fence. He declared that if some scheme for cheaper fencing could be worked out now it might tend to increase flocks.

Referring to the war, Mr. Dennis predicted that within the year Canada would be attacked. He declared this country was a valuable prize and might be desired by the enemy. He then urged those present to subscribe to the Victory Loan.

Referring to the dog nuisance to sheep, he said that when the Department had collected the tax, it was much higher than at present.

Mr. S. D. Irvine

Mr. Irvine then spoke on the pure bred side of the industry stating that the interest in sheep raising is increasing somewhat. The ram grading policy of the Dominion Department was well utilized during last October, he asserted. Weighing the lambs at this time avoided comebacks especially from the buyers, was his opinion.

Last year 43 Oxfords and 12 Shropshires were placed by the Federal Ram Club policy. In addition some older registered lambs of proven merits were placed.

"The demand for rams seemed to come earlier this year," Mr. Irvine said. In October there were more orders than were graded in Nova Scotia. He went on to say that the distribution had been satisfactory.

Referring to parasitic control, he said that the greatest problem in raising sheep is the internal parasite. He commended the use of tablets in combating this nuisance. The ewes should be treated not too close to lambing and not less than one week after.

Carcass grading of lambs was then dealt with by the speaker. Until market lambs are sold on a quality basis nothing concrete can be accomplished, he declared.

Dr. E. S. Notting

Dr. Notting in a few brief remarks, said he noticed during the past year there had been a distinct increase in sheep breeding. The interest shown in the eradication of parasites indicates this.

Mr. Walter MacKenzie asked about the delay in paying the bonus in the Ram Club. He blamed the officials at Ottawa for the hold-up. He wondered if the plan could be altered to remedy this. Mr. Wm. Seaman, Albany, also took part in this discussion.

The chairman then announced that Mr. W. H. McGregor was re-elected delegate to represent the Association at the annual meeting of the Canadian Wool Growers' Association at Toronto.

Returning to the Ram Club policy, Mr. Harold Leard, Albany spoke briefly commending the system and warned against asking for a change in case the benefits might be cut out.

The establishment of a warehouse to handle the output of wool in the province was suggested by Mr. T. J. Inman, Bedeque, during a discussion on wool marketing. Mr. Earl Ings moved that the Board of Directors handle the matter of a set-up and have the director take it up with the Canadian Association. Mr. A. S Frizzell, Sherwood, seconded it and the motion was adopted.

Mr. Harold Leard was appointed along with the President as a representative to the P. E. I. Federation of Agriculture.

The Dog Tax

Mr. Peter McIsaac, M. L. A., Souris, told the meeting that he had failed to get any information re the dog tax. As far as he could find out there was none collected. He stressed the need of having some Department made responsible for it. The school district was supposed to do it but had not.

Mr. W. R. Shaw said the government paid $3 compensation for sheep destroyed by dogs Others taking part in the discussion were: Messrs. Harold Leard, Walter MacKenzie, William Seaman.

Resolutions

The following resolutions were adopted:

"Resolved that this meeting of the P. E. I. Sheep Breeders ask that some person be appointed who will have authority to grade wool in the absence of the official grader who due to the nature of his work makes it impossible for this grader to make more than periodic visits to this province. This will apply principally to the grading of wool for domestic purposes."

Moved by Mr. P. A. MacIsaac and seconded by Mr. Alex Hamilton, New Perth.

"Resolved that the P. E. I. Sheep Breeders Association strongly recommend the adoption of this method of sale (the sale of lambs on a carcass weight and quality basis).

Moved by Mr. George Boswell and seconded by Mr. Alex Hamilton.

"Be it resolved that the P. E. I. Sheep Breeders Association advertise where the Phenothiazine tablets may be purchased by our farmers, and the price per tablet.

"In order that the greatest degree of uniformity may enter into the grading of wool, and with a view to promoting the greatest possible satisfaction to all parties concerned, it is resolved that the wool received by woollen mills direct for the farmers be graded by an official of the Dominion Department of Agriculture qualified to undertake this grading.

"Whereas, it is desirable to maintain an increased interest in the breeding and distribution of registered breeding stock, and whereas there is an indicated need at the present time of future action being taken in this regard, it is respectfully recommended that, consideration be given by both departments for the rendering of assistance in the selection and shipping of out-

(Continued on page 9 Col 4)

THE YOUNGEST OLD MAN IN B.C.

C. C. Reynolds

Mr. C. C. Reynolds, 82 years of age, walked from Chilliwack to his farm 16 miles away. He also walked to Abbotsford, a distance of 21 miles. Feeling so fit and vigorous, instead of taking the train or bus, he could not resist the pioneer urge to walk. Six years ago at the age of 76, Mr. Reynolds was in such a critical state of health he could not walk upstairs, due to serious ailments and advanced years. Here are his own words:

"While three score and ten is the alloted span of life for man, I have entered my five score period — still enjoying the blessing of health and vigor. I can safely say that I owe my last six years' health and happiness to LANG'S MINERAL REMEDY, which meant a new lease of life to me — with new hope and sound health taking the place of misery and despair." Mr. Reynolds is one of those fine old Canadian pioneers whose word is as good as his bond.

Mrs. Richard Irvin writes: "I was afflicted with Arthritis over ten years. For a long period I was unable to walk, and my hands were so crippled I could do nothing to help myself, all treatment having failed. It was a fortunate day for me when a friend told me about LANG'S MINERAL REMEDY. I now walk anywhere and do my own house work. I thank God for the day I heard of this Mineral Remedy. I am 78 years of age."

We do not pretend to claim that Lang's Mineral is any miracle worker. It is simply a product of nature from the earth and our only claim is that the Minerals it contains assist nature through the blood stream in relieving weakness or disease in certain forms, and building new health and vitality, for which the two bona-fide cases quoted above speak for themselves. It has helped a great many and may help you. Lang's Mineral has been used over half a century — simple to us and inexpensive. Several months' treatment is necessary in chronic cases.

Those afflicted with Arthritis, Rheumatism, Stomach Ailments, Kidneys, Nerves, Piles, Colitis, Eczema, Female Ailments, Weakness, Run-down, etc., we will gladly refer you to responsible men and women who have proven the merit of Lang's Mineral Remedy to their own satisfaction. Write us for free information, we don't ask you to buy anything.

Get many a proposal,
But if a girl "offends"
She won't make any friends.

Bath tonight with LIFEBUOY
The ONE soap especially made to prevent "B.O." (Body Odor)

"Price control" Begins to have Real meaning

Island housewives and Island wage-earners are beginning to realize that the words "Price Control" are more than just a war slogan, and that the old adage, 'A penny saved is a penny gained' has a real meaning to all in these disturbing times.

Mrs. Pierre F. Casgrain, liaison officer of the Wartime Price Board Ottawa, and Mr. Stanley Lee of Halifax, Regional Representative of the Board for Nova Scotia, will make informative radio addresses explaining the Dominion Government's battle against inflation, over a Maritime hook-up from Halifax on Thursday night, commencing at 7.15 Atlantic Standard Time.

A few months ago the Federal Government's measures to regulate or freeze the price of consumer goods, attracted but little attention, but since then it has dawned on the man in the street, that he is the person who will be the chief beneficiary from the successful operation of Price Control.

It is expected confidently therefore, that Mrs. Casgrain and Mr. Lee will have a large and alert radio audience on Thursday evening.

Mrs. Casgrain has already paid Charlottetown a visit in connection with her work, and made a fine impression on the representative Island women who had the pleasure of meeting her.

Mr. Stanley Lee is a member of the long established firm of O'Leary and Lee, Halifax, and has been a summer visitor to this province many times in pre-war years. He has a most pleasing personality, and that rarest of all faculties, the one of being a good mixer. Mr. Lee places little store on formality or ceremony, and he meets every man on his own level, and in the same democratic way, whether he happens to be a merchant or a laborer.

Outstanding Program On Air Tonight

Canadian movie goers will have still another chance to get a sneak preview of an outstanding war picture, when tonight's Victory Loan Programme presents the story of "Dangerously They Live", thrilling drama of modern espionage.

The movie, starring John Garfield, Nancy Coleman and Canadian-born Basil Rathbone, deals with the efforts of a ring of Nazi spies in America to obtain information about a convoy known to be sailing soon from Canada to Britain.

Naturally, the hero and heroine are able to forestall the Nazi plans and save the ships. At the same time they turn up with information that enables a squadron of R.C.A.F. bombers to surprise and sink a "wolf pack" of German submarines in the North Atlantic.

Tonight's radio presentation will include all the highlights of the exciting film, which is not due to be released in Canada for some time yet. Under the direction of Rupert Lucas, an all-star cast of Canadian actors may be expected to turn in the same sterling performances that made the first two dramatic shows of the series very successful.

"Dangerously They Live" will go on the air at 11 o'clock tonight over a broad C.B.C. network. The programme should provide just as many thrills as did "Captains of the Clouds" and Target For Tonight", which have already been done on the series, and which have been hailed as two of the finest dramatic performances ever to originate in Canada.

WAR VETERAN DIES

HALIFAX, Feb 22—(CP)—Major Bernard F. Davidson M. C., of Halifax died in hospital today of illness.

A veteran of the First Great War, he went overseas in that conflict with the 40th Battalion as a lieutenant, later transferring to the Royal Montreal Regiment, with which he gained promotion to Major. He was severely wounded.
