**CHINA CAN BREATHE AGAIN!**

PHIL JORDAN, correspondent for the London News-Chronicle, has seen more of the war than any other newspaperman in the world. In October, 1939, he went to France, then to the Middle East, returning to England to cover the Battle of Britain. Two weeks after the German army crossed the Russian frontier, Jordan flew to Moscow. Sent to Burma, he arrived in Rangoon one week ahead of the Japs, and was then called to India to cover the mission of Sir Stafford Cripps.

Mr. Jordan is a contributor to the New York Times, Life, Collier's and author of a book: "Russia at War".

**BY PHILIP JORDAN**

London (By cable)—In this war I've visited 17 countries and the commodity I found common to them all is the General Motors mechanized transport. I paid my first visit to No-Man's-Land beyond the famous Maginot Line in a Chevrolet. I drove to the Russian Front in one, and watched it taking back the wounded. In another I escaped from Rangoon just one step ahead of the Japs.

I was the first war correspondent to set foot in the western desert of Egypt, and again it was a Chevrolet that laughed at the worst roads in the world outside of Russia, where they rely for victory, let me tell you, as much on the factories of their allies as on their own production. They need trucks that will stand up under road conditions you've never imagined.

In the mountains of Persia the new Polish legions from Russia use them to make the long trek to the railhead that takes them toward the Middle East.

In the great port of Basra, on the Persian Gulf, through which urgently needed Allied supplies flow to Russia, I've seen camouflaged trucks as thick as cornstalks in the fields at harvest time. You see them from one end of the Iraq desert to the other. You find them in the heart of the Belgian Congo. At this moment there is a stream of them taking supplies along the new road from India to China. More than 100,000 labourers have built that secret road in a few months, so that absolutely vital supplies can be sent to our Chinese allies as regularly as before the Japs cut the Burma Road.

I saw this miracle road being hacked through jungle, and slashed through malarial forests, like a conjuror eating coloured ribbons. Each morning a flock of Chevrolets brought up labour and materials, and later they carried guns, shells, airplane parts, gas, grenades and medical supplies. Because of these trucks China can breathe again. And what is saving China will help to save the whole world of decent men.

This direct, personal cable from one of the most widely-travelled correspondents covering the many war fronts, pays a great tribute to the workers in Canada who are so energetically supporting their fighting brothers overseas. In General Motors plants the morale of thousands

Men in factories are as important as men in the front lines. That is the first lesson I learned in this war. Transport means as much as guns, for this is a war of Machines. Without trucks to supply the fighting men in never-ending streams, the war would be lost.

**CANADIAN-BUILT GENERAL MOTORS WAR PRODUCTS ARE SERVING IN EVERY THEATRE OF WAR**

**A Job Only You Can Do**

Price Control Questions And Answers

Questions and answers on Price Control will appear in The Guardian as a regular feature each day. The questions are those which have reached the Wartime Prices and Trade Board from housewives in this region. The answers are provided by the Board. Readers who have intelligent questions to ask on price control are invited to send them in writing to the Women's Regional Advisory Committee of the Wartime Prices and Trade Board, Chappell Building, Charlottetown.

**WOODEN BUS**

A new wooden bus trailer, used in Washington, to carry war workers, holds 141 persons and weighs less than a standard 40-passenger bus.

**BONSHAW W. M. S. MEETING**

The December meeting of the United Church W. M. S. was held at the home of Mr. and Mrs. Hector McNevin on the evening of Dec. 14th. The President, Mrs. Geddie McLeod, conducted the devotional and business periods. Meeting opened by singing Silent Night, Mrs. L. T. Beaton organist, followed by roll call and reading of minutes of previous meeting by Sec'y, Mrs. F. Shaw. A letter of thanks from Mr. Jim McLean, St. John's Nfld., was read in which he expressed his deep appreciation of the gift of a Christmas box from this Society. Mrs. Stephen McLeod reports that bill for dishes had been paid. The Treasurer, Mrs. Hector McNevin gave a most encouraging report of the finances for the past year. It was a banner year. Sec'y reported twelve regular meetings held and five members had attended all meetings and several missed but one meeting. Friendship Sec'y, Mrs. J. Boyce reported five home and four special visits during the month.

The following officers were elected for the year 1943. Pres. Mrs. Stephen McLeod. Vice-Pres. Mrs. Avel Salmund, (re-elected). Rec. Sec'y, Mrs. Fred Shaw (re-elected). Treasurer, Mrs. Hector McNevin (re-elected). Stewardship Sec'y, Mrs. A. B. McLeod (re-elected). Friendship Sec'y, Mrs. James Boyce (re-elected). Missionary Monthly Sec'y, Mrs. John MacPhail (re-elected). Temperance Sec'y, Mrs. Geddie McLeod. Associate Helpers—Stirling McLeod. Press and Literature, Mrs. Neil Ferguson. Organist, Mrs. L. T. Beaton.

The beautiful candlelight service as outlined in the Missionary Monthly was carried out in a very impressive manner every member taking part. Mrs. Geddie McLeod and Mrs. L. T. Beaton were appointed delegates to the Presbyterial to be held at Kensington. Meeting closed with prayer and the National Anthem. At the close of the meeting a social hour was enjoyed, refreshments were served by the hostesses assisted by Mrs. McKenzie and Mrs. Stephen McLeod. Next meeting to be held at the home of Mr. and Mrs. Stewart McNevin.

Minard's relieves sprains.

**GRAPHITE IN HEAT**

Colloidal graphite, used for lubrication and protection of certain types of tools, will withstand heat that oil cannot endure.
