### ONE COMMON CAUSE OF HEADACHE.

Perhaps the most general cause of headache and pain across the eyes is nasal catarrh. The simplest cure is to inhale the medicated vapor of Catarrhoxone which traverses every air cell and air passage of the throat, lungs and nose. It kills myriads of germs at every breath, clears away mucous discharges, preserves and heals the membrane. Catarrhoxone is just a splendid remedy for headache, and its action is certain and unfailing in diseases of the Throat and Lungs, Deafness, Bronchitis, Asthma and Catarrh. A trial will convince the most sceptical that Catarrhoxone is all right. Large size, \$1.00; trial size 25c. Druggists, or Polson & Co., Kings on, Ont.

### OF PARTICULAR INTEREST TO FARMERS.

As a rule when farmers want pedigree in stock they look to a farmer that has made a specialty of raising high grade first class stock, and when they require vegetable and flower seeds and plants, they do not rush off to any wayside grocery store for them, but they go direct to J. J. Gay & Son, the most extensive growers of vegetables and plants in this province. And they naturally conclude that men with such extensive and practical experience as Gay & Son have had are the men to buy their seeds from; this partly explains why they have such a large retail trade in this line.

It is all very well for merchants in other lines to advertise that they have imported a selected variety of vegetable and flower seeds, and that their seeds grow, but we are many steps higher on the ladder of practical experience; our seeds not only grow but by many years of patient toil and anxious care coaxing mother earth to do her best, we are in a position to know almost to a certainty what particular variety of seed is adapted to our climate, and we sell only those seeds.—J. J. Gay & Son, Charlottetown and East end of market. 20 Tu, Fr. & w 2w
