SECOND QUARTERLY MEETING OF BOARD OF TRADE

Mr. William Phillips, Industrial Agent, C. N. R., Montreal Gave Interesting Address—Hon. J. H. Myers Interests His Hearers in Splendid Address on Agriculture and Other Matters—Other Speakers—New Members Admitted to the Board.

The second quarterly meeting of the Board of Trade including a supper was held at the Kignoo last evening with Mr. R. J. Cotton, Vice President of the Board presiding. The President Mr. William Phillips, who is at present in Saint John attending the Rotary Convention now going on in that city, before calling the meeting to attention the Chairman announced that Mr. Benjamin Acorn who was present had kindly consented to render a solo. He was loudly cheered in "Bells of the Sea," and in "King of the Main," his rich baritone voice was never heard to better advantage. At the conclusion of the above Mr. Wallace Higgins, Secretary, read the minutes of the previous meeting which were unanimously adopted. The Secretary also read a letter from Mr. W. U. Appleton, General Manager of the Atlantic Region, Canadian National Railway, relative to the Summer Time Table, 1926. Mr. Appleton in his letter advised that the railway officials felt that the increased service for the passenger traffic branch as outlined was efficient but if not the matter would be dealt with at a further date.

Mr. P. W. Clarkin, Chairman of the membership committee read applications from Hon. H. F. McPhee, Messrs. Gregory, Gonzales, A. McLeod, H. C. Bourke, F. B. Clarke. The applications were accepted, seconded by Mr. H. V. Buntain and moved by Mr. J. P. Gordon. Dr. Green who gave two humorous readings which were greatly received.

Mr. PHILLIPS ADDRESS
Mr. William Phillips, Canadian National Railway Industrial agent, Montreal was the speaker of the evening. His address which follows was listened to with the greatest interest. The speaker said:
What I have to say tonight is not intended to reflect unfavorably upon the present production of agriculture in Prince Edward Island. On the contrary, I desire to compliment the Minister of Agriculture and the farmers of your Province for the very excellent showing you are making in agricultural development.
You have been largely interested in the markets of Canada and the United States and my remarks will deal mainly with the possibilities of the export market in a way that gives no representation whatever to the Province. It seems to me that whatever farm produce you may have for export should be placed in the export market directly from your Province, thus enabling you to receive full credit for its production.
I have made several visits to Nova Scotia during the past five or six months, to confer with members of the Provincial Government and other interested parties, in regard to the export of farm products to the Mother Country, such as butter, cheese, eggs, poultry, and other commodities, and am pleased to be able to say that definite steps have been taken by the Provincial authorities to prepare the way for agricultural development.
Upon studying the situation in Nova Scotia, it was found that the port of Halifax did not have a suitable cold storage plant to encourage the development of farm produce, etc. throughout the Province, as well as provide the necessary cold storage facilities for inward and outward ocean traffic, and am very glad to say that arrangements have been made for the construction of a cold storage plant at Halifax to take care of fresh fish, farm produce, potatoes, apples, and other commodities requiring such facilities. This building is being erected by private capital, the contribution of the Railway being to the extent of \$100,000.

Population of Paris Dwindling

PARIS, April 22.—Provisional figures from the census undertaken in March indicate that the population of Paris is declining. The figures show a total population of 2,838,416, which is 25,017 below that for 1921.

BABY PRINCESS OBJECT OF ATTRACTION

LONDON, April 22.—Number 17 Bruton Street, Mayfair, yesterday was the center of attraction for baby worshipping women and girls, who crowded to the spot to view the house in which Great Britain's newest princess was born early yesterday morning to the Duke and Duchess of York. At all social gatherings last night the toast was "The New Baby Princess."
Speculation is rife as to what name will be chosen for the princess. Among the most popular in the minds of the public are Elizabeth, Mary, and Victoria. Elizabeth makes a strong appeal to the popular imagination because of the possibility of the little newcomer some day ascending the throne, thus giving Britain another "Good Queen Bess" and another Elizabeth era.
The physicians in attendance report her strong and healthy and as having a quantity of hair. The christening of the infant is expected to take place in the Chapel Royal at St. James Palace. The godfathers will be King George and the Prince of Wales while the two grandmothers, Queen Mary and the Countess of Strathmore, will be the godmothers.
Nothing concerning the christening, however, has been officially announced.

Crowds View House in Which Great Britain's Newest Princess was Born.

LONDON, April 22.—Number 17 Bruton Street, Mayfair, yesterday was the center of attraction for baby worshipping women and girls, who crowded to the spot to view the house in which Great Britain's newest princess was born early yesterday morning to the Duke and Duchess of York. At all social gatherings last night the toast was "The New Baby Princess."

Nothing concerning the christening, however, has been officially announced.

Russo-German Treaty Nearing Completion

BERLIN, April 22.—The treaty which Russia and Germany have been negotiating since December 1924, represents an important step in safeguarding the peace of Europe and does not represent an alliance between the two countries, it was said here yesterday in authoritative quarters.
The German Foreign Office it was said rejected all suggestions for binding Germany to the east with detriment to her relations with the west and was sought to draw up a treaty that will parallel and complement the Locarno pacts.
The treaty which is now nearing completion does not conflict in any way with Locarno and the League of Nations regulations, according to governmental circles.

FOREST FIRES RAGE IN ATLANTIC STATES

LAKEWOOD, N. J., April 22.—The village of Pleasant Plains, near here was threatened with destruction today when a forest fire got out of control and destroyed twenty of the town's seventy-five homes. All available fire apparatus from nearby towns was rushed to the scene.

French Gov't. To Call Out Reserves

PARIS, April 22.—The French Government has decided to call out for a period of training this year only 3,200 officers and 3,400 men of the reservist contingents subject to call for annual training. The officers and men called represent about one percent of the contingent.
The decision to call only this many is regarded as a concession to the Socialists who oppose calling out the entire contingent.

CASE OF MISS ZION CHURCH DENISE LARDE WELL FILLED BEFORE PROBE LAST NIGHT

Trunks of Parisian Silks Smuggled Into Canada by Means of Mysterious Letter Addressed to Officer Bolger of the Empress of France.
OTTAWA, April 22.—An elusive letter said to have been an open sesame for Miss Denise Larde and her trunks of Parisian silks, as far as the Canadian Customs were concerned, evaded the committee which is investigating Customs administration this morning.
Search for this letter was conducted by R. L. Calder, K. C., Redeemer, and other old familiar counsel for the committee. He placed former Customs Officer Bolger who was in charge of the examination of the Empress of France when Miss Larde arrived in Canada, on the witness stand and pressed him to give the committee some information about the letter. The witness denied ever receiving such a document.
Mr. Calder then read an affidavit from Miss Denise Larde declaring that after the vessel had left Father Point on its way to Quebec a letter addressed to officer Bolger was handed to her. This letter according to her declaration she had given to Bolger who did not have the trunk opened. He had given instructions to his assistant and the trunks were passed without examination.
Still Bolger insisted that he had received no letter. He adhered to his story that Miss Larde had told him that the trunks contained her own personal apparel, and that he had ordered his assistant to verify the statement.
W. F. Wilson, Chief Preventive Officer told of unsuccessful efforts made to find the letter. He said that the goods seized from Miss Larde were appraised at \$673.75. This amount did not include a number of garments to have been disposed of by Miss Larde before the seizure.
Mr. Wilson informed the committee that Miss Larde had paid \$1,500 as a deposit on account of duty when the goods were released. The duty which was represented as known as "Elise's Port" had been asked to remit the remainder of the amount due, \$1,347.
Thus far it had not been done and attempts were being made to collect the money from Miss Larde.

Princess Saves Baron's Life

(Canadian Press)
PARIS, April 22.—The Prince of Wales saved the life of Baron Palaminy, a fellow huntsman, with the Pau hounds according to a message received today from Biarritz.
He was being dragged along the ground by his runaway horse followed the chase, when Wales caught the animal.

BUDGET DEBATE IN PROGRESS AT OTTAWA

(Special to the Guardian)
OTTAWA, April 22.—Three members of the Commons carried on the Budget discussions in today's short session, Charles Maclellan (Liberal), Bonaventure, C. H. Dickie (Conservative), Manning, and George Spence (Liberal), Maple Creek. At the 6 o'clock adjournment hon. Edmund Bristol, Toronto, Conservative, moved the adjournment, and will take up the debate tomorrow.
In essence, today's contribution to Hansard constituted a complete endorsement of the Robb budget by Mr. Maclellan, a criticism of the automobile tariff move along the lines of the Conservative policy by Mr. Dickie and a presentation of the needs of Western Canada agriculture with demand for a policy of market expansion, by Mr. Spence.
According to estimates of parliamentarians, the Budget debate will last until the holiday break at the 24th of May. It will wind up in customary way with the speeches of Right Hon. Arthur Meighen and Premier King and then the vote will be taken first on the amendment and then on the motion to go into committee of Ways and Means.
Nobody at present anticipates any directions from party ranks when the House divides.

No Diversion to Atlantic Ports Expected

QUEBEC, April 22.—Though none of the steamers which are due to conclude their first trips of the season to the St. Lawrence ports have actually entered the Gulf of St. Lawrence as yet, according to latest reports from the signal service in Quebec, no diversions to ports on the Atlantic Coast are expected.
The entire body of recruits from the State police training school in Trenton today joined hands with volunteer state fire wardens and troopers in the herculean struggle against the forest fires that have been raging through the pine hills and cedar swamps of Ocean County for nearly two days and two nights.

C. G. S. MONTCALM PAYS VISIT

US IN FORMAL VISIT
Steamer Battles Her Way to Port, But is Forced to Leave Without Docking to go to Relief of Steamer Mikula.
Once again the familiar and anxiously awaited sound of ailing Soursis steamer's horn was heard in the harbor yesterday when crowds lined the different piers along the water front to welcome the C. G. S. Montcalm as she steamed majestically up the river churning the ice beneath her as she ploughed her merry way along.
For several days the Montcalm had been trying to force her way through the ice in an attempt to reach this port. She left the Magdalenes early in the week, ing ice conditions on this course.

COAL OWNERS AND MINERS EXECUTIVE FAIL TO AGREE

Government Coal Subsidy And Present Scale of Wages End Within Nine Days—Miners Association Firm on Wages Stand.
LONDON, April 22.—A conference of the coal owners and the Miners Executive, called this morning to find a basis for settlement of the dispute over wages, ended in a deadlock.
The government coal subsidy which has made possible the maintenance of the present scale of wages will end within nine days. The failure of today's meeting indicates that outside influences must be brought to bear to find out of the difficulty.
According to a statement issued by A. J. Cook, the miners leader, the owners declared they were prepared to adopt certain principles to concur with the miners agreements but that wages must be based on the economic capacity of the districts affected.
He added that the owners refused to disclose the rates of wages and the conditions to be applied in the districts and definitely declared they would not discuss with the National Miners Executive any minimum percentage to be applied nationally.
Mr. Cook said the owners would not discuss the whole question of wages and conditions nationally and would post at the pit heads proposals the men could work under from May 1st.
Secretary Lee, of the Mining Association, in a statement regarding the conference said the miners had made it clear that they were unprepared to negotiate except on the basis of a uniform national percentage instead of agreeing to the recommendations of the government's coal commission, and that they still stood on the ground that they would not agree to a reduction in wages at any time.

Hindus And Moslems Clash, Two Killed

(Canadian Press)
CALCUTTA, April 22.—Two Moslems were killed and thirteen injured today in a conflict with the police following a riot between Moslems and Hindus.
Members of the two sects came together when a rumor was circulated that Hindus had killed two Moslems. Several Hindus were injured by brick bats thrown by the Moslems bent on taking vengeance for the supposed deaths of their fellows.
The police intervened and quelled the rioting.

Ex-Guardsman Headed For Hollywood

(Canadian Press)
SAN FRANCISCO, April 22.—Liu Ching who is 8 1/2 feet high and weighs 400 pounds is headed for Hollywood and the movies. He was formerly an Imperial Guard at Peking.
Gets Seat on Stock Exchange
(Canadian Press)
NEW YORK, April 22.—Frank A. Vachie, son of an Italian immigrant and a page for the New York Stock Exchange at 14 is shortly to become a member at 24. His employers have bought him a seat for \$135,000.

All Steel Tug Launched In Toronto

(Canadian Press)
TORONTO, April 22.—An all-steel tug "Templeton" built here, was launched yesterday. This is the first one of its kind and is equipped with a 240 horse power Diesel oil engine. It will be used to haul logs on the Ottawa River.
The Templeton is the largest steel tug ever built for use in inland waters. It is 75 feet long with a 17 foot beam.

Upholds Right Of Husband To Smoke In Bed

(Canadian Press)
NEW YORK, April 22.—In a domestic case, Magistrate Folwell, upheld the right of a husband to smoke in bed.
The case involved a woman who insisted that the Board cannot investigate anything of its own initiative, but can only deal with matters referred to by the Financial Minister.

SHOOTS WIFE IN A FIT OF JEALOUSY

(Canadian Press)
MONTREAL, April 22.—"Here is the gun. I just shot her with it and I will speak when the time comes," said Armand Potras handing an automatic revolver to a policeman who had been summoned by telephone to the Potras home here today.
When the officers entered the house Potras led them to a room where Mrs. Potras, 28, his wife, was lying on the floor in a pool of blood. In the back of the dwelling crouched Roger, seven-year-old Madeline, five children of the dead woman. They appeared to be terrified and the police were unable to get anything from them.
When killed the woman had apparently been sitting in front of a fireplace. She was shot from close range through the forehead and had fallen off her chair and rolled on the floor.
According to detectives Potras was insanely jealous of a police constable who had visited the house on several occasions during the last week to investigate the theft of his wife's diamond ring.
